(c) Notice to a complainant;

(d) Notice to a respondent of the allegations filed against him or her in the complaint;

ballots become available and the Division of Elections is able to certify systems that provide them. Whenever possible, such forms, with the exception of vote-by-mail ballots, shall be made available by the Department of State via the Internet. Sections that contain such forms include, but are not limited to, ss. 97.051, 97.052, 97.053, 97.057, 97.058, 97.0583, 97.071, 97.073, 97.1031, 98.075, 99.021, 100.361, 100.371, 101.045, 101.171, 101.20, 101.6103, 101.62, 101.64, 101.65, 101.657, 105.031, 106.023, and 106.087.

97.028 Procedures on complaints of violations of Title III of the Help America Vote Act of 2002.

(1)(a) Any person who believes that a violation of Title III of the Help America Vote Act of 2002 has occurred, is occurring, or is about to occur may file a complaint with the department.

(b) The complaint must be in writing and must be signed and sworn to before a notary by the person filing the complaint. Further, the complaint must state the alleged violation and the person or entity responsible for the violation. The department shall prescribe the form for complaints filed under this section. If the department determines that the complaint fails to allege both a violation and a person or entity responsible for the violation, or that the complaint is not properly executed, the department shall inform the complainant in writing that the complaint is legally insufficient.

(c) For purposes of this section, a violation of Title III of the Help America Vote Act of 2002 is the failure to perform an act required or the performance of an act prohibited by Title III of the Help America Vote Act of 2002 by a covered person or entity.

(d) The department shall have sole jurisdiction over complaints filed under the provisions of this section.

(e) This section provides the sole avenue of redress for alleged violations of Title III of the Help America Vote Act of 2002 and does not give rise to any other cause of action.

(f) The department may consolidate complaints filed under this section.

(g) All proceedings under this section are exempt from chapter 120.

(2)(a) When a legally sufficient complaint is filed with the department, the agency head shall designate a hearing officer who shall:

1. Provide the subject of the complaint with a copy of the complaint. The subject of the complaint shall, within 10 days after receipt of the complaint, file with the department a written, sworn response to the complaint.

2. Upon receipt of the response, the hearing officer shall review both sworn filings to determine whether a violation of Title III of the Help America Vote Act of 2002 has occurred, is occurring, or is about to occur. The complaint and the response shall constitute the official hearing record to be considered by the hearing officer. The hearing officer shall provide the complainant with a copy of the response.

3. At the hearing officer's discretion, the complainant and the respondent may be ordered by the hearing officer to provide additional sworn oral or written statements or additional documents to assist the hearing officer in making his or her determination. Further, other relevant witnesses may also be ordered by the hearing officer to give sworn testimony or to provide relevant documents to assist the hearing officer in making his or her determination. Any such statements or documents received by the hearing officer shall also become part of the official hearing record. For purposes of this section, the hearing officer is authorized to administer oaths and to issue subpoenas.

4. The hearing officer shall advise both the complainant and respondent in writing of their determination. If the hearing officer determines that no violation has occurred, is occurring, or is about to occur, the department shall dismiss the complaint and publish its determination. If the hearing officer determines that a violation of Title III of the Help America Vote Act has occurred, is occurring, or is about to occur, the department shall issue and deliver an order directing the appropriate remedy to persons responsible for effecting such remedy. The issuance of an order does not constitute agency action for which a hearing under s. 120.569 or s. 120.57 may be sought. For purposes of enforcing the order, the department may initiate a proceeding in the name of the state seeking issuance of an injunction, a writ of mandamus, or other equitable remedy against any person who violates any provision of such order.

5. The department shall make a final determination with respect to the complaint within 90 days after the date that the complaint was filed, unless the complainant consents to a longer period for making such a determination.

(b) If the department fails to meet the deadline established in subparagraph (a)5., the complaint shall be forwarded to mediation. Mediation shall occur within 60 days after the department's failure to make a determination within the timeframe established in subparagraph (a)5. The record created under this section shall be made available for use in the mediation.

97.029 Civil actions challenging the validity of election laws.

(1) In a civil action challenging the validity of a provision of the Florida Election Code in which a state or county agency or officer is a party in state or federal court, the officer, agent, official, or attorney who represents or is acting on behalf of such agency or officer may not settle such action, consent to any condition, or agree to any order in connection therewith if the settlement, condition, or order nullifies, suspends, or is in conflict with any provision of the Florida Election Code, unless:

(a) At the time settlement negotiations have begun in earnest, written notification is given to the President of the Senate, the Speaker of the House of Representatives, and the Attorney General.

(b) Any proposed settlement, consent decree, or order that is proposed or received and would nullify, suspend, or conflict with any provision of the Florida Election Code is promptly reported in writing to the President of the Senate, the Speaker of the House of Representatives, and the Attorney General.

(c) At least 10 days before the date a settlement or presettlement agreement or order is to be made final, written notification is given to the President of the Senate, the Speaker of the House of Representatives, and the Attorney General.

(2) If any notification required by this section is precluded by federal law, federal regulation, court order, or court rule, the officer, agent, official, or attorney representing such agency or officer, or the Attorney General, shall challenge the constitutionality of such preclusion in the civil suit affected and give prompt notice thereof to the President of the Senate, the Speaker of the House of Representatives, and the Attorney General.

(3) If, after a court has entered an order or judgment that nullifies or suspends, or orders or justifies official action that is in conflict with, a provision of the Florida Election Code, the Legislature amends the general law to remove the invalidity or unenforceability, the officer, agent, official, or attorney who represents or is acting on behalf of the agency or officer bound by such order or judgment must promptly after such amendment of the general law move to dismiss or otherwise terminate any ongoing jurisdiction of such case.

97.0525 Online voter registration.

- (1) An applicant may submit an online voter registration application using the procedures set forth in this section.

(2) The division shall establish and maintain a secure Internet website that safeguards an applicant's information to ensure data integrity and permits an applicant to:

(a) Submit a voter registration application, including first-time voter registration applications and updates to current voter registration records.

(b) Submit information necessary to establish an applicant's eligibility to vote, pursuant to s. 97.041, which includes the information required for the uniform statewide voter registration application pursuant to s. 97.052(2).

(c) Swear to the oath required pursuant to s. 97.051.

(3)(a) The online voter registration system shall comply with the information technology security provisions of s. 282.318 and shall use a unique identifier for each applicant to prevent unauthorized persons from altering a voter's registration information.

(b) The division shall conduct a comprehensive risk assessment of the online voter registration system every 2 years. The comprehensive risk assessment must comply with the risk assessment methodology developed by the Department of Management Services for identifying security risks, determining the magnitude of such risks, and identifying areas that require safeguards. In addition, the comprehensive risk assessment must incorporate all of the following:

1. Load testing and stress testing to ensure that the online voter registration system has sufficient capacity to accommodate foreseeable use, including during periods of high volume of website users in the week immediately preceding the book-closing deadline for an election.

2. Screening of computers and networks used to support the online voter registration system for malware and other vulnerabilities.

3. Evaluation of database infrastructure, including software and operating systems, in order to fortify defenses against cyberattacks.

4. Identification of any anticipated threats to the security and integrity of data collected, maintained, received, or transmitted by the online voter registration system.

(4)(a) The online voter registration system shall compare the Florida driver license number or Florida identification number submitted pursuant to s. 97.052(2)(n) with information maintained by the Department of Highway Safety and Motor Vehicles to confirm that the name and date of birth on the application are consistent with the records of the Department of Highway Safety and Motor Vehicles.

(b) If the applicant's name and date of birth are consistent with the records of the Department of Highway Safety and Motor Vehicles, the online voter registration system shall transmit, using the statewide voter registration system maintained pursuant to s. 98.035, the applicant's registration application, along with the digital signature of the applicant on file with the Department of Highway Safety and Motor Vehicles, to the supervisor of elections. The applicant's digital signature satisfies the signature requirement of s. 97.052(2)(q).

(c) If the applicant's name and date of birth cannot be verified by the records of the Department of Highway Safety and Motor Vehicles, or if the applicant indicated that he or she has not been issued a Florida driver license or Florida identification card, the online voter registration system shall populate the applicant's information into a printable voter registration application pursuant to s. 97.052(2) and direct the applicant to print, sign, and date the application and deliver the application to the supervisor of elections for disposition pursuant to s. 97.073.

(5) Upon submission of a completed online voter registration application, the website must generate an immediate electronic confirmation that the supervisor of elections has received the application and provide instructions regarding the ability of a registrant to check the status of the application thereafter.

(6) Except as otherwise provided in this section, the supervisor of elections shall process the application pursuant to s. 97.053.

(7) The online voter registration system must conform to nationally accepted standards for accessibility for individuals with disabilities, including s. 508 of the Rehabilitation Act of 1973, s. 255 of the Telecommunications Act of 1996, and the Web Content Accessibility Guidelines of the World Wide Web Consortium, to ensure equal access for voters with disabilities.

(8) A legal distinction may not be made between online voter registration under this section and voter registration in person, by mail, or by other methods provided by general law.

History.—s. 1, ch. 2015-36; s. 15, ch. 2019-118; s. 4, ch. 2021-11.

97.053 Acceptance of voter registration applications.

(1) Voter registration applications, changes in registration, and requests for a replacement voter information card must be accepted in the office of any supervisor, the division, a driver license office, a voter registration

agency, or an armed forces recruitment office when hand delivered by the applicant or a third party during the hours that office is open or when mailed.

(2) A voter registration application is complete and becomes the official voter registration record of that applicant when all information necessary to establish the applicant's eligibility pursuant to s. 97.041 is received by a voter registration official and verified pursuant to subsection (6). If the applicant fails to complete his or her voter registration application prior to the date of book closing for an election, then such applicant shall not be eligible to vote in that election.

(3) The registration date for a valid initial voter registration application that has been hand delivered is the date that the application is received by a driver license office, a voter registration agency, an armed forces recruitment office, the division, or the office of any supervisor in the state.

(4) The registration date for a valid initial voter registration application that has been mailed to a driver license office, a voter registration agency, an armed forces recruitment office, the division, or the office of any supervisor in the state and bears a clear postmark is the date of that postmark. If an initial voter registration application that has been mailed does not bear a postmark or if the postmark is unclear, the registration date is the date the application is received by any supervisor or the division, unless it is received within 5 days after the closing of the books for an election, excluding Saturdays, Sundays, and legal holidays, in which case the registration date is the book-closing date.

(5)(a) A voter registration application is complete if it contains the following information necessary to establish the applicant's eligibility pursuant to s. 97.041, including:

1. The applicant's name.
2. The applicant's address of legal residence, including a distinguishing apartment, suite, lot, room, or dormitory room number or other identifier, if appropriate. Failure to include a distinguishing apartment, suite, lot, room, or dormitory room or other identifier on a voter registration application does not impact a voter's eligibility to register to vote or cast a ballot, and such an omission may not serve as the basis for a challenge to a voter's eligibility or reason to not count a ballot.
3. The applicant's date of birth.

4. A mark in the checkbox affirming that the applicant is a citizen of the United States.

- 5.a. The applicant's current and valid Florida driver license number or the identification number from a Florida identification card issued under s. 322.051, or

- b. If the applicant has not been issued a current and valid Florida driver license or a Florida identification card, the last four digits of the applicant's social security number.

In case an applicant has not been issued a current and valid Florida driver license, Florida identification card, or social security number, the applicant shall affirm this fact in the manner prescribed in the uniform statewide voter registration application.

6. A mark in the checkbox affirming that the applicant has not been convicted of a felony or that, if convicted, has had his or her voting rights restored.

7. A mark in the checkbox affirming that the applicant has not been adjudicated mentally incapacitated with respect to voting or that, if so adjudicated, has had his or her right to vote restored.

8. The original signature or a digital signature transmitted by the Department of Highway Safety and Motor Vehicles of the applicant swearing or affirming under the penalty for false swearing pursuant to s. 104.011 that the information contained in the registration application is true and subscribing to the oath required by s. 3, Art. VI of the State Constitution and s. 97.051.

(b) An applicant who fails to designate party affiliation must be registered without party affiliation. The supervisor must notify the voter by mail that the voter has been registered without party affiliation and that the voter may change party affiliation as provided in s. 97.1031.

(6) A voter registration application, including an application with a change in name, address, or party affiliation, may be accepted as valid only after the department has verified the authenticity or nonexistence of the driver license number, the Florida identification card number, or the last four digits of the social security number provided by the applicant. If a completed voter registration application has been received by the book-closing deadline but the driver license number, the Florida identification card number, or the last four digits of the social security number provided by the applicant cannot be verified, the applicant shall be notified that the number cannot be verified and that the applicant must provide evidence to the supervisor sufficient to verify the authenticity of the applicant's driver license number, Florida identification card number, or last four digits of the social security number. If the applicant provides the necessary evidence, the supervisor shall place the applicant's name on the registration rolls as an active voter. If the applicant has not provided the necessary evidence or the number has not otherwise been verified prior to the applicant presenting himself or herself to

vote, the applicant shall be provided a provisional ballot. The provisional ballot shall be counted only if the number is verified by the end of the canvassing period or if the applicant presents evidence to the supervisor of elections sufficient to verify the authenticity of the applicant's driver license number, Florida identification card number, or last four digits of the social security number no later than 5 p.m. of the second day following the election.

(7) All voter registration applications received by a voter registration official shall be entered into the statewide voter registration system within 13 days after receipt. Once entered, the application shall be immediately forwarded to the appropriate supervisor of elections.

History.—s. 11, ch. 94-224; s. 27, ch. 97-13; s. 5, ch. 98-129; s. 4, ch. 2003-415; s. 5, ch. 2005-277; s. 6, ch. 2005-278; s. 13, ch. 2007-30; s. 3, ch. 2008-95; s. 2, ch. 2016-23; s. 22, ch. 2019-162; s. 15, ch. 2020-2; s. 5, ch. 2021-11.

97.0535 Special requirements for certain applicants.

(1) Each applicant who registers by mail and who has never previously voted in the state and who the department has verified has not been issued a current and valid Florida driver license, Florida identification card, or social security number shall be required to provide a copy of a current and valid identification, as provided in subsection (3), or indicate that he or she is exempt from the requirements prior to voting. Such identification or indication may be provided at the time of registering, or at any time prior to voting for the first time in the state. If the voter registration application clearly provides information from which a voter registration official can determine that the applicant meets at least one of the exemptions in subsection (4), the voter registration official shall make the notation on the registration records of the statewide voter registration system and the applicant shall not be required to provide the identification required by this section.

(2) The voter registration official shall, upon accepting the voter registration application submitted pursuant to subsection (1), determine if the applicant provided the required identification at the time of registering. If the required identification was not provided, the supervisor shall notify the applicant that he or she must provide the identification prior to voting the first time in the state.

(3)(a) The following forms of identification shall be considered current and valid if they contain the name and photograph of the applicant and have not expired:

1. United States passport.
2. Debit or credit card.
3. Military identification.
4. Student identification.
5. Retirement center identification.
6. Neighborhood association identification.

(b) The name and address of the organization's registered agent in the state.

(c) The names, permanent addresses, and temporary addresses, if any, of each registration agent registering persons to vote in this state on behalf of the organization. This paragraph does not apply to persons who only solicit applications and do not collect or handle voter registration applications.

(2) The division or the supervisor of elections shall make voter registration forms available to third-party voter registration organizations. All such forms must contain information identifying the organization to which the forms are provided. The division shall maintain a database of all third-party voter registration organizations and the voter registration forms assigned to the third-party voter registration organization. Each supervisor of elections shall provide to the division information on voter registration forms assigned to and received from third-party voter registration organizations. The information must be provided in a format and at times as required by the division by rule. The division must update information on third-party voter registrations daily and make the information publicly available.

(3)(a) A third-party voter registration organization that collects voter registration applications serves as a fiduciary to the applicant, ensuring that any voter registration application entrusted to the organization, irrespective of party affiliation, race, ethnicity, or gender, must be promptly delivered to the division or the supervisor of elections in the county in which the applicant resides within 14 days after the application was completed by the applicant, but not after registration closes for the next ensuing election. A third-party voter registration organization must notify the applicant at the time the application is collected that the organization might not deliver the application to the division or the supervisor of elections in the county in which the applicant resides in less than 14 days or before registration closes for the next ensuing election and must advise the applicant that he or she may deliver the application in person or by mail. The third-party voter registration organization must also inform the applicant how to register online with the division and how to determine whether the application has been delivered. If a voter registration application collected by any third-party voter registration organization is not promptly delivered to the division or supervisor of elections in the county in which the applicant resides, the third-party voter registration organization is liable for the following fines:

1. A fine in the amount of \$50 for each application received by the division or the supervisor of elections in the county in which the applicant resides more than 14 days after the applicant delivered the completed voter registration application to the third-party voter registration organization or any person, entity, or agent acting on its behalf. A fine in the amount of \$250 for each application received if the third-party voter registration organization or person, entity, or agency acting on its behalf acted willfully.

2. A fine in the amount of \$100 for each application collected by a third-party voter registration organization or any person, entity, or agent acting on its behalf, before book closing for any given election for federal or state office and received by the division or the supervisor of elections in the county in which the applicant resides after the book-closing deadline for such election. A fine in the amount of \$500 for each application received if the third-party registration organization or person, entity, or agency acting on its behalf acted willfully.

3. A fine in the amount of \$500 for each application collected by a third-party voter registration organization or any person, entity, or agent acting on its behalf, which is not submitted to the division or supervisor of elections

in the county in which the applicant resides. A fine in the amount of \$1,000 for any application not submitted if the third-party voter registration organization or person, entity, or agency acting on its behalf acted willfully.

The aggregate fine pursuant to this paragraph which may be assessed against a third-party voter registration organization, including affiliate organizations, for violations committed in a calendar year is \$1,000.

(b) A showing by the third-party voter registration organization that the failure to deliver the voter registration application within the required timeframe is based upon force majeure or impossibility of performance shall be an affirmative defense to a violation of this subsection. The secretary may waive the fines described in this subsection upon a showing that the failure to deliver the voter registration application promptly is based upon force majeure or impossibility of performance.

(4) If the Secretary of State reasonably believes that a person has committed a violation of this section, the secretary may refer the matter to the Attorney General for enforcement. The Attorney General may institute a civil action for a violation of this section or to prevent a violation of this section. An action for relief may include a permanent or temporary injunction, a restraining order, or any other appropriate order.

(5) The division shall adopt by rule a form to elicit specific information concerning the facts and circumstances from a person who claims to have been registered to vote by a third-party voter registration organization but who does not appear as an active voter on the voter registration rolls. The division shall also adopt rules to ensure the integrity of the registration process, including controls to ensure that all completed forms are promptly delivered to the division or a supervisor in the county in which the applicant resides.

(6) The date on which an applicant signs a voter registration application is presumed to be the date on which the third-party voter registration organization received or collected the voter registration application.

(7) The requirements of this section are retroactive for any third-party voter registration organization registered with the department on the effective date of this act, and must be complied with within 90 days after the department provides notice to the third-party voter registration organization of the requirements contained in this section. Failure of the third-party voter registration organization to comply with the requirements within 90 days after receipt of the notice shall automatically result in the cancellation of the third-party voter registration organization's registration.

98.035 Statewide voter registration system; implementation, operation, and maintenance.

(1) The Secretary of State, as chief election officer of the state, shall be responsible for implementing, operating, and maintaining, in a uniform and nondiscriminatory manner, a single, uniform, official, centralized, interactive, computerized statewide voter registration system as required by the Help America Vote Act of 2002. The department may adopt rules to administer this section.

The system shall enable voter registration officials to provide, access, and update voter registration information.

(3) The department may not contract with any other entity for the operation of the statewide voter registration system.

(4) The implementation of the statewide voter registration system shall not prevent any supervisor of elections from acquiring, maintaining, or using any hardware or software necessary or desirable to carry out the supervisor's responsibilities related to the use of voter registration information or the conduct of elections, provided that such hardware or software does not conflict with the operation of the statewide voter registration system.

History.—s. 17, ch. 2005-278.

98.045 Administration of voter registration.

(1) **ELIGIBILITY OF APPLICANT.**—The supervisor must ensure that any eligible applicant for voter registration is registered to vote and that each application for voter registration is processed in accordance with law. The supervisor shall determine whether a voter registration applicant is ineligible based on any of the following:

(a) The failure to complete a voter registration application as specified in s. 97.053.

(b) The applicant is deceased.

(c) The applicant has been convicted of a felony for which his or her voting rights have not been restored.

(h) The applicant has provided an address of legal residence that is not his or her legal residence.

(i) The applicant has provided a driver license number, Florida identification card number, or the last four digits of a social security number that is not verifiable by the department.

(2) **REMOVAL OF REGISTERED VOTERS.**—

(a) Once a voter is registered, the name of that voter may not be removed from the statewide voter registration system except at the written request of the voter, by reason of the voter's conviction of a felony or adjudication as mentally incapacitated with respect to voting, by death of the voter, or pursuant to a registration list maintenance activity conducted pursuant to s. 98.065 or s. 98.075.

(b) Information received by a voter registration official from an election official in another state indicating that a registered voter in this state has registered to vote in that other state shall be considered as a written request from the voter to have the voter's name removed from the statewide voter registration system.

(3) **PUBLIC RECORDS ACCESS AND RETENTION.**—Each supervisor shall maintain for at least 2 years, and make available for public inspection and copying, all records concerning implementation of registration list maintenance programs and activities conducted pursuant to ss. 98.065 and 98.075. The records must include lists of the name and address of each person to whom a notice was sent and information as to whether each such person responded to the mailing, but may not include any information that is confidential or exempt from public records requirements under this code.

(4) **STATEWIDE ELECTRONIC DATABASE OF VALID RESIDENTIAL STREET ADDRESSES.**—

(a) The department shall compile and maintain a statewide electronic database of valid residential street addresses from the information provided by the supervisors of elections pursuant to s. 98.015. The department shall evaluate the information provided by the supervisors of elections to identify any duplicate addresses and any address that may overlap county boundaries.

(b) The department shall make the statewide database of valid street addresses available to the Department of Highway Safety and Motor Vehicles as provided in s. 97.057(10). The Department of Highway Safety and Motor Vehicles shall use the database for purposes of validating the legal residential addresses provided in voter registration applications received by the Department of Highway Safety and Motor Vehicles.

(5) **FORMS.**—The department may prescribe by rule forms necessary to conduct maintenance of records in the statewide voter registration system.

History.—s. 26, ch. 94-224; s. 36, ch. 97-13; s. 2, ch. 2002-17; s. 7, ch. 2003-415; s. 9, ch. 2005-277; s. 18, ch. 2005-278; s. 23, ch. 2019-162.

98.065 Registration list maintenance programs.

(1) The supervisor must conduct a general registration list maintenance program to protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records in the statewide voter registration system. The program must be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965, the National Voter Registration Act of 1993, and the Help America Vote Act of 2002. As used in this subsection, the term “nondiscriminatory” applies to and includes persons with disabilities.

(2) A supervisor must incorporate one or more of the following procedures in the supervisor’s biennial registration list maintenance program under which:

(a) Change-of-address information supplied by the United States Postal Service through its licensees is used to identify registered voters whose addresses might have changed;

(b) Change-of-address information is identified from returned nonforwardable return-if-undeliverable mail sent to all registered voters in the county; or

(c) Change-of-address information is identified from returned nonforwardable return-if-undeliverable address confirmation requests mailed to all registered voters who have not voted in the last 2 years and who did not make a written request that their registration records be updated during that time.

(3) A registration list maintenance program must be conducted by each supervisor, at a minimum, in each odd-numbered year and must be completed not later than 90 days prior to the date of any federal election. All list maintenance actions associated with each voter must be entered, tracked, and maintained in the statewide voter registration system.

(4)(a) If the supervisor receives change-of-address information pursuant to the activities conducted in subsection (2), from jury notices signed by the voter and returned to the courts, from the Department of Highway Safety and Motor Vehicles, or from other sources which indicates that a registered voter’s legal residence might have changed to another location within the state, the supervisor must change the registration records to reflect the new address and must send the voter an address change notice as provided in s. 98.0655(2).

(b) If the supervisor of elections receives change-of-address information pursuant to the activities conducted in subsection (2), from jury notices signed by the voter and returned to the courts, or from other sources which indicates that a registered voter’s legal residence might have changed to a location outside the state, the supervisor of elections shall send an address confirmation final notice to the voter as provided in s. 98.0655(3).

(c) The supervisor must designate as inactive all voters who have been sent an address confirmation final notice and who have not returned the postage prepaid, preaddressed return form within 30 days or for which the final notice has been returned as undeliverable. Names on the inactive list may not be used to calculate the number of signatures needed on any petition. A voter on the inactive list may be restored to the active list of voters upon the voter updating his or her registration, requesting a vote-by-mail ballot, or appearing to vote. However, if the voter does not update his or her voter registration information, request a vote-by-mail ballot, or vote by the second general election after being placed on the inactive list, the voter’s name shall be removed from the statewide voter registration system and the voter shall be required to reregister to have his or her name restored to the statewide voter registration system.

(5) A notice may not be issued pursuant to this section and a voter’s name may not be removed from the statewide voter registration system later than 90 days prior to the date of a federal election. However, this section does not preclude the removal of the name of a voter from the statewide voter registration system at any time upon the voter’s written request, by reason of the voter’s death, or upon a determination of the voter’s ineligibility as provided in s. 98.075(7).

(6)(a) No later than July 31 and January 31 of each year, the supervisor must certify to the department the list maintenance activities conducted during the first 6 months and the second 6 months of the year, respectively, including the number of address confirmation requests sent, the number of voters designated as inactive, and the number of voters removed from the statewide voter registration system.

(b) If, based on the certification provided pursuant to paragraph (a), the department determines that a supervisor has not conducted the list maintenance activities required by this section, the department shall conduct the appropriate list maintenance activities for that county. Failure to conduct list maintenance activities as required in this section constitutes a violation of s. 104.051.

History.—s. 28, ch. 94-224; s. 6, ch. 2002-281; s. 19, ch. 2005-278; s. 6, ch. 2008-95; s. 4, ch. 2016-37.

98.0655 Registration list maintenance forms.

The department shall prescribe registration list maintenance forms to be used by the supervisors which must include:

- (1) An address confirmation request that must contain:
 - (a) The voter's name and address of legal residence as shown on the voter registration record; and
 - (b) A request that the voter notify the supervisor if either the voter's name or address of legal residence is incorrect.
- (2) An address change notice that must be sent to the newly recorded address of legal residence by forwardable mail, including a postage prepaid, preaddressed return form with which the voter may verify or correct the voter's new address information.
- (3) An address confirmation final notice that must be sent to the newly recorded address of legal residence by forwardable mail and must contain a postage prepaid, preaddressed return form and a statement that:
 - (a) If the voter has not changed his or her legal residence or has changed his or her legal residence within the state, the voter should return the form within 30 days after the date on which the notice was sent to the voter.
 - (b) If the voter has changed his or her legal residence to a location outside the state:
 1. The voter shall return the form, which serves as a request to be removed from the registration books; and
 2. The voter shall be provided with information on how to register in the new jurisdiction in order to be eligible to vote.
 - (c) If the return form is not returned, the voter's name shall be designated as inactive in the statewide voter registration system.

History.—s. 7, ch. 2008-95.

98.075 Registration records maintenance activities; ineligibility determinations.

(1) **MAINTENANCE OF RECORDS.**—The department shall protect the integrity of the electoral process by ensuring the maintenance of accurate and current voter registration records. List maintenance activities must be uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965, the National Voter Registration Act of 1993, and the Help America Vote Act of 2002. The department may adopt by rule uniform standards and procedures to interpret and administer this section.

(2) **DUPLICATE REGISTRATION.**—

(a) The department shall identify those voters who are registered more than once or those applicants whose registration applications within the state would result in duplicate registrations. The most recent application shall be deemed an update to the voter registration record.

(b)1. The department may become a member of a nongovernmental entity whose sole purpose is to share and exchange information in order to verify voter registration information. The membership of the nongovernmental entity must be composed solely of election officials of state governments, except that such membership may also include election officials of the District of Columbia. If the department intends to become a member of such a nongovernmental entity, the agreement to join the entity must require that the Secretary of State, or his or her designee, serve as a full member with voting rights on the nongovernmental entity's board of directors within 12 months after joining the entity.

2. The department may share confidential and exempt information after becoming a member of a nongovernmental entity as provided in subparagraph 1. if:

a. Each member of the nongovernmental entity agrees to maintain the confidentiality of such information as required by the laws of the jurisdiction providing the information; or

b. The bylaws of the nongovernmental entity require member jurisdictions and the entity to maintain the confidentiality of information as required by the laws of the jurisdiction providing the information.

3. The department may only become a member of a nongovernmental entity as provided in subparagraph 1. if the entity is controlled and operated by the participating jurisdictions. The entity may not be operated or controlled by the Federal Government or any other entity acting on behalf of the Federal Government. The department must be able to withdraw at any time from any such membership entered into.

4. If the department becomes a member of a nongovernmental entity as provided in subparagraph 1., the Department of Highway Safety and Motor Vehicles must, pursuant to a written agreement with the department,

provide driver license or identification card information to the department for the purpose of sharing and exchanging voter registration information with the nongovernmental entity.

5. If the department becomes a member of a nongovernmental entity as provided in subparagraph 1., the department must submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 1 of each year. The report must describe the terms of the nongovernmental entity membership and provide information on the total number of voters removed from the voter registration system as a result of the membership and the reasons for their removal.

(c) Information received by the department from another state or the District of Columbia upon the department becoming a member of a nongovernmental entity as provided in subparagraph (b)1., which is confidential or exempt pursuant to the laws of that state or the District of Columbia, is exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. The department shall provide such information to the supervisors to conduct registration list maintenance activities. This paragraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2023, unless reviewed and saved from repeal through reenactment by the Legislature.

(3) DECEASED PERSONS.—

(a)1. The department shall identify those registered voters who are deceased by comparing information received from either:

- a. The Department of Health as provided in s. 98.093; or
- b. The United States Social Security Administration, including, but not limited to, any master death file or index compiled by the United States Social Security Administration.

2. Within 7 days after receipt of such information through the statewide voter registration system, the supervisor shall remove the name of the registered voter.

(b) The supervisor shall remove the name of a deceased registered voter from the statewide voter registration system upon receipt of a copy of a death certificate issued by a governmental agency authorized to issue death certificates.

(4) ADJUDICATION OF MENTAL INCAPACITY.—The department shall identify those registered voters who have been adjudicated mentally incapacitated with respect to voting and who have not had their voting rights restored by comparing information received from the clerk of the circuit court as provided in s. 98.093. The department shall review such information and make an initial determination as to whether the information is credible and reliable. If the department determines that the information is credible and reliable, the department shall notify the supervisor and provide a copy of the supporting documentation indicating the potential ineligibility of the voter to be registered. Upon receipt of the notice that the department has made a determination of initial credibility and reliability, the supervisor shall adhere to the procedures set forth in subsection (7) prior to the removal of a registered voter from the statewide voter registration system.

(5) FELONY CONVICTION.—The department shall identify those registered voters who have been convicted of a felony and whose voting rights have not been restored by comparing information received from, but not limited to, a clerk of the circuit court, the Board of Executive Clemency, the Department of Corrections, the Department of Law Enforcement, or a United States Attorney's Office, as provided in s. 98.093. The department shall review such information and make an initial determination as to whether the information is credible and reliable. If the department determines that the information is credible and reliable, the department shall notify the supervisor and provide a copy of the supporting documentation indicating the potential ineligibility of the voter to be registered. Upon receipt of the notice that the department has made a determination of initial credibility and reliability, the supervisor shall adhere to the procedures set forth in subsection (7) prior to the removal of a registered voter's name from the statewide voter registration system.

(6) OTHER BASES FOR INELIGIBILITY.—If the department or supervisor receives information from sources other than those identified in subsections (2)-(5) that a registered voter is ineligible because he or she is deceased, adjudicated a convicted felon without having had his or her voting rights restored, adjudicated mentally incapacitated without having had his or her voting rights restored, does not meet the age requirement pursuant to s. 97.041, is not a United States citizen, is a fictitious person, or has listed a residence that is not his or her legal residence, the supervisor must adhere to the procedures set forth in subsection (7) prior to the removal of a registered voter's name from the statewide voter registration system.

(7) PROCEDURES FOR REMOVAL.—

(a) If the supervisor receives notice or information pursuant to subsections (4)-(6), the supervisor of the county in which the voter is registered shall:

1. Notify the registered voter of his or her potential ineligibility by mail within 7 days after receipt of notice or information. The notice shall include:

- a. A statement of the basis for the registered voter's potential ineligibility and a copy of any documentation upon which the potential ineligibility is based. Such documentation must include any conviction from another jurisdiction determined to be a similar offense to murder or a felony sexual offense, as those terms are defined in s. 98.0751.
 - b. A statement that failure to respond within 30 days after receipt of the notice may result in a determination of ineligibility and in removal of the registered voter's name from the statewide voter registration system.
 - c. A return form that requires the registered voter to admit or deny the accuracy of the information underlying the potential ineligibility for purposes of a final determination by the supervisor.
 - d. A statement that, if the voter is denying the accuracy of the information underlying the potential ineligibility, the voter has a right to request a hearing for the purpose of determining eligibility.
 - e. Instructions for the registered voter to contact the supervisor of elections of the county in which the voter is registered if assistance is needed in resolving the matter.
 - f. Instructions for seeking restoration of civil rights pursuant to s. 8, Art. IV of the State Constitution and information explaining voting rights restoration pursuant to s. 4, Art. VI of the State Constitution following a felony conviction, if applicable.
2. If the mailed notice is returned as undeliverable, the supervisor shall publish notice once in a newspaper of general circulation in the county in which the voter was last registered. The notice shall contain the following:
 - a. The voter's name and address.
 - b. A statement that the voter is potentially ineligible to be registered to vote.
 - c. A statement that failure to respond within 30 days after the notice is published may result in a determination of ineligibility by the supervisor and removal of the registered voter's name from the statewide voter registration system.
 - d. An instruction for the voter to contact the supervisor no later than 30 days after the date of the published notice to receive information regarding the basis for the potential ineligibility and the procedure to resolve the matter.
 - e. An instruction to the voter that, if further assistance is needed, the voter should contact the supervisor of elections of the county in which the voter is registered.
 3. If a registered voter fails to respond to a notice pursuant to subparagraph 1. or subparagraph 2., the supervisor shall make a final determination of the voter's eligibility. If the supervisor determines that the voter is ineligible, the supervisor shall remove the name of the registered voter from the statewide voter registration system. The supervisor shall notify the registered voter of the supervisor's determination and action.
 4. If a registered voter responds to the notice pursuant to subparagraph 1. or subparagraph 2. and admits the accuracy of the information underlying the potential ineligibility, the supervisor shall make a final determination of ineligibility and shall remove the voter's name from the statewide voter registration system. The supervisor shall notify the registered voter of the supervisor's determination and action.
 5. If a registered voter responds to the notice issued pursuant to subparagraph 1. or subparagraph 2. and denies the accuracy of the information underlying the potential ineligibility but does not request a hearing, the supervisor shall review the evidence and make a final determination of eligibility. If such registered voter requests a hearing, the supervisor shall send notice to the registered voter to attend a hearing at a time and place specified in the notice. Upon hearing all evidence presented at the hearing, the supervisor shall make a determination of eligibility. If the supervisor determines that the registered voter is ineligible, the supervisor shall remove the voter's name from the statewide voter registration system and notify the registered voter of the supervisor's determination and action.
- (b) The following shall apply to this subsection:
1. All determinations of eligibility shall be based on a preponderance of the evidence.
 2. All proceedings are exempt from the provisions of chapter 120.
 3. Any notice shall be sent to the registered voter by certified mail, return receipt requested, or other means that provides a verification of receipt or shall be published in a newspaper of general circulation where the voter was last registered, whichever is applicable.
 4. The supervisor shall remove the name of any registered voter from the statewide voter registration system only after the supervisor makes a final determination that the voter is ineligible to vote.
 5. Any voter whose name has been removed from the statewide voter registration system pursuant to a determination of ineligibility may appeal that determination under the provisions of s. 98.0755.
 6. Any voter whose name was removed from the statewide voter registration system on the basis of a determination of ineligibility who subsequently becomes eligible to vote must reregister in order to have his or her name restored to the statewide voter registration system.

(1) The provisions of any special act to the contrary notwithstanding, each person seeking to qualify for nomination or election to a federal, state, or multicounty district office, other than election to a judicial office as defined in chapter 105 or the office of school board member, shall file his or her qualification papers with, and pay the qualifying fee, which shall consist of the filing fee and election assessment, and party assessment, if any has been levied, to, the Department of State, or qualify by the petition process pursuant to s. 99.095 with the Department of State, at any time after noon of the 1st day for qualifying, which shall be as follows: the 120th day prior to the primary election, but not later than noon of the 116th day prior to the date of the primary election, for persons seeking to qualify for nomination or election to federal office or to the office of the state attorney or the public defender; and noon of the 71st day prior to the primary election, but not later than noon of the 67th day prior to the date of the primary election, for persons seeking to qualify for nomination or election to a state or multicounty district office, other than the office of the state attorney or the public defender.

(2) The provisions of any special act to the contrary notwithstanding, each person seeking to qualify for nomination or election to a county office, or district office not covered by subsection (1), shall file his or her qualification papers with, and pay the qualifying fee, which shall consist of the filing fee and election assessment, and party assessment, if any has been levied, to, the supervisor of elections of the county, or shall qualify by the petition process pursuant to s. 99.095 with the supervisor of elections, at any time after noon of the 1st day for qualifying, which shall be the 71st day prior to the primary election, but not later than noon of the 67th day prior to the date of the primary election. Within 30 days after the closing of qualifying time, the supervisor of elections shall remit to the secretary of the state executive committee of the political party to which the candidate belongs the amount of the filing fee, two-thirds of which shall be used to promote the candidacy of candidates for county offices and the candidacy of members of the Legislature.

(3) Notwithstanding the provisions of any special act to the contrary, each person seeking to qualify for election to a special district office shall qualify between noon of the 71st day prior to the primary election and noon of the 67th day prior to the date of the primary election. Candidates for single-county special districts shall qualify with the supervisor of elections in the county in which the district is located. If the district is a multicounty district, candidates shall qualify with the Department of State. All special district candidates shall qualify by paying a filing fee of \$25 or qualify by the petition process pursuant to s. 99.095. Notwithstanding s. 106.021, a candidate who does not collect contributions and whose only expense is the filing fee or signature verification fee is not required to appoint a campaign treasurer or designate a primary campaign depository.

(4)(a) Each person seeking to qualify for election to office as a write-in candidate shall file his or her qualification papers with the respective qualifying officer at any time after noon of the 1st day for qualifying, but not later than noon of the last day of the qualifying period for the office sought.

(b) Any person who is seeking election as a write-in candidate shall not be required to pay a filing fee, election assessment, or party assessment. A write-in candidate is not entitled to have his or her name printed on any ballot; however, space for the write-in candidate's name to be written in must be provided on the general election ballot. A person may not qualify as a write-in candidate if the person has also otherwise qualified for nomination or election to such office.

(5) At the time of qualifying for office, each candidate for a constitutional office shall file a full and public disclosure of financial interests pursuant to s. 8, Art. II of the State Constitution, which must be verified under oath or affirmation pursuant to s. 92.525(1)(a), and a candidate for any other office, including local elective office, shall file a statement of financial interests pursuant to s. 112.3145.

(6) The Department of State shall certify to the supervisor of elections, within 7 days after the closing date for qualifying, the names of all duly qualified candidates for nomination or election who have qualified with the Department of State.

(7)(a) In order for a candidate to be qualified, the following items must be received by the filing officer by the end of the qualifying period:

1. A properly executed check drawn upon the candidate's campaign account payable to the person or entity as prescribed by the filing officer in an amount not less than the fee required by s. 99.092, unless the candidate obtained the required number of signatures on petitions pursuant to s. 99.095. The filing fee for a special district candidate is not required to be drawn upon the candidate's campaign account. If a candidate's check is returned by the bank for any reason, the filing officer shall immediately notify the candidate and the candidate shall have until the end of qualifying to pay the fee with a cashier's check purchased from funds of the campaign account. Failure to pay the fee as provided in this subparagraph shall disqualify the candidate.

2. The candidate's oath required by s. 99.021, which must contain the name of the candidate as it is to appear on the ballot; the office sought, including the district or group number if applicable; and the signature of the candidate, which must be verified under oath or affirmation pursuant to s. 92.525(1)(a).
 3. If the office sought is partisan, the written statement of political party affiliation required by s. 99.021(1)(b); or if the candidate is running without party affiliation for a partisan office, the written statement required by s. 99.021(1)(c).
 4. The completed form for the appointment of campaign treasurer and designation of campaign depository, as required by s. 106.021.
 5. The full and public disclosure or statement of financial interests required by subsection (5). A public officer who has filed the full and public disclosure or statement of financial interests with the Commission on Ethics or the supervisor of elections prior to qualifying for office may file a copy of that disclosure at the time of qualifying.
 - (b) If the filing officer receives qualifying papers during the qualifying period prescribed in this section which do not include all items as required by paragraph (a) prior to the last day of qualifying, the filing officer shall make a reasonable effort to notify the candidate of the missing or incomplete items and shall inform the candidate that all required items must be received by the close of qualifying. A candidate's name as it is to appear on the ballot may not be changed after the end of qualifying.
 - (c) The filing officer performs a ministerial function in reviewing qualifying papers. In determining whether a candidate is qualified, the filing officer shall review the qualifying papers to determine whether all items required by paragraph (a) have been properly filed and whether each item is complete on its face, including whether items that must be verified have been properly verified pursuant to s. 92.525(1)(a). The filing officer may not determine whether the contents of the qualifying papers are accurate.
 - (8) Notwithstanding the qualifying period prescribed in this section, a qualifying office may accept and hold qualifying papers submitted not earlier than 14 days prior to the beginning of the qualifying period, to be processed and filed during the qualifying period.
 - (9) Notwithstanding the qualifying period prescribed by this section, in each year in which the Legislature apportions the state, the qualifying period for persons seeking to qualify for nomination or election to federal office shall be between noon of the 71st day prior to the primary election, but not later than noon of the 67th day prior to the primary election.
 - (10) The Department of State may prescribe by rule requirements for filing papers to qualify as a candidate under this section.
 - (11) The decision of the filing officer concerning whether a candidate is qualified is exempt from the provisions of chapter 120.

99.09651 Signature requirements for ballot position in year of apportionment.

(1) In a year of apportionment, any candidate for representative to Congress, state Senate, or state House of Representatives seeking ballot position by the petition process prescribed in s. 99.095 shall obtain at least the number of signatures equal to one-third of 1 percent of the ideal population for the district of the office being sought.

(2) For the purposes of this section, “ideal population” means the total population of the state based upon the most recent decennial census divided by the number of districts for representative to Congress, state Senate, or state House of Representatives. For the purposes of this section, ideal population shall be calculated as of July 1 of the year prior to apportionment. The ideal population for a state Senate district and a state representative district shall be calculated by dividing the total population of the state by 40 for a state Senate district and by dividing by 120 for a state representative district.

(3) Signatures may be obtained from any registered voter in Florida regardless of party affiliation or district boundaries.

(4) Petitions shall state the name of the office the candidate is seeking, but shall not include a district number.

(5) Except as otherwise provided in this section, all requirements and procedures relating to the petition process shall conform to the requirements and procedures in nonapportionment years.

History.—s. 3, ch. 91-107; s. 4, ch. 99-318; s. 17, ch. 2005-277.

99.097 Verification of signatures on petitions.

(1)(a) As determined by each supervisor, based upon local conditions, the checking of names on petitions may be based on the most inexpensive and administratively feasible of either of the following methods of verification:

1. A check of each petition; or
2. A check of a random sample, as provided by the Department of State, of the petitions. The sample must be such that a determination can be made as to whether or not the required number of signatures has been obtained with a reliability of at least 99.5 percent.

(b) Rules and guidelines for petition verification shall be adopted by the Department of State. Rules and guidelines for a random sample method of verification may include a requirement that petitions bear an additional number of names and signatures, not to exceed 15 percent of the names and signatures otherwise required. If the petitions do not meet such criteria or if the petitions are prescribed by s. 100.371, the use of the random sample method of verification is not available to supervisors.

(2) When a petitioner submits petitions which contain at least 15 percent more than the required number of signatures, the petitioner may require that the supervisor of elections use the random sampling verification method in certifying the petition.

(3)(a) If all other requirements for the petition are met, a signature on a petition shall be verified and counted as valid for a registered voter if, after comparing the signature on the petition and the signature of the registered voter in the voter registration system, the supervisor is able to determine that the petition signer is the same as the registered voter, even if the name on the petition is not in substantially the same form as in the voter registration system.

(b) In any situation in which this code requires the form of the petition to be prescribed by the division, no signature shall be counted toward the number of signatures required unless it is on a petition form prescribed by the division.

(c) If a voter signs a petition and lists an address other than the legal residence where the voter is registered, the supervisor shall treat the signature as if the voter had listed the address where the voter is registered.

(4) The supervisor shall be paid in advance the sum of 10 cents for each signature checked or the actual cost of checking such signature, whichever is less, by the candidate or, in the case of a petition to have an issue placed on the ballot, by the person or organization submitting the petition. However, if a candidate, person, or organization seeking to have an issue placed upon the ballot cannot pay such charges without imposing an undue burden on personal resources or upon the resources otherwise available to such candidate, person, or organization, such candidate, person, or organization shall, upon written certification of such inability given under oath to the supervisor, be entitled to have the signatures verified at no charge. In the event a candidate, person, or organization submitting a petition to have an issue placed upon the ballot is entitled to have the signatures verified at no charge, the supervisor of elections of each county in which the signatures are verified at no charge shall submit the total number of such signatures checked in the county to the Chief Financial Officer no later than December 1 of the general election year, and the Chief Financial Officer shall cause such supervisor of elections to be reimbursed from the General Revenue Fund in an amount equal to 10 cents for each name checked or the actual cost of checking such signatures, whichever is less. In no event shall such reimbursement of costs be deemed or applied as extra compensation for the supervisor. Petitions shall be retained by the supervisors for a period of 1 year following the election for which the petitions were circulated.

(5) The results of a verification pursuant to subparagraph (1)(a)2. may be contested in the circuit court by the candidate; an announced opponent; a representative of a designated political committee; or a person, party, or other organization submitting the petition. The contestant shall file a complaint, together with the fees prescribed in chapter 28, with the clerk of the circuit court in the county in which the petition is certified or in Leon County if the petition covers more than one county within 10 days after midnight of the date the petition is certified; and the complaint shall set forth the grounds on which the contestant intends to establish his or her right to require a complete check of the petition pursuant to subparagraph (1)(a)1. In the event the court orders a complete check of the petition and the result is not changed as to the success or lack of success of the petitioner in obtaining the requisite number of valid signatures, then such candidate, unless the candidate has filed the oath stating that he or she is unable to pay such charges; announced opponent; representative of a designated political committee; or party, person, or organization submitting the petition, unless such person or organization has filed the oath stating inability to pay such charges, shall pay to the supervisor of elections of each affected county for the complete check an amount calculated at the rate of 10 cents for each additional signature checked or the actual cost of checking such additional signatures, whichever is less.

(6)(a) If any person is paid to solicit signatures on a petition, an undue burden oath may not subsequently be filed in lieu of paying the fee to have signatures verified for that petition.

(b) If an undue burden oath has been filed and payment is subsequently made to any person to solicit signatures on a petition, the undue burden oath is no longer valid and a fee for all signatures previously submitted to the supervisor of elections and any that are submitted thereafter shall be paid by the candidate, person, or organization that submitted the undue burden oath. If contributions as defined in s. 106.011 are received, any monetary contributions must first be used to reimburse the supervisor of elections for any signature verification fees that were not paid because of the filing of an undue burden oath.

99.103 Department of State to remit part of filing fees and party assessments of candidates to state executive committee.

(1) If more than three-fourths of the full authorized membership of the state executive committee of any party was elected at the last previous election for such members and if such party is declared by the Department of State to have recorded on the registration books of the counties, as of the first Tuesday after the first Monday in January prior to the primary election in general election years, 5 percent of the total registration of such counties when added together, such committee shall receive, for the purpose of meeting its expenses, all filing fees collected by the Department of State from its candidates less an amount equal to 15 percent of the filing fees, which amount the Department of State shall deposit in the General Revenue Fund of the state.

(2) Not later than 20 days after the close of qualifying in even-numbered years, the Department of State shall remit 95 percent of all filing fees, less the amount deposited in general revenue pursuant to subsection (1), or party assessments that may have been collected by the department to the respective state executive committees of the parties complying with subsection (1). Party assessments collected by the Department of State shall be remitted to the appropriate state executive committee, irrespective of other requirements of this section, provided such committee is duly organized under the provisions of chapter 103. The remainder of filing fees or party assessments collected by the Department of State shall be remitted to the appropriate state executive committees not later than the date of the primary election.

History.—s. 2, ch. 74-120; s. 12, ch. 77-175.

100.111 Filling vacancy.

(1)(a) If any vacancy occurs in any office which is required to be filled pursuant to s. 1(f), Art. IV of the State Constitution and the remainder of the term of such office is 28 months or longer, then at the next general election a person shall be elected to fill the unexpired portion of such term, commencing on the first Tuesday after the first Monday following such general election.

(b) If such a vacancy occurs prior to the first day set by law for qualifying for election to office at such general election, any person seeking nomination or election to the unexpired portion of the term shall qualify within the time prescribed by law for qualifying for other offices to be filled by election at such general election.

(c) If such a vacancy occurs prior to the primary election but on or after the first day set by law for qualifying, the Secretary of State shall set dates for qualifying for the unexpired portion of the term of such office. Any person seeking nomination or election to the unexpired portion of the term shall qualify within the time set by the Secretary of State. If time does not permit party nominations to be made in conjunction with the primary election, the Governor may call a special primary election to select party nominees for the unexpired portion of such term.

(2) Whenever there is a vacancy for which a special election is required pursuant to s. 100.101, the Governor, after consultation with the Secretary of State, shall fix the dates of a special primary election and a special election. Nominees of political parties shall be chosen under the primary laws of this state in the special primary election to become candidates in the special election. Prior to setting the special election dates, the Governor shall consider any upcoming elections in the jurisdiction where the special election will be held. The dates fixed by the Governor shall be specific days certain and shall not be established by the happening of a condition or stated in the alternative. The dates fixed shall provide a minimum of 2 weeks between each election. In the event a vacancy occurs in the office of state senator or member of the House of Representatives when the Legislature is in regular legislative session, the minimum times prescribed by this subsection may be waived upon concurrence of the Governor, the Speaker of the House of Representatives, and the President of the Senate. If a vacancy occurs in the office of state senator and no session of the Legislature is scheduled to be held prior to the next general election, the Governor may fix the dates for the special primary election and for the special election to coincide with the dates of the primary election and general election. If a vacancy in office occurs in any district in the state Senate or House of Representatives or in any congressional district, and no session of the Legislature, or session of Congress if the vacancy is in a congressional district, is scheduled to be held during the unexpired portion of the term, the Governor is not required to call a special election to fill such vacancy.

(a) The dates for candidates to qualify in such special election or special primary election shall be fixed by the Department of State, and candidates shall qualify not later than noon of the last day so fixed. The dates fixed for qualifying shall allow a minimum of 14 days between the last day of qualifying and the special primary election.

(b) The filing of campaign expense statements by candidates in such special elections or special primaries and by committees making contributions or expenditures to influence the results of such special primaries or special elections shall be not later than such dates as shall be fixed by the Department of State, and in fixing such dates the Department of State shall take into consideration and be governed by the practical time limitations.

(c) The dates for a candidate to qualify by the petition process pursuant to s. 99.095 in such special primary or special election shall be fixed by the Department of State. In fixing such dates the Department of State shall take into consideration and be governed by the practical time limitations. Any candidate seeking to qualify by the petition process in a special primary election shall obtain 25 percent of the signatures required by s. 99.095.

(d) The qualifying fees and party assessments of such candidates as may qualify shall be the same as collected for the same office at the last previous primary for that office. The party assessment shall be paid to the appropriate executive committee of the political party to which the candidate belongs.

(e) Each county canvassing board shall make as speedy a return of the result of such special primary elections and special elections as time will permit, and the Elections Canvassing Commission likewise shall make as speedy a canvass and declaration of the nominees as time will permit.

(3)(a) In the event that death, resignation, withdrawal, or removal should cause a party to have a vacancy in nomination which leaves no candidate for an office from such party, the filing officer before whom the candidate qualified shall notify the chair of the state and county political party executive committee of such party and:

1. If the vacancy in nomination is for a statewide office, the state party chair shall, within 5 days, call a meeting of his or her executive board to consider designation of a nominee to fill the vacancy.

2. If the vacancy in nomination is for the office of United States Representative, state senator, state representative, state attorney, or public defender, the state party chair shall, within 5 days, call a meeting of the state executive committee members residing in the affected county or counties to consider designation of a nominee to fill the vacancy.

3. If the vacancy in nomination is for a county office, the state party chair shall notify the appropriate county chair and, within 5 days, the appropriate county chair shall call a meeting of his or her executive committee to consider designation of a nominee to fill the vacancy.

The name of any person so designated shall be submitted to the filing officer before whom the candidate qualified within 7 days after notice to the chair in order that the person designated may have his or her name on

the ballot of the ensuing general election. If the name of the new nominee is submitted after the certification of results of the preceding primary election, however, the ballots shall not be changed and the former party nominee's name will appear on the ballot. Any ballots cast for the former party nominee will be counted for the person designated by the political party to replace the former party nominee. If there is no opposition to the party nominee, the person designated by the political party to replace the former party nominee will be elected to office at the general election.

(b) When, under the circumstances set forth in the preceding paragraph, vacancies in nomination are required to be filled by committee nominations, such vacancies shall be filled by party rule. In any instance in which a nominee is selected by a committee to fill a vacancy in nomination, such nominee shall pay the same filing fee and take the same oath as the nominee would have taken had he or she regularly qualified for election to such office.

(c) Any person who, at the close of qualifying as prescribed in ss. 99.061 and 105.031, was qualified for nomination or election to or retention in a public office to be filled at the ensuing general election or who attempted to qualify and failed to qualify is prohibited from qualifying as a candidate to fill a vacancy in nomination for any other office to be filled at that general election, even if such person has withdrawn or been eliminated as a candidate for the original office sought. However, this paragraph does not apply to a candidate for the office of Lieutenant Governor who applies to fill a vacancy in nomination for the office of Governor on the same ticket or to a person who has withdrawn or been eliminated as a candidate and who is subsequently designated as a candidate for Lieutenant Governor under s. 99.063.

(4) A vacancy in nomination is not created if an order of a court that has become final determines that a nominee did not properly qualify or did not meet the necessary qualifications to hold the office for which he or she sought to qualify.

(5) In the event of unforeseeable circumstances not contemplated in these general election laws concerning the calling and holding of special primary elections and special elections resulting from court order or other unpredictable circumstances, the Department of State shall have the authority to provide for the conduct of orderly elections.

(2) The Department of State shall prepare a notice stating what offices are to be filled in the special election, the dates set for the special primary election and the special election, the dates fixed for qualifying for office, the dates fixed for qualifying by the petition process pursuant to s. 99.095, and the dates fixed for filing campaign expense statements.

Where used in this section, the term “district” shall be construed to mean the area or region of a municipality from which a member of the governing body is elected by the electors from such area or region. Members may be removed from office pursuant to the procedures provided in this section. This method of removing members of the governing body of a municipality is in addition to any other method provided by state law.

(2) RECALL PETITION.—

(a) *Petition content.*—A petition shall contain the name of the person sought to be recalled and a statement of grounds for recall. The statement of grounds may not exceed 200 words, and the stated grounds are limited solely to those specified in paragraph (d). If more than one member of the governing body is sought to be recalled, whether such member is elected by the electors of a district or by the electors of the municipality at-large, a separate recall petition shall be prepared for each member sought to be recalled. Upon request, the content of a petition should be, but is not required to be, provided by the proponent in alternative formats.

(b) *Requisite signatures.*—

1. In a municipality or district of fewer than 500 electors, the petition shall be signed by at least 50 electors or by 10 percent of the total number of registered electors of the municipality or district as of the preceding municipal election, whichever is greater.

2. In a municipality or district of 500 or more but fewer than 2,000 registered electors, the petition shall be signed by at least 100 electors or by 10 percent of the total number of registered electors of the municipality or district as of the preceding municipal election, whichever is greater.

3. In a municipality or district of 2,000 or more but fewer than 5,000 registered electors, the petition shall be signed by at least 250 electors or by 10 percent of the total number of registered electors of the municipality or district as of the preceding municipal election, whichever is greater.

4. In a municipality or district of 5,000 or more but fewer than 10,000 registered electors, the petition shall be signed by at least 500 electors or by 10 percent of the total number of registered electors of the municipality or district as of the preceding municipal election, whichever is greater.

5. In a municipality or district of 10,000 or more but fewer than 25,000 registered electors, the petition shall be signed by at least 1,000 electors or by 10 percent of the total number of registered electors of the municipality or district as of the preceding municipal election, whichever is greater.

6. In a municipality or district of 25,000 or more registered electors, the petition shall be signed by at least 1,000 electors or by 5 percent of the total number of registered electors of the municipality or district as of the preceding municipal election, whichever is greater.

All signatures shall be obtained, as provided in paragraph (e), within a period of 30 days, and all signed and dated petition forms shall be filed at the same time, no later than 30 days after the date on which the first signature is obtained on the petition.

(c) *Recall committee.*—Electors of the municipality or district making charges contained in the statement of grounds for recall, as well as those signing the recall petition, shall be designated as the recall committee. A specific person shall be designated in the petition as chair of the committee, and this person shall act for the committee. The recall committee and the officer being recalled are subject to the provisions of chapter 106.

(d) *Grounds for recall.*—The grounds for removal of elected municipal officials shall, for the purposes of this act, be limited to the following and must be contained in the petition:

1. Malfeasance;
2. Misfeasance;
3. Neglect of duty;
4. Drunkenness;
5. Incompetence;
6. Permanent inability to perform official duties; and
7. Conviction of a felony involving moral turpitude.

(e) *Signature process.*—Only electors of the municipality or district are eligible to sign the petition. Each elector signing a petition shall sign and date his or her name in ink or indelible pencil. Each petition shall contain appropriate lines for each elector's original signature, printed name, street address, city, county, voter registration number or date of birth, and date signed. The form shall also contain lines for an oath, to be executed by a witness who is to verify the fact that the witness saw each person sign the counterpart of the petition, that each signature appearing thereon is the genuine signature of the person it purports to be, and that the petition was signed in the presence of the witness on the date indicated.

(f) *Filing of signed petitions.*—All signed petition forms shall be filed at the same time, no later than 30 days after the date on which the first signature is obtained on the petition. The person designated as chair of the committee shall file the signed petition forms with the auditor or clerk of the municipality or charter county, or his or her equivalent, hereinafter referred to as "clerk." The petition may not be amended after it is filed with the clerk.

(g) *Verification of signatures.*—

1. Immediately after the filing of the petition forms, the clerk shall submit such forms to the county supervisor of elections. No more than 30 days after the date on which all petition forms are submitted to the supervisor by the clerk, the supervisor shall promptly verify the signatures in accordance with s. 99.097, and determine whether the requisite number of valid signatures has been obtained for the petition. The committee seeking verification of the signatures shall pay in advance to the supervisor the sum of 10 cents for each signature checked or the actual cost of checking such signatures, whichever is less.

2. Upon filing with the clerk, the petition and all subsequent papers or forms required or permitted to be filed with the clerk in connection with this section must, upon request, be made available in alternative formats by the clerk.

3. If the supervisor determines that the petition does not contain the requisite number of verified and valid signatures, the clerk shall, upon receipt of such written determination, so certify to the governing body of the municipality or charter county and file the petition without taking further action, and the matter shall be at an end. No additional names may be added to the petition, and the petition shall not be used in any other proceeding.

4. If the supervisor determines that the petition has the requisite number of verified and valid signatures, then the procedures outlined in subsection (3) must be followed.

(3) **RECALL PETITION AND DEFENSE.**—

(a) *Notice.*—Upon receipt of a written determination that the requisite number of signatures has been obtained, the clerk shall at once serve upon the person sought to be recalled a certified copy of the petition. Within 5 days

after service, the person sought to be recalled may file with the clerk a defensive statement of not more than 200 words.

(b) *Content and preparation.*—Within 5 days after the date of receipt of the defensive statement or after the last date a defensive statement could have been filed, the clerk shall prepare a document entitled “Recall Petition and Defense.” The “Recall Petition and Defense” shall consist of the recall petition, including copies of the originally signed petitions and counterparts. The “Recall Petition and Defense” must contain lines which conform to the provisions of paragraph (2)(e), and the defensive statement or, if no defensive statement has been filed, a statement to that effect. The clerk shall make copies of the “Recall Petition and Defense” which are sufficient to carry the signatures of 30 percent of the registered electors. Immediately after preparing and making sufficient copies of the “Recall Petition and Defense,” the clerk shall deliver the copies to the person designated as chair of the committee and take his or her receipt therefor.

(c) *Requisite signatures.*—Upon receipt of the “Recall Petition and Defense,” the committee may circulate them to obtain the signatures of 15 percent of the electors. All signatures shall be obtained and all signed petition forms filed with the clerk no later than 60 days after delivery of the “Recall Petition and Defense” to the chair of the committee.

(d) *Signed petitions; request for striking name.*—The clerk shall assemble all signed petitions, check to see that each petition is properly verified by the oath of a witness, and submit such petitions to the county supervisor of elections. Any elector who signs a recall petition has the right to demand in writing that his or her name be stricken from the petition. A written demand signed by the elector shall be filed with the clerk, and, upon receipt of the demand, the clerk shall strike the name of the elector from the petition and place his or her initials to the side of the signature stricken. However, a signature may not be stricken after the clerk has delivered the “Recall Petition and Defense” to the supervisor for verification of the signatures.

(e) *Verification of signatures.*—Within 30 days after receipt of the signed “Recall Petition and Defense,” the supervisor shall determine the number of valid signatures, purge the names withdrawn, and certify whether 15 percent of the qualified electors of the municipality have signed the petitions. The supervisor shall be paid by the persons or committee seeking verification the sum of 10 cents for each name checked.

(f) *Reporting.*—If the supervisor determines that the requisite number of signatures has not been obtained, the clerk shall, upon receipt of such written determination, certify such determination to the governing body and retain the petitions. The proceedings shall be terminated, and the petitions shall not again be used. If the supervisor determines that at least 15 percent of the qualified electors signed the petition, the clerk shall, immediately upon receipt of such written determination, serve notice of that determination upon the person sought to be recalled and deliver to the governing body a certificate as to the percentage of qualified electors who signed.

(4) **RECALL ELECTION.**—If the person designated in the petition files with the clerk, within 5 days after the last-mentioned notice, his or her written resignation, the clerk shall at once notify the governing body of that fact, and the resignation shall be irrevocable. The governing body shall then proceed to fill the vacancy according to the provisions of the appropriate law. In the absence of a resignation, the chief judge of the judicial circuit in which the municipality is located shall fix a day for holding a recall election for the removal of those not resigning. Any such election shall be held not less than 30 days or more than 60 days after the expiration of the 5-day period last-mentioned and at the same time as any other general or special election held within the period; but if no such election is to be held within that period, the judge shall call a special recall election to be held within the period aforesaid.

(5) **BALLOTS.**—The ballots at the recall election shall conform to the following: With respect to each person whose removal is sought, the question shall be submitted: “Shall be removed from the office of by recall?” Immediately following each question there shall be printed on the ballots the two propositions in the order here set forth:

“ (name of person) should be removed from office.”

“ (name of person) should not be removed from office.”

(6) **FILLING OF VACANCIES; SPECIAL ELECTIONS.**—

(a) If an election is held for the recall of members elected only at-large, candidates to succeed them for the unexpired terms shall be voted upon at the same election and shall be elected in the same manner as provided by the appropriate law for the election of candidates at general elections. Candidates shall not be elected to succeed any particular member. If only one member is removed, the candidate receiving the highest number of votes shall be declared elected to fill the vacancy. If more than one member is removed, candidates equal in number to the number of members removed shall be declared elected to fill the vacancies; and, among the successful candidates, those receiving the greatest number of votes shall be declared elected for the longest

terms. Cases of ties, and all other matters not herein specially provided for, shall be determined by the rules governing elections generally.

(b) If an election is held for the recall of members elected only from districts, candidates to succeed them for the unexpired terms shall be voted upon at a special election called by the chief judge of the judicial circuit in which the districts are located not less than 30 days or more than 60 days after the expiration of the recall election. The qualifying period, for purposes of this section, shall be established by the chief judge of the judicial circuit after consultation with the clerk. Any candidate seeking election to fill the unexpired term of a recalled district municipal official shall reside in the district represented by the recalled official and qualify for office in the manner required by law. Each candidate receiving the highest number of votes for each office in the special district recall election shall be declared elected to fill the unexpired term of the recalled official. Candidates seeking election to fill a vacancy created by the removal of a municipal official shall be subject to the provisions of chapter 106.

(c) When an election is held for the recall of members of the governing body composed of both members elected at-large and from districts, candidates to succeed them for the unexpired terms shall be voted upon at a special election as provided in paragraph (b).

(d) However, in any recall election held pursuant to paragraph (b) or paragraph (c), if only one member is voted to be removed from office, the vacancy created by the recall shall be filled by the governing body according to the provisions of the appropriate law for filling vacancies.

(7) EFFECT OF RESIGNATIONS.—If the member of the governing body being recalled resigns from office prior to the recall election, the remaining members shall fill the vacancy created according to the appropriate law for filling vacancies. If all of the members of the governing body are sought to be recalled and all of the members resign prior to the recall election, the recall election shall be canceled, and a special election shall be called to fill the unexpired terms of the resigning members. If all of the members of the governing body are sought to be recalled and any of the members resign prior to the recall election, the proceedings for the recall of members not resigning and the election of successors to fill the unexpired terms shall continue and have the same effect as though there had been no resignation.

(8) WHEN PETITION MAY BE FILED.—No petition to recall any member of the governing body of a municipality shall be filed until the member has served one-fourth of his or her term of office. No person removed by a recall, or resigning after a petition has been filed against him or her, shall be eligible to be appointed to the governing body within a period of 2 years after the date of such recall or resignation.

(9) RETENTION OF PETITION.—The clerk shall preserve in his or her office all papers comprising or connected with a petition for recall for a period of 2 years after they were filed.

(10) OFFENSES RELATING TO PETITIONS.—No person shall impersonate another, purposely write his or her name or residence falsely in the signing of any petition for recall or forge any name thereto, or sign any paper with knowledge that he or she is not a qualified elector of the municipality. No person shall employ or pay another to accept employment or payment for circulating or witnessing a recall petition. Any person violating any of the provisions of this section commits a misdemeanor of the second degree and shall, upon conviction, be punished as provided by law.

(11) INTENT.—It is the intent of the Legislature that the recall procedures provided in this act shall be uniform statewide. Therefore, all municipal charter and special law provisions which are contrary to the provisions of this act are hereby repealed to the extent of this conflict.

(12) PROVISIONS APPLICABLE.—The provisions of this act shall apply to cities and charter counties whether or not they have adopted recall provisions.

100.371 Initiatives; procedure for placement on ballot.

(1) Constitutional amendments proposed by initiative shall be placed on the ballot for the general election, provided the initiative petition has been filed with the Secretary of State no later than February 1 of the year the general election is held. A petition shall be deemed to be filed with the Secretary of State upon the date the secretary determines that valid and verified petition forms have been signed by the constitutionally required number and distribution of electors under this code.

(2) The sponsor of an initiative amendment shall, prior to obtaining any signatures, register as a political committee pursuant to s. 106.03 and submit the text of the proposed amendment to the Secretary of State, with

the form on which the signatures will be affixed, and shall obtain the approval of the Secretary of State of such form. The Secretary of State shall adopt rules pursuant to s. 120.54 prescribing the style and requirements of such form. Upon filing with the Secretary of State, the text of the proposed amendment and all forms filed in connection with this section must, upon request, be made available in alternative formats.

(3)(a) A person may not collect signatures or initiative petitions for compensation unless the person is registered as a petition circulator with the Secretary of State.

(b) A citizen may challenge a petition circulator's registration under this section by filing a petition in circuit court. If the court finds that the respondent is not a registered petition circulator, the court may enjoin the respondent from collecting signatures or initiative petitions for compensation until she or he is lawfully registered.

(4) An application for registration must be submitted in the format required by the Secretary of State and must include the following:

(a) The information required to be on the petition form under s. 101.161, including the ballot summary and title as approved by the Secretary of State.

(b) The applicant's name, permanent address, temporary address, if applicable, and date of birth.

(c) An address in this state at which the applicant will accept service of process related to disputes concerning the petition process, if the applicant is not a resident of this state.

(d) A statement that the applicant consents to the jurisdiction of the courts of this state in resolving disputes concerning the petition process.

(e) Any information required by the Secretary of State to verify the applicant's identity or address.

(5) All petitions collected by a petition circulator must contain, in a format required by the Secretary of State, a completed Petition Circulator's Affidavit which includes:

(a) The circulator's name and permanent address;

(b) The following statement, which must be signed by the circulator:

By my signature below, as petition circulator, I verify that the petition was signed in my presence. Under penalties of perjury, I declare that I have read the foregoing Petition Circulator's Affidavit and the facts stated in it are true.

(6) The division or the supervisor of elections shall make hard copy petition forms or electronic portable document format petition forms available to registered petition circulators. All such forms must contain information identifying the petition circulator to which the forms are provided. The division shall maintain a database of all registered petition circulators and the petition forms assigned to each. Each supervisor of elections shall provide to the division information on petition forms assigned to and received from petition circulators. The information must be provided in a format and at times as required by the division by rule. The division must update information on petition forms daily and make the information publicly available.

(7)(a) A sponsor that collects petition forms or uses a petition circulator to collect petition forms serves as a fiduciary to the elector signing the petition form, ensuring that any petition form entrusted to the petition circulator shall be promptly delivered to the supervisor of elections within 30 days after the elector signs the form. If a petition form collected by any petition circulator is not promptly delivered to the supervisor of elections, the sponsor is liable for the following fines:

1. A fine in the amount of \$50 for each petition form received by the supervisor of elections more than 30 days after the elector signed the petition form or the next business day, if the office is closed. A fine in the amount of \$250 for each petition form received if the sponsor or petition circulator acted willfully.

2. A fine in the amount of \$500 for each petition form collected by a petition circulator which is not submitted to the supervisor of elections. A fine in the amount of \$1,000 for any petition form not submitted if the sponsor or petition circulator acted willfully.

(b) A showing by the sponsor that the failure to deliver the petition form within the required timeframe is based upon force majeure or impossibility of performance is an affirmative defense to a violation of this subsection. The fines described in this subsection may be waived upon a showing that the failure to deliver the petition form promptly is based upon force majeure or impossibility of performance.

(8) If the Secretary of State reasonably believes that a person or entity has committed a violation of this section, the secretary may refer the matter to the Attorney General for enforcement. The Attorney General may institute a civil action for a violation of this section or to prevent a violation of this section. An action for relief may include a permanent or temporary injunction, a restraining order, or any other appropriate order.

(9) The division shall adopt by rule a complaint form for an elector who claims to have had his or her signature misrepresented, forged, or not delivered to the supervisor. The division shall also adopt rules to ensure the integrity of the petition form gathering process, including rules requiring sponsors to account for all petition forms

used by their agents. Such rules may require a sponsor or petition circulator to provide identification information on each petition form as determined by the department as needed to assist in the accounting of petition forms.

(10) The date on which an elector signs a petition form is presumed to be the date on which the petition circulator received or collected the petition form.

(11)(a) An initiative petition form circulated for signature may not be bundled with or attached to any other petition. Each signature shall be dated when made and shall be valid until the next February 1 occurring in an even-numbered year for the purpose of the amendment appearing on the ballot for the general election occurring in that same year, provided all other requirements of law are met. The sponsor shall submit signed and dated forms to the supervisor of elections for the county of residence listed by the person signing the form for verification of the number of valid signatures obtained. If a signature on a petition is from a registered voter in another county, the supervisor shall notify the petition sponsor of the misfiled petition. The supervisor shall promptly verify the signatures within 60 days after receipt of the petition forms and payment of a fee for the actual cost of signature verification incurred by the supervisor. However, for petition forms submitted less than 60 days before February 1 of an even-numbered year, the supervisor shall promptly verify the signatures within 30 days after receipt of the form and payment of the fee for signature verification. The supervisor shall promptly record, in the manner prescribed by the Secretary of State, the date each form is received by the supervisor, and the date the signature on the form is verified as valid. The supervisor may verify that the signature on a form is valid only if:

1. The form contains the original signature of the purported elector.
2. The purported elector has accurately recorded on the form the date on which he or she signed the form.
3. The form sets forth the purported elector's name, address, city, county, and voter registration number or date of birth.
4. The purported elector is, at the time he or she signs the form and at the time the form is verified, a duly qualified and registered elector in the state.
5. The signature was obtained legally, including that if a paid petition circulator was used, the circulator was validly registered under subsection (3) when the signature was obtained.

The supervisor shall retain the signature forms for at least 1 year following the election in which the issue appeared on the ballot or until the division notifies the supervisors of elections that the committee that circulated the petition is no longer seeking to obtain ballot position.

(b) Each supervisor shall post the actual cost of signature verification on his or her website and may increase such cost, as necessary, on February 2 of each even-numbered year. The division shall also publish each county's current cost on its website. The division and each supervisor shall biennially review available technology aimed at reducing verification costs.

(c) On the last day of each month, or on the last day of each week from December 1 of an odd-numbered year through February 1 of the following year, each supervisor shall post on his or her website the aggregate number of verified valid signatures and the distribution of such signatures by congressional district for each proposed amendment proposed by initiative, along with the following information specific to the reporting period: the total number of signed petition forms received, the total number of signatures verified, the distribution of verified valid signatures by congressional district, and the total number of verified petition forms forwarded to the Secretary of State.

(12) The Secretary of State shall determine from the signatures verified by the supervisors of elections the total number of verified valid signatures and the distribution of such signatures by congressional districts, and the division shall post such information on its website at the same intervals specified in paragraph (11)(c). Upon a determination that the requisite number and distribution of valid signatures have been obtained, the secretary shall issue a certificate of ballot position for that proposed amendment and shall assign a designating number pursuant to s. 101.161.

(13)(a) At the same time the Secretary of State submits an initiative petition to the Attorney General pursuant to s. 15.21, the secretary shall submit a copy of the initiative petition to the Financial Impact Estimating Conference. Within 75 days after receipt of a proposed revision or amendment to the State Constitution by initiative petition from the Secretary of State, the Financial Impact Estimating Conference shall complete an analysis and financial impact statement to be placed on the ballot of the estimated increase or decrease in any revenues or costs to state or local governments and the overall impact to the state budget resulting from the proposed initiative. The 75-day time limit is tolled when the Legislature is in session. The Financial Impact Estimating Conference shall submit the financial impact statement to the Attorney General and Secretary of State.

(b) Immediately upon receipt of a proposed revision or amendment from the Secretary of State, the coordinator of the Office of Economic and Demographic Research shall contact the person identified as the sponsor to

request an official list of all persons authorized to speak on behalf of the named sponsor and, if there is one, the sponsoring organization at meetings held by the Financial Impact Estimating Conference. All other persons shall be deemed interested parties or proponents or opponents of the initiative. The Financial Impact Estimating Conference shall provide an opportunity for any representatives of the sponsor, interested parties, proponents, or opponents of the initiative to submit information and may solicit information or analysis from any other entities or agencies, including the Office of Economic and Demographic Research.

(c) All meetings of the Financial Impact Estimating Conference shall be open to the public. The President of the Senate and the Speaker of the House of Representatives, jointly, shall be the sole judge for the interpretation, implementation, and enforcement of this subsection.

1. The Financial Impact Estimating Conference is established to review, analyze, and estimate the financial impact of amendments to or revisions of the State Constitution proposed by initiative. The Financial Impact Estimating Conference shall consist of four principals: one person from the Executive Office of the Governor; the coordinator of the Office of Economic and Demographic Research, or his or her designee; one person from the professional staff of the Senate; and one person from the professional staff of the House of Representatives. Each principal shall have appropriate fiscal expertise in the subject matter of the initiative. A Financial Impact Estimating Conference may be appointed for each initiative.

2. Principals of the Financial Impact Estimating Conference shall reach a consensus or majority concurrence on a clear and unambiguous financial impact statement, no more than 150 words in length, and immediately submit the statement to the Attorney General. Nothing in this subsection prohibits the Financial Impact Estimating Conference from setting forth a range of potential impacts in the financial impact statement. Any financial impact statement that a court finds not to be in accordance with this section shall be remanded solely to the Financial Impact Estimating Conference for redrafting. The Financial Impact Estimating Conference shall redraft the financial impact statement within 15 days.

3. If the Supreme Court has rejected the initial submission by the Financial Impact Estimating Conference and no redraft has been approved by the Supreme Court by 5 p.m. on the 75th day before the election, the following statement shall appear on the ballot: "The impact of this measure, if any, has not been determined at this time."

(d) The financial impact statement must be separately contained and be set forth after the ballot summary as required in s. 101.161(1).

1. If the financial impact statement projects a net negative impact on the state budget, the ballot must include the statement required by s. 101.161(1)(b).

2. If the financial impact statement projects a net positive impact on the state budget, the ballot must include the statement required by s. 101.161(1)(c).

3. If the financial impact statement estimates an indeterminate financial impact or if the members of the Financial Impact Estimating Conference are unable to agree on the statement required by this subsection, the ballot must include the statement required by s. 101.161(1)(d).

(e)1. Any financial impact statement that the Supreme Court finds not to be in accordance with this subsection shall be remanded solely to the Financial Impact Estimating Conference for redrafting, provided the court's advisory opinion is rendered at least 75 days before the election at which the question of ratifying the amendment will be presented. The Financial Impact Estimating Conference shall prepare and adopt a revised financial impact statement no later than 5 p.m. on the 15th day after the date of the court's opinion.

2. If, by 5 p.m. on the 75th day before the election, the Supreme Court has not issued an advisory opinion on the initial financial impact statement prepared by the Financial Impact Estimating Conference for an initiative amendment that otherwise meets the legal requirements for ballot placement, the financial impact statement shall be deemed approved for placement on the ballot.

3. In addition to the financial impact statement required by this subsection, the Financial Impact Estimating Conference shall draft an initiative financial information statement. The initiative financial information statement should describe in greater detail than the financial impact statement any projected increase or decrease in revenues or costs that the state or local governments would likely experience if the ballot measure were approved. If appropriate, the initiative financial information statement may include both estimated dollar amounts and a description placing the estimated dollar amounts into context. The initiative financial information statement must include both a summary of not more than 500 words and additional detailed information that includes the assumptions that were made to develop the financial impacts, workpapers, and any other information deemed relevant by the Financial Impact Estimating Conference.

4. The Department of State shall have printed, and shall furnish to each supervisor of elections, a copy of the summary from the initiative financial information statements. The supervisors shall have the summary from the

initiative financial information statements available at each polling place and at the main office of the supervisor of elections upon request.

5. The Secretary of State and the Office of Economic and Demographic Research shall make available on the Internet each initiative financial information statement in its entirety. In addition, each supervisor of elections whose office has a website shall post the summary from each initiative financial information statement on the website. Each supervisor shall include a copy of each summary from the initiative financial information statements and the Internet addresses for the information statements on the Secretary of State's and the Office of Economic and Demographic Research's websites in the publication or mailing required by s. 101.20.

(14) The Department of State may adopt rules in accordance with s. 120.54 to carry out the provisions of subsections (1)-(14).

(15) No provision of this code shall be deemed to prohibit a private person exercising lawful control over privately owned property, including property held open to the public for the purposes of a commercial enterprise, from excluding from such property persons seeking to engage in activity supporting or opposing initiative amendments.

101.001 Precincts and polling places; boundaries.

- (1) The board of county commissioners in each county, upon recommendation and approval of the supervisor, shall alter or create precincts for voting in the county. Each precinct shall be numbered and, as nearly as practicable, composed of contiguous and compact areas. The supervisor shall designate a polling place at a suitable location within each precinct. The precinct shall not be changed thereafter except with the consent of the supervisor and a majority of the members of the board of county commissioners. The board of county commissioners and the supervisor may have precinct boundaries conform to municipal boundaries in accordance with the provisions of s. 101.002, but, in any event, the registration books shall be maintained in such a manner that there may be determined therefrom the total number of electors in each municipality.
- (2) When in any election there are fewer than 25 registered electors of the only political party having candidates on the ballot at any precinct, such precinct may be combined with other adjoining precincts upon the recommendation of the supervisor and the approval of the county commissioners. Notice of the combination of precincts shall be given in the same manner as provided in s. 101.71(2).

(3)(a) Each supervisor of elections shall maintain a suitable map drawn to a scale no smaller than 3 miles to the inch and clearly delineating all major observable features such as roads, streams, and railway lines and showing the current geographical boundaries of each precinct, representative district, and senatorial district, and other type of district in the county subject to the elections process in this code.

(b) The supervisor shall provide to the department data on all precincts in the county associated with the most recent decennial census blocks within each precinct.

(c) The department shall maintain a searchable database that contains the precincts and the corresponding most recent decennial census blocks within the precincts for each county, including a historical file that allows the census blocks to be traced through the prior decade.

(d) The supervisor of elections shall notify the Secretary of State in writing within 10 days after any reorganization of precincts and shall furnish a copy of the map showing the current geographical boundaries and designation of each new precinct. However, if precincts are composed of whole census blocks, the supervisor may furnish, in lieu of a copy of the map, a list, in an electronic format prescribed by the Department of State, associating each census block in the county with its precinct.

(e) Any precinct established or altered under the provisions of this section shall consist of areas bounded on all sides only by census block boundaries from the most recent United States Census. If the census block boundaries split or conflict with another political boundary listed below, the boundary listed below may be used:

1. Governmental unit boundaries reported in the most recent Boundary and Annexation Survey published by the United States Census Bureau;

2. Visible features that are readily distinguishable upon the ground, such as streets, railroads, tracks, streams, and lakes, and that are indicated upon current census maps, official Department of Transportation maps, official municipal maps, official county maps, or a combination of such maps;

3. Boundaries of public parks, public school grounds, or churches; or

4. Boundaries of counties, incorporated municipalities, or other political subdivisions that meet criteria established by the United States Census Bureau for block boundaries.

(4)(a) Within 10 days after there is any change in the division, number, or boundaries of the precincts, or the location of the polling places, the supervisor of elections shall make in writing an accurate description of any new or altered precincts, setting forth the boundary lines and shall identify the location of each new or altered polling place. A copy of the document describing such changes shall be posted at the supervisor's office.

(b) Any changes in the county precinct data shall be provided to the department within 10 days after a change.

(c) Precinct data shall include all precincts for which precinct-level election results and voting history results are reported.

All binders, files, and other equipment or materials necessary for the permanent registration system shall be furnished by the board of county commissioners.

(2) The supervisor of elections shall deliver the records required for a municipal election to the municipal elections boards or other appropriate elections officials before the election and collect them after the election. The municipality shall reimburse the county for the actual costs incurred.

(3) Any person who is a duly registered elector pursuant to this code and who resides within the boundaries of a municipality is qualified to participate in all municipal elections, the provisions of special acts or local charters notwithstanding. It shall provide not less than two cards for each voting precinct for each election and furnish such cards to each supervisor upon requisition. - (c) An elector whose name changes because of marriage or other legal process may be permitted to vote, provided such elector completes an affirmation in substantially the following form:

All provisional ballots shall remain sealed in their envelopes for return to the supervisor of elections. The department shall prescribe the form of the provisional ballot envelope. A person casting a provisional ballot shall have the right to present written evidence supporting his or her eligibility to vote to the supervisor of elections by not later than 5 p.m. on the second day following the election.

(2)(a) The county canvassing board shall examine each Provisional Ballot Voter's Certificate and Affirmation to determine if the person voting that ballot was entitled to vote at the precinct where the person cast a vote in the election and that the person had not already cast a ballot in the election. In determining whether a person casting a provisional ballot is entitled to vote, the county canvassing board shall review the information provided in the Voter's Certificate and Affirmation, written evidence provided by the person pursuant to subsection (1), information provided in any cure affidavit and accompanying supporting documentation pursuant to subsection (6), any other evidence presented by the supervisor, and, in the case of a challenge, any evidence presented by the challenger. A ballot of a person casting a provisional ballot shall be canvassed pursuant to paragraph (b) unless the canvassing board determines by a preponderance of the evidence that the person was not entitled to vote.

(b) If it is determined that the person was registered and entitled to vote at the precinct where the person cast a vote in the election, the canvassing board must compare the signature on the Provisional Ballot Voter's

Certificate and Affirmation or the provisional ballot cure affidavit with the signature on the voter's registration or precinct register. A provisional ballot may be counted only if:

1. The signature on the voter's certificate or the cure affidavit matches the elector's signature in the registration books or the precinct register; however, in the case of a cure affidavit, the supporting identification listed in subsection (6) must also confirm the identity of the elector; or
2. The cure affidavit contains a signature that does not match the elector's signature in the registration books or the precinct register, but the elector has submitted a current and valid Tier 1 form of identification confirming his or her identity pursuant to subsection (6).

For purposes of this paragraph, any canvassing board finding that signatures do not match must be by majority vote and beyond a reasonable doubt.

(c) Any provisional ballot not counted must remain in the envelope containing the Provisional Ballot Voter's Certificate and Affirmation and the envelope shall be marked "Rejected as Illegal."

(d) If a provisional ballot is validated following the submission of a cure affidavit, the supervisor must make a copy of the affidavit, affix it to a voter registration application, and immediately process it as a valid request for a signature update pursuant to s. 98.077.

(3) The Provisional Ballot Voter's Certificate and Affirmation shall be in substantially the following form:

(4) Notwithstanding the requirements of subsections (1), (2), and (3), the supervisor of elections may, and for persons with disabilities shall, provide the appropriate provisional ballot to the voter by electronic means that meet the requirements of s. 101.56062, as provided for by the certified voting system. Each person casting a provisional ballot by electronic means shall, prior to casting his or her ballot, complete the Provisional Ballot Voter's Certificate and Affirmation as provided in subsection (3).

(5) Each person casting a provisional ballot shall be given written instructions regarding the person's right to provide the supervisor with written evidence of his or her eligibility to vote and regarding the free access system established pursuant to subsection (7). The instructions must contain the supervisor's contact information along with information on how to access the system and the information the voter will need to provide to obtain information on his or her particular ballot. The instructions shall also include the following statement: "If this is a primary election, you should contact the supervisor of elections' office immediately to confirm that you are registered and can vote in the general election."

(6)(a) As soon as practicable, the supervisor shall, on behalf of the county canvassing board, attempt to notify an elector who has submitted a provisional ballot that does not include the elector's signature or contains a signature that does not match the elector's signature in the registration books or precinct register by:

1. Notifying the elector of the signature deficiency by e-mail and directing the elector to the cure affidavit and instructions on the supervisor's website;
2. Notifying the elector of the signature deficiency by text message and directing the elector to the cure affidavit and instructions on the supervisor's website; or

3. Notifying the elector of the signature deficiency by telephone and directing the elector to the cure affidavit and instructions on the supervisor's website.

In addition to the notification required under subparagraph 1., subparagraph 2., or subparagraph 3., the supervisor must notify the elector of the signature deficiency by first-class mail and direct the elector to the cure affidavit and instructions on the supervisor's website. Beginning the day before the election, the supervisor is not required to provide notice of the signature deficiency by first-class mail, but shall continue to provide notice as required in subparagraph 1., subparagraph 2., or subparagraph 3.

(b) Until 5 p.m. on the 2nd day after an election, the supervisor shall allow an elector who has submitted a provisional ballot with a signature deficiency to complete and submit a cure affidavit.

(c) The elector must complete a cure affidavit in substantially the following form:

PROVISIONAL BALLOT CURE AFFIDAVIT

I, _____, am a qualified voter in this election and a registered voter of _____ County, Florida. I do solemnly swear or affirm that I voted a provisional ballot and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I may be convicted of a felony of the third degree, fined up to \$5,000, and imprisoned for up to 5 years. I understand that my failure to sign this affidavit will invalidate my ballot.

(Voter's Signature)

(Address)

(d) Instructions must accompany the cure affidavit in substantially the following form:

READ THESE INSTRUCTIONS CAREFULLY BEFORE COMPLETING THE AFFIDAVIT. FAILURE TO FOLLOW THESE INSTRUCTIONS MAY CAUSE YOUR BALLOT NOT TO COUNT.

1. In order to cure the missing signature or the signature discrepancy on your Provisional Ballot Voter's Certificate and Affirmation, your affidavit should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 5 p.m. on the 2nd day after the election.

2. You must sign your name on the line above (Voter's Signature).

3. You must make a copy of one of the following forms of identification:

a. Tier 1 identification.—Current and valid identification that includes your name and photograph: Florida driver license; Florida identification card issued by the Department of Highway Safety and Motor Vehicles; United States passport; debit or credit card; military identification; student identification; retirement center identification; neighborhood association identification; public assistance identification; veteran health identification card issued by the United States Department of Veterans Affairs; Florida license to carry a concealed weapon or firearm; or employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality; or

b. Tier 2 identification.—**ONLY IF YOU DO NOT HAVE A TIER 1 FORM OF IDENTIFICATION**, identification that shows your name and current residence address: current utility bill; bank statement; government check; paycheck; or government document (excluding voter information card).

4. Place the envelope bearing the affidavit into a mailing envelope addressed to the supervisor. Insert a copy of your identification in the mailing envelope. Mail (if time permits), deliver, or have delivered the completed affidavit along with the copy of your identification to your county supervisor of elections. Be sure there is sufficient postage if mailed and that the supervisor's address is correct. Remember, your information **MUST** reach your county supervisor of elections no later than 5 p.m. on the 2nd day following the election or your ballot will not count.

5. Alternatively, you may fax or e-mail your completed affidavit and a copy of your identification to the supervisor of elections. If e-mailing, please provide these documents as attachments.

6. Submitting a provisional ballot affidavit does not establish your eligibility to vote in this election or guarantee that your ballot will be counted. The county canvassing board determines your eligibility to vote through information provided on the Provisional Ballot Voter's Certificate and Affirmation, written evidence provided by you, including information in your cure affidavit along with any supporting identification, and any other evidence presented by the supervisor of elections or a challenger. You may still be required to present additional written evidence to support your eligibility to vote.

(e) The department and each supervisor shall include the affidavit and instructions on their respective websites. The supervisor shall include his or her office mailing address, e-mail address, and fax number on the page containing the affidavit instructions, and the department's instruction page shall include the office mailing addresses, e-mail addresses, and fax numbers of all supervisors or provide a conspicuous link to such addresses.

(f) The supervisor shall attach each affidavit received to the appropriate provisional ballot envelope containing the Provisional Ballot Voter's Certificate and Affirmation.

(7)(a) Each supervisor shall establish a free access system that allows each person who casts a provisional ballot to determine whether his or her provisional ballot was counted in the final canvass of votes and, if not, the reasons why. Information regarding provisional ballots shall be available no later than 30 days following the election. The system established must restrict information regarding an individual ballot to the person who cast the ballot.

(b) Unless processed as a signature update pursuant to subsection (2), the supervisor shall mail a voter registration application to the elector to be completed indicating the elector's current signature if the signature on the voter's certificate or cure affidavit did not match the elector's signature in the registration books or precinct register.

Once voted, the provisional ballot shall be placed in a secrecy envelope and thereafter sealed in a provisional ballot envelope. The election official witnessing the voter's subscription and affirmation on the Provisional Ballot Voter's Certificate shall indicate whether or not the voter met all requirements to vote a regular ballot at the polls. All such provisional ballots shall remain sealed in their envelopes and be transmitted to the supervisor of elections.

(2) Separate and apart from all other ballots, the county canvassing board shall count all late-voted provisional ballots that the canvassing board determines to be valid.

Any such elector, before retiring to the voting booth, may have one of such persons read over to him or her, without suggestion or interference, the titles of the offices to be filled and the candidates therefor and the issues on the ballot. If the basis for the challenge is that the person's legal residence is not in that precinct, the person shall first be given the opportunity to execute a change of legal residence in order to be able to vote a regular ballot in accordance with s. 101.045(2). If the change of legal residence is such that the person is then properly registered for that precinct, the person shall be allowed to vote a regular ballot. If the change of legal residence

101.5604 Adoption of system; procurement of equipment; commercial tabulations.

The board of county commissioners of any county, at any regular meeting or a special meeting called for the purpose, may, upon consultation with the supervisor of elections, adopt, purchase or otherwise procure, and provide for the use of any electronic or electromechanical voting system approved by the Department of State in all or a portion of the election precincts of that county. Thereafter the electronic or electromechanical voting system may be used for voting at all elections for public and party offices and on all measures and for receiving, registering, and counting the votes thereof in such election precincts as the governing body directs. A county must use an electronic or electromechanical precinct-count tabulation voting system.

101.56042 Punch card type systems prohibited.

Effective September 2, 2002, a voting system that uses an apparatus or device for the piercing of ballots by the voter may not be used in this state.

History.—s. 17, ch. 2001-40.

101.5605 Examination and approval of equipment.

(1) The Department of State shall publicly examine all makes of electronic or electromechanical voting systems submitted to it and determine whether the systems comply with the requirements of s. 101.5606.

(2)(a) Any person owning or interested in an electronic or electromechanical voting system may submit it to the Department of State for examination. The vote counting segment shall be certified after a satisfactory evaluation testing has been performed according to the standards adopted under s. 101.015(1). This testing shall include, but is not limited to, testing of all software required for the voting system's operation; the ballot reader; the rote processor, especially in its logic and memory components; the digital printer; the fail-safe operations; the counting center environmental requirements; and the equipment reliability estimate. For the purpose of assisting in examining the system, the department shall employ or contract for services of at least one individual who is expert in one or more fields of data processing, mechanical engineering, and public administration and shall require from the individual a written report of his or her examination.

(b) The person submitting a system for approval or the board of county commissioners of any county seeking approval of a given system shall reimburse the Department of State in an amount equal to the actual costs incurred by the department in examining the system. Such reimbursement shall be made whether or not the system is approved by the department.

(c) Neither the Secretary of State nor any examiner shall have any pecuniary interest in any voting equipment.

(d) The Department of State shall approve or disapprove any voting system submitted to it within 120 days after the date of its initial submission.

(3)(a) Before the Department of State approves the electronic or electromechanical voting system, the person who submitted it for examination shall provide the department with the name, mailing address, and telephone number of a registered agent, which agent must have and continuously maintain an office in this state. Any change in the name, address, or telephone number of the registered agent shall promptly be made known to the department.

(b) Before entering into a contract for the sale or lease of a voting system approved under this section to any county, the person entering into such contract shall provide the department with the name, mailing address, and telephone number of a registered agent, which agent must have and continuously maintain an office in this state. Any change in the name, address, or telephone number of the registered agent shall promptly be made known to the department.

(c) The department's proof of delivery or attempted delivery to the last mailing address of the registered agent on file with the department at the time of delivery or attempted delivery is valid for all notice purposes.

(d) Within 30 days after completing the examination and upon approval of any electronic or electromechanical voting system, the Department of State shall make and maintain a report on the system, together with a written or printed description and drawings and photographs clearly identifying the system and the operation thereof. As soon as practicable after such filing, the department shall send a notice of certification and, upon request, a copy

of the report to the governing bodies of the respective counties of the state. Any voting system that does not receive the approval of the department may not be adopted for or used at any election.

(e) After a voting system has been approved by the Department of State, any change or improvement in the system is required to be approved by the department prior to the adoption of such change or improvement by any county. If any such change or improvement does not comply with the requirements of this act, the department shall suspend all sales of the equipment or system in the state until the equipment or system complies with the requirements of this act.

(4) The Department of State may at any time reexamine any system, or any part thereof, which has previously been approved for the purpose of updating the certification of the system.

101.5606 Requirements for approval of systems.

No electronic or electromechanical voting system shall be approved by the Department of State unless it is so constructed that:

(1) It permits and requires voting in secrecy.

(2) It permits each elector to vote at any election for all persons and offices for whom and for which the elector is lawfully entitled to vote, and no others; to vote for as many persons for an office as the elector is entitled to vote for; and to vote for or against any question upon which the elector is entitled to vote.

(3) It immediately rejects a ballot where the number of votes for an office or measure exceeds the number which the voter is entitled to cast or where the tabulating equipment reads the ballot as a ballot with no votes cast.

(4) For systems using marksense ballots, it accepts a rejected ballot pursuant to subsection (3) if a voter chooses to cast the ballot, but records no vote for any office that has been overvoted or undervoted.

(5) It is capable of correctly counting votes.

(6) It permits each voter at a primary election to vote only for the candidates seeking nomination by the political party in which such voter is registered, for any candidate for nonpartisan office, and for any question upon which the voter is entitled to vote.

(7) At presidential elections it permits each elector, by one operation, to vote for all presidential electors of a party or for all presidential electors of candidates for President and Vice President with no party affiliation.

(8) It provides a method for write-in voting.

(9) It is capable of accumulating a count of the specific number of ballots tallied for a precinct, accumulating total votes by candidate for each office, and accumulating total votes for and against each question and issue of the ballots tallied for a precinct.

(10) It is capable of tallying votes from ballots of different political parties from the same precinct, in the case of a primary election.

(11) It is capable of automatically producing precinct totals in printed form.

(12) If it is of a type which registers votes electronically, it will permit each voter to change his or her vote for any candidate or upon any question appearing on the official ballot up to the time that the voter takes the final step to register his or her vote and to have the vote computed.

(13) It is capable of providing records from which the operation of the voting system may be audited.

(14) It uses a precinct-count tabulation system.

(15) It does not use an apparatus or device for the piercing of ballots by the voter.

History.—s. 6, ch. 73-156; s. 21, ch. 77-175; s. 10, ch. 84-302; s. 10, ch. 89-348; s. 578, ch. 95-147; s. 17, ch. 99-318; s. 18, ch. 2001-40; s. 10, ch. 2002-17; s. 35, ch. 2005-277; s. 32, ch. 2011-40.

101.56062 Standards for accessible voting systems.

(1) Notwithstanding anything in this chapter to the contrary, each voting system certified by the Department of State for use in local, state, and federal elections must include the capability to install accessible voter interface devices in the system configuration which will allow the system to meet the following minimum standards:

(a) The voting system must provide a tactile input or audio input device, or both.

- (b) The voting system must provide a method by which voters can confirm any tactile or audio input by having the capability of audio output using synthetic or recorded human speech that is reasonably phonetically accurate.
- (c) Any operable controls on the input device which are needed for voters who are visually impaired must be discernible tactilely without actuating the keys.
- (d) Audio and visual access approaches must be able to work both separately and simultaneously.
- (e) If a nonaudio access approach is provided, the system may not require color perception. The system must use black text or graphics, or both, on white background or white text or graphics, or both, on black background, unless the office of the Secretary of State approves other high-contrast color combinations that do not require color perception.
- (f) Any voting system that requires any visual perception must offer the election official who programs the system, prior to its being sent to the polling place, the capability to set the font size, as it appears to the voter, from a minimum of 14 points to a maximum of 24 points.
- (g) The voting system must provide audio information, including any audio output using synthetic or recorded human speech or any auditory feedback tones that are important for the use of the audio approach, through at least one mode, by handset or headset, in enhanced auditory fashion (increased amplification), and must provide incremental volume control with output amplification up to a level of at least 97 dB SPL.
- (h) For transmitted voice signals to the voter, the voting system must provide a gain adjustable up to a minimum of 20 dB with at least one intermediate step of 12 dB of gain.
- (i) For the safety of others, if the voting system has the possibility of exceeding 120 dB SPL, then a mechanism must be included to reset the volume automatically to the voting system's default volume level after every use, for example when the handset is replaced, but not before. Also, universal precautions in the use and sharing of headsets should be followed.
- (j) If sound cues and audible information such as "beeps" are used, there must be simultaneous corresponding visual cues and information.
- (k) Controls and operable mechanisms must be operable with one hand, including operability with a closed fist, and operable without tight grasping, pinching, or twisting of the wrist.
- (l) The force required to operate or activate the controls must be no greater than 5 pounds of force.
- (m) Voting booths must have voting controls at a minimum height of 36 inches above the finished floor with a minimum knee clearance of 27 inches high, 30 inches wide, and 19 inches deep, or the accessible voter interface devices must be designed so as to allow their use on top of a table to meet these requirements. Tabletop installations must include adequate privacy.
- (n) Any audio ballot must provide the voter with the following functionalities:
1. After the initial instructions that the system requires election officials to provide to each voter, the voter should be able to independently operate the voter interface through the final step of casting a ballot without assistance.
 2. The voter must be able to determine the races that he or she is allowed to vote in and to determine which candidates are available in each race.
 3. The voter must be able to determine how many candidates may be selected in each race.
 4. The voter must be able to have confidence that the physical or vocal inputs given to the system have selected the candidates that he or she intended to select.
 5. The voter must be able to review the candidate selections that he or she has made.
 6. Prior to the act of casting the ballot, the voter must be able to change any selections previously made and confirm a new selection.
 7. The system must communicate to the voter the fact that the voter has failed to vote in a race or has failed to vote the number of allowable candidates in any race and require the voter to confirm his or her intent to undervote before casting the ballot.
 8. The system must prevent the voter from overvoting any race.
 9. The voter must be able to input a candidate's name in each race that allows a write-in candidate.
 10. The voter must be able to review his or her write-in input to the interface, edit that input, and confirm that the edits meet the voter's intent.
 11. There must be a clear, identifiable action that the voter takes to "cast" the ballot. The system must make clear to the voter how to take this action so that the voter has minimal risk of taking the action accidentally but, when the voter intends to cast the ballot, the action can be easily performed.
 12. Once the ballot is cast, the system must confirm to the voter that the action has occurred and that the voter's process of voting is complete.

13. Once the ballot is cast, the system must preclude the voter from modifying the ballot cast or voting or casting another ballot.

The functionalities required in this paragraph for certification may be satisfied by either the voting device or by the entire voting system.

(2) Such voting system must include at least one accessible voter interface device installed in each polling place which meets the requirements of this section, except for paragraph (1)(d).

101.56063 Accessibility of voting systems and polling places; intent; eligibility for federal funding.

It is the intent of the Legislature that this state be eligible for any funds that are available from the Federal Government to assist states in providing or improving accessibility of voting systems and polling places for persons having a disability. Accordingly, all state laws, rules, standards, and codes governing voting systems and polling place accessibility must be maintained to ensure the state's eligibility to receive federal funds. It is the intent of the Legislature that all state requirements meet or exceed the minimum federal requirements for voting systems and polling place accessibility. This section shall take effect upon this act becoming a law.

History.—s. 13, ch. 2002-281.

101.56064 Application for federal funds under ch. 2002-281.

The state may apply for all available federal funds to be used to pay for the costs associated with this act.

101.56065 Voting system defects; disclosure; investigations; penalties.

(1) For purposes of this section, the term:

(a) "Defect" means:

1. Any failure, fault, or flaw in an electronic or electromechanical voting system approved pursuant to s. 101.5605 which results in nonconformance with the standards in a manner that affects the timeliness or accuracy of the casting or counting of ballots; or

2. Any failure or inability of the voting system manufacturer or vendor to make available or provide approved replacements of hardware or software to the counties that have purchased the approved voting system, the unavailability of which results in the system's nonconformance with the standards in a manner that affects the timeliness or accuracy of the casting or counting of ballots.

(b) "Standards" refers to the requirements in ss. 101.5606 and 101.56062 under which a voting system was approved for use in the state.

(c) "Vendor" means a person who submits or previously submitted a voting system that was approved by the Department of State in accordance with s. 101.5605, or a person who enters into a contract for the sale or lease of a voting system to any county, or that previously entered into such a contract that has not expired.

(2)(a) On January 1 of every odd-numbered year, each vendor shall file a written disclosure with the department identifying any known defect in the voting system or the fact that there is no known defect, the effect of any defect on the operation and use of the approved voting system, and any known corrective measures to cure a defect, including, but not limited to, advisories and bulletins issued to system users.

(b) Implementation of corrective measures approved by the department which enable a system to conform to the standards and ensure the timeliness and accuracy of the casting and counting of ballots constitutes a cure of a defect.

(c) If a vendor becomes aware of the existence of a defect, he or she must file a new disclosure with the department as provided in paragraph (a) within 30 days after the date the vendor determined or reasonably should have determined that the defect existed.

(d) If a vendor discloses to the department that a defect exists, the department may suspend all sales or leases of the voting system in the state and may suspend the use of the system in any election in the state. The department shall provide written notice of any such suspension to each affected vendor and supervisor of

elections. If the department determines that the defect no longer exists, the department shall lift the suspension and provide written notice to each affected vendor and supervisor of elections.

(e) If a vendor fails to file a required disclosure for a voting system previously approved by the department, that system may not be sold, leased, or used for elections in the state until it has been submitted for examination and approval and adopted for use pursuant to s. 101.5605. The department shall provide written notice to all supervisors of elections that the system is no longer approved.

(3)(a) If the department has reasonable cause to believe a voting system approved pursuant to s. 101.5605 contains a defect either before, during, or after an election which has not been disclosed pursuant to subsection (2), the department may investigate whether the voting system has a defect.

(b) The department may initiate an investigation pursuant to paragraph (a) on its own initiative or upon the written request of the supervisor of elections of a county that purchased or leased a voting system that contains the alleged defect.

(c) Upon initiating an investigation, the department shall provide written notice to the vendor and all of the supervisors of elections.

(4)(a) If the department determines by a preponderance of the evidence that a defect exists in the voting system, or that a vendor failed to timely disclose a defect pursuant to subsection (2), the department shall provide written notice to the affected vendor and supervisors of elections.

(b) A vendor entitled to receive notice pursuant to paragraph (a) shall, within 10 days, file a written response to the department which:

1. Denies that the alleged defect exists or existed as alleged by the department or that the vendor failed to timely disclose a defect, and sets forth the reasons for such denial; or
2. Admits that the defect exists or existed as alleged by the department or that the vendor failed to timely disclose a defect.

(c) If the defect has been cured, the vendor shall provide an explanation of how the defect was cured.

(d) If the defect has not been cured, the vendor shall inform the department whether the defect can be cured and shall provide the department with a plan for curing the defect. If the defect can be cured, the department shall establish a timeframe within which to cure the defect.

(5) If after receiving a response from the vendor, the department determines that a defect does not exist or has been cured within the timeframe established by the department, the department shall take no further action.

(6) If the department determines that: a vendor failed to timely disclose a defect; or that a defect exists and a vendor has not filed a written response or has failed to cure within the timeframe established by the department, or if the defect cannot be cured, the department shall impose a civil penalty of \$25,000 for the defect plus an amount equal to the actual costs incurred by the department in conducting the investigation.

(7) If the department finds that a defect existed:

(a) The department may suspend all sales and leases of the voting system and may suspend its use in any county in the state. The department shall provide written notice of the suspension to each affected vendor and supervisor of elections.

(b) If the department determines that a defect no longer exists in a voting system that has been suspended from use pursuant to paragraph (a), the department shall lift the suspension and authorize the sale, lease, and use of the voting system in any election in the state. The department shall provide written notice that the suspension has been lifted to each affected vendor and supervisor of elections.

(c) If the defect cannot be cured, the department may disapprove the voting system for use in elections in the state. The department shall provide written notice to all supervisors of elections that the system is no longer approved. After approval of a system has been withdrawn pursuant to this paragraph, the system may not be sold, leased, or used in elections in the state until it has been submitted for examination and approval and adopted for use pursuant to s. 101.5605.

(d) Any vendor against whom a civil penalty was imposed under this section may not submit a voting system for approval by the Department of State in accordance with s. 101.5605 or enter into a contract for sale or lease of a voting system in the state until the civil penalties have been paid and the department provides written confirmation to the supervisors of elections of the payment.

(8) The department shall prepare a written report of any investigation conducted pursuant to this section.

(9) The authority of the department under this section is in addition to, and not exclusive of, any other authority provided by law.

(10) All proceedings under this section are exempt from chapter 120.

101.5607 Department of State to maintain voting system information; prepare software.

(1)(a) Copies of the program codes and the user and operator manuals and copies of all software and any other information, specifications, or documentation required by the Department of State relating to an approved electronic or electromechanical voting system and its equipment must be filed with the Department of State by the supervisor of elections at the time of purchase or implementation. Any such information or materials that are not on file with and approved by the Department of State, including any updated or modified materials, may not be used in an election.

(b) Within 24 hours after the completion of any logic and accuracy test conducted pursuant to s. 101.5612, the supervisor of elections shall send by certified mail to the Department of State a copy of the tabulation program which was used in the logic and accuracy testing.

(c) The Department of State may, at any time, review the voting system of any county to ensure compliance with the Electronic Voting Systems Act.

(d) Section 119.071(1)(f) applies to all software on file with the Department of State.

(2)(a) The Department of State may develop software for use with an electronic or electromechanical voting system. The standards and examination procedures developed for software apply to all software developed by the Department of State.

(b) Software prepared by the Department of State is a public record pursuant to chapter 119 and shall be provided at the actual cost of duplication.

101.56075 Voting methods.

For the purpose of designating ballot selections, all voting must be by marksense ballot, using a marking device or a voter interface device that produces a voter-verifiable paper output and meets the voter accessibility requirements for individuals with disabilities under s. 301 of the federal Help America Vote Act of 2002 and s. 101.56062.

History.—s. 6, ch. 2007-30; s. 5, ch. 2010-167; s. 33, ch. 2011-40; s. 9, ch. 2013-57; s. 13, ch. 2019-162.

101.5608 Voting by electronic or electromechanical method; procedures.

(1) Each elector desiring to vote shall be identified to the clerk or inspector of the election as a duly qualified elector of such election and shall sign his or her name on the precinct register or other form or device provided by the supervisor. The inspector shall compare the signature with the signature on the identification provided by the elector. If the inspector is reasonably sure that the person is entitled to vote, the inspector shall provide the person with a ballot.

(2) When an electronic or electromechanical voting system utilizes a ballot card or marksense ballot, the following procedures shall be followed:

(a) After receiving a ballot from an inspector, the elector shall, without leaving the polling place, retire to a booth or compartment and mark the ballot. After marking his or her ballot, the elector shall place the ballot in a secrecy envelope so that the ballot will be deposited in the tabulator without exposing the voter's choices.

(b) Any voter who spoils his or her ballot or makes an error may return the ballot to the election official and secure another ballot, except that in no case shall a voter be furnished more than three ballots. If the vote tabulation device has rejected a ballot, the ballot shall be considered spoiled and a new ballot shall be provided to the voter unless the voter chooses to cast the rejected ballot. The election official, without examining the original ballot, shall state the possible reasons for the rejection and shall provide instruction to the voter pursuant to s. 101.5611. A spoiled ballot shall be preserved, without examination, in an envelope provided for that purpose. The stub shall be removed from the ballot and placed in an envelope.

(c) The supervisor of elections shall prepare for each polling place at least one ballot box to contain the ballots of a particular precinct, and each ballot box shall be plainly marked with the name of the precinct for which it is intended.

(3) The Department of State shall promulgate rules regarding voting procedures to be used when an electronic or electromechanical voting system is of a type which does not utilize a ballot card or marksense ballot.

(4) In any election in which a write-in candidate has qualified for office, the supervisor of elections shall provide for write-in voting pursuant to rules adopted by the Division of Elections.

History.—s. 8, ch. 73-156; s. 21, ch. 77-175; s. 13, ch. 81-105; s. 5, ch. 82-143; s. 12, ch. 84-302; s. 579, ch. 95-147; s. 20, ch. 2001-40; s. 11, ch. 2002-17; s. 36, ch. 2005-277; s. 35, ch. 2005-278; s. 20, ch. 2008-95.

101.5610 Inspection of ballot by election board.

The election board of each precinct shall cause the voting devices to be put in order, set, adjusted, and made ready for voting when delivered to the polling places. Before the opening of the polls, the election board shall compare the ballots or the ballot information used in the voting devices with the sample ballots furnished and see that the names, numbers, and letters thereon agree and shall certify thereto on forms provided by the supervisor of elections.

History.—s. 10, ch. 73-156; s. 14, ch. 84-302; s. 4, ch. 86-200.

101.5611 Instructions to electors.

(1) The supervisor of elections shall provide instruction at each polling place regarding the manner of voting with the system. In instructing voters, no precinct official may favor any political party, candidate, or issue. Such instruction shall show the arrangement of candidates and questions to be voted on. Additionally, the supervisor of elections shall provide instruction on the proper method of casting a ballot for the specific voting system utilized in that jurisdiction. Such instruction shall be provided at a place which voters must pass to reach the official voting booth.

(2) The supervisor of elections shall have posted at each polling place a notice that reads: “A person who commits or attempts to commit any fraud in connection with voting, votes a fraudulent ballot, or votes more than once in an election can be convicted of a felony of the third degree and fined up to \$5,000 and/or imprisoned for up to 5 years.”

History.—s. 11, ch. 73-156; s. 21, ch. 77-175; s. 581, ch. 95-147; s. 12, ch. 98-129; s. 12, ch. 2002-17.

101.5612 Testing of tabulating equipment.

(1) All electronic or electromechanical voting systems shall be thoroughly tested at the conclusion of maintenance and programming. Tests shall be sufficient to determine that the voting system is properly programmed, the election is correctly defined on the voting system, and all of the voting system input, output, and communication devices are working properly.

(2) On any day not more than 25 days before the commencement of early voting as provided in s. 101.657, the supervisor of elections shall have the automatic tabulating equipment publicly tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures. If the ballots to be used at the polling place on election day are not available at the time of the testing, the supervisor may conduct an additional test not more than 10 days before election day. Public notice of the time and place of the test shall be given at least 48 hours prior thereto by publication on the supervisor of elections’ website and once in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting the notice in at least four conspicuous places in the county. The supervisor or the municipal elections official may, at the time of qualifying, give written notice of the time and location of the public preelection test to each candidate qualifying with that office and obtain a signed receipt that the notice has been given. The Department of State shall give written notice to each statewide candidate at the time of qualifying, or immediately at the end of qualifying, that the voting equipment will be tested and advise each candidate to contact the county supervisor of elections as to the time and location of the public preelection test. The supervisor or the municipal elections official shall, at least 30 days before the commencement of early voting as provided in s. 101.657, send written notice by certified mail to the county party chair of each political party and to all candidates for other than statewide office whose names appear on the ballot in the county and who did not receive written notification from the supervisor or municipal elections official at the time of qualifying, stating the time and location of the public

preelection test of the automatic tabulating equipment. The canvassing board shall convene, and each member of the canvassing board shall certify to the accuracy of the test. For the test, the canvassing board may designate one member to represent it. The test shall be open to representatives of the political parties, the press, and the public. Each political party may designate one person with expertise in the computer field who shall be allowed in the central counting room when all tests are being conducted and when the official votes are being counted. The designee shall not interfere with the normal operation of the canvassing board.

(3) For electronic or electromechanical voting systems configured to tabulate vote-by-mail ballots at a central or regional site, the public testing shall be conducted by processing a preaudited group of ballots so produced as to record a predetermined number of valid votes for each candidate and on each measure and to include one or more ballots for each office which have activated voting positions in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated and errorless results achieved immediately before the start of the official count of the ballots and again after the completion of the official count. The programs and ballots used for testing shall be sealed and retained under the custody of the county canvassing board.

(4)(a)1. For electronic or electromechanical voting systems configured to include electronic or electromechanical tabulation devices which are distributed to the precincts, all or a sample of the devices to be used in the election shall be publicly tested. If a sample is to be tested, the sample shall consist of a random selection of at least 5 percent or 10 of the devices for an optical scan system, whichever is greater. For touchscreen systems used for voters having a disability, a sample of at least 2 percent of the devices must be tested. The test shall be conducted by processing a group of ballots, causing the device to output results for the ballots processed, and comparing the output of results to the results expected for the ballots processed. The group of ballots shall be produced so as to record a predetermined number of valid votes for each candidate and on each measure and to include for each office one or more ballots which have activated voting positions in excess of the number allowed by law in order to test the ability of the tabulating device to reject such votes.

2. If any tested tabulating device is found to have an error in tabulation, it shall be deemed unsatisfactory. For each device deemed unsatisfactory, the canvassing board shall take steps to determine the cause of the error, shall attempt to identify and test other devices that could reasonably be expected to have the same error, and shall test a number of additional devices sufficient to determine that all devices are satisfactory. Upon deeming any device unsatisfactory, the canvassing board may require all devices to be tested or may declare that all devices are unsatisfactory.

3. If the operation or output of any tested tabulation device, such as spelling or the order of candidates on a report, is in error, such problem shall be reported to the canvassing board. The canvassing board shall then determine if the reported problem warrants its deeming the device unsatisfactory.

(b) At the completion of testing under this subsection, the canvassing board or its representative, the representatives of the political parties, and the candidates or their representatives who attended the test shall witness the resetting of each device that passed to a preelection state of readiness and the sealing of each device that passed in such a manner as to secure its state of readiness until the opening of the polls.

(c) The canvassing board or its representative shall execute a written statement setting forth the tabulation devices tested, the results of the testing, the protective counter numbers, if applicable, of each tabulation device, the number of the seal securing each tabulation device at the conclusion of testing, any problems reported to the board as a result of the testing, and whether each device tested is satisfactory or unsatisfactory.

(d) Any tabulating device deemed unsatisfactory shall be recoded, repaired, or replaced and shall be made available for retesting. Such device must be determined by the canvassing board or its representative to be satisfactory before it may be used in any election. The canvassing board or its representative shall announce at the close of the first testing the date, place, and time that any unsatisfactory device will be retested or may, at the option of the board, notify by telephone each person who was present at the first testing as to the date, place, and time that the retesting will occur.

(e) Records must be kept of all preelection testing of electronic or electromechanical tabulation devices used in any election. Such records are to be present and available for inspection and reference during public preelection testing by any person in attendance during such testing. The need of the canvassing board for access to such records during the testing shall take precedence over the need of other attendees to access such records so that the work of the canvassing board will not be delayed or hindered. Records of testing must include, for each device, the name of each person who tested the device and the date, place, time, and results of each test. Records of testing shall be retained as part of the official records of the election in which any device was used.

(5) Any tests involving marksense ballots pursuant to this section shall employ test ballots created by the supervisor of elections using actual ballots that have been printed for the election. If ballot-on-demand ballots will be used in the election, the supervisor shall also create test ballots using the ballot-on-demand technology that will be used to produce ballots in the election, using the same paper stock as will be used for ballots in the election.

101.5613 Examination of equipment during voting.

A member of the election board or, for purposes of early voting pursuant to s. 101.657, a representative of the supervisor of elections shall occasionally examine the face of the voting device and the ballot information to determine that the device and the ballot information have not been damaged or tampered with.

History.—s. 13, ch. 73-156; s. 21, ch. 77-175; s. 16, ch. 84-302; s. 12, ch. 2004-252.

101.5614 Canvass of returns.

(1) As soon as the polls are closed, the election board shall secure the voting devices against further voting. The election board shall thereafter, in the presence of members of the public desiring to witness the proceedings, verify the number of voted ballots, unused ballots, provisional ballots, and spoiled ballots to ascertain whether such number corresponds with the number of ballots issued by the supervisor. If there is a difference, this fact shall be reported in writing to the county canvassing board with the reasons therefor if known. The total number of voted ballots shall be entered on the forms provided. The proceedings of the election board at the precinct after the polls have closed shall be open to the public; however, no person except a member of the election board shall touch any ballot or ballot container or interfere with or obstruct the orderly count of the ballots.

(2) The results of ballots tabulated at precinct locations may be transmitted to the main computer system for the purpose of compilation of complete returns. The security guidelines for transmission of returns shall conform to rules adopted by the Department of State pursuant to s. 101.015.

(3) For each ballot or ballot image on which write-in votes have been cast, the canvassing board shall compare the write-in votes with the votes cast on the ballot; if the total number of votes for any office exceeds the number allowed by law, such votes shall not be counted. All valid votes shall be tallied by the canvassing board.

(4)(a) If any vote-by-mail ballot is physically damaged so that it cannot properly be counted by the voting system's automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot in an open and accessible room in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot shall be made of a vote-by-mail ballot containing an overvoted race if there is a clear indication on the ballot that the voter has made a definite choice in the overvoted race or ballot measure. A duplicate shall include all valid votes as determined by the canvassing board based on rules adopted by the division pursuant to s. 102.166(4). A duplicate may be made of a ballot containing an undervoted race or ballot measure if there is a clear indication on the ballot that the voter has made a definite choice in the undervoted race or ballot measure. A duplicate may not include a vote if the voter's intent in such race or on such measure is not clear. Upon request, a physically present candidate, a political party official, a political committee official, or an authorized designee thereof, must be allowed to observe the duplication of ballots. The observer must be allowed to observe the duplication of ballots in such a way that the observer is able to see the markings on each ballot and the duplication taking place. All duplicate ballots must be clearly labeled "duplicate," bear a serial number which shall be recorded on the defective ballot, and be counted in lieu of the defective ballot. The duplication of ballots must happen in the presence of at least one canvassing board member. After a ballot has been duplicated, the defective ballot shall be placed in an envelope provided for that purpose, and the duplicate ballot shall be tallied with the other ballots for that precinct. If any observer makes a reasonable objection to a duplicate of a ballot, the ballot must be presented to the canvassing board for a determination of the validity of the duplicate. The canvassing board must document the serial number of the ballot in the canvassing board's minutes. The canvassing board must decide whether the duplication is valid. If the duplicate ballot is determined to be valid,

the duplicate ballot must be counted. If the duplicate ballot is determined to be invalid, the duplicate ballot must be rejected and a proper duplicate ballot must be made and counted in lieu of the original.

(b) A true duplicate copy shall be made of each federal write-in absentee ballot in the presence of witnesses and substituted for the federal write-in absentee ballot. The duplicate ballot must include all valid votes as determined by the canvassing board based on rules adopted by the division pursuant to s. 102.166(4). All duplicate ballots shall be clearly labeled “duplicate,” bear a serial number that shall be recorded on the federal write-in absentee ballot, and be counted in lieu of the federal write-in absentee ballot. After a ballot has been duplicated, the federal write-in absentee ballot shall be placed in an envelope provided for that purpose, and the duplicate ballot shall be tallied with other ballots for that precinct.

(5) If there is no clear indication on the ballot that the voter has made a definite choice for an office or ballot measure, the elector’s ballot shall not be counted for that office or measure, but the ballot shall not be invalidated as to those names or measures which are properly marked.

(6) Vote-by-mail ballots may be counted by the voting system’s automatic tabulating equipment if they have been marked in a manner which will enable them to be properly counted by such equipment.

(7) The return printed by the voting system’s automatic tabulating equipment, to which has been added the return of write-in, vote-by-mail, and manually counted votes and votes from provisional ballots, shall constitute the official return of the election upon certification by the canvassing board. Upon completion of the count, the returns shall be open to the public. A copy of the returns may be posted at the central counting place or at the office of the supervisor of elections in lieu of the posting of returns at individual precincts.

(8) Any supervisor of elections, deputy supervisor of elections, canvassing board member, election board member, or election employee who releases the results of any election prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

History.—s. 14, ch. 73-156; s. 1, ch. 77-174; s. 21, ch. 77-175; s. 14, ch. 81-105; s. 17, ch. 84-302; s. 1, ch. 85-17; s. 5, ch. 86-200; s. 17, ch. 90-315; s. 1, ch. 94-208; ss. 22, 37, ch. 2001-40; ss. 14, 15, ch. 2002-17; s. 38, ch. 2005-277; s. 35, ch. 2011-40; s. 2, ch. 2011-162; s. 12, ch. 2016-37; s. 2, ch. 2018-112; s. 14, ch. 2019-162; s. 3, ch. 2020-109; s. 20, ch. 2021-11.

101.572 Public inspection of ballots.

(1) The official ballots and ballot cards received from election boards and removed from vote-by-mail ballot mailing envelopes and voter certificates on such mailing envelopes shall be open for public inspection or examination while in the custody of the supervisor of elections or the county canvassing board at any reasonable time, under reasonable conditions; however, no persons other than the supervisor of elections or his or her employees or the county canvassing board shall handle any official ballot or ballot card. If the ballots are being examined prior to the end of the contest period in s. 102.168, the supervisor of elections shall make a reasonable effort to notify all candidates whose names appear on such ballots or ballot cards by telephone or otherwise of the time and place of the inspection or examination. All such candidates, or their representatives, shall be allowed to be present during the inspection or examination.

(2) A candidate, a political party official, or a political committee official, or an authorized designee thereof, shall be granted reasonable access upon request to review or inspect ballot materials before canvassing or tabulation, including voter certificates on vote-by-mail envelopes, cure affidavits, corresponding comparison signatures, duplicate ballots, and corresponding originals. Before the supervisor begins comparing signatures on vote-by-mail voter certificates, the supervisor must publish notice of the access to be provided under this section, which may be access to the documents or images thereof, and the method of requesting such access. During such review, no person granted access for review may make any copy of a signature.

101.58 Supervising and observing registration and election processes.

(1) The Department of State may, at any time it deems fit; upon the petition of 5 percent of the registered electors; or upon the petition of any candidate, county executive committee chair, state committeeman or committeewoman, or state executive committee chair, appoint one or more deputies whose duties shall be to observe and examine the registration and election processes and the condition, custody, and operation of voting

systems and equipment in any county or municipality. The deputy shall have access to all registration books and records as well as any other records or procedures relating to the voting process. The deputy may supervise preparation of the voting equipment and procedures for election, and it shall be unlawful for any person to obstruct the deputy in the performance of his or her duty. The deputy shall file with the Department of State a report of his or her findings and observations of the registration and election processes in the county or municipality, and a copy of the report shall also be filed with the clerk of the circuit court of said county. The compensation of such deputies shall be fixed by the Department of State; and costs incurred under this section shall be paid from the annual operating appropriation made to the Department of State.

(2) Upon the written direction of the Secretary of State, any employee of the Department of State having expertise in the matter of concern to the Secretary of State shall have full access to all premises, records, equipment, and staff of the supervisor of elections.

101.591 Voting system audit.

(1) Immediately following the certification of each election, the county canvassing board or the local board responsible for certifying the election shall conduct a manual audit or an automated, independent audit of the voting systems used in randomly selected precincts.

(2)(a) A manual audit shall consist of a public manual tally of the votes cast in one randomly selected race that appears on the ballot. The tally sheet shall include election-day, vote-by-mail, early voting, provisional, and overseas ballots, in at least 1 percent but no more than 2 percent of the precincts chosen at random by the county canvassing board or the local board responsible for certifying the election. If 1 percent of the precincts is less than one entire precinct, the audit shall be conducted using at least one precinct chosen at random by the county canvassing board or the local board responsible for certifying the election. Such precincts shall be selected at a publicly noticed canvassing board meeting.

(b) An automated audit shall consist of a public automated tally of the votes cast across every race that appears on the ballot. The tally sheet shall include election day, vote-by-mail, early voting, provisional, and overseas ballots in at least 20 percent of the precincts chosen at random by the county canvassing board or the local board responsible for certifying the election. Such precincts shall be selected at a publicly noticed canvassing board meeting.

(c) The division shall adopt rules for approval of an independent audit system which provide that the system, at a minimum, must be:

1. Completely independent of the primary voting system.
2. Fast enough to produce final audit results within the timeframe prescribed in subsection (4).
3. Capable of demonstrating that the ballots of record have been accurately adjudicated by the audit system.

(3) The canvassing board shall post a notice of the audit, including the date, time, and place, in four conspicuous places in the county and on the home page of the county supervisor of elections website.

(4) The audit must be completed and the results made public no later than 11:59 p.m. on the 7th day following certification of the election by the county canvassing board or the local board responsible for certifying the election.

(5) By December 15 of each general election year, the county canvassing board or the board responsible for certifying the election shall provide a report with the results of the audit to the Department of State in a standard format as prescribed by the department. The report must be consolidated into one report with the overvote and undervote report required under s. 101.595(1). The report shall contain, but is not limited to, the following items:

- (a) The overall accuracy of audit.
- (b) A description of any problems or discrepancies encountered.
- (c) The likely cause of such problems or discrepancies.
- (d) Recommended corrective action with respect to avoiding or mitigating such circumstances in future elections.

(6) If a manual recount is undertaken pursuant to s. 102.166, the canvassing board is not required to perform the audit provided for in this section.

History.—s. 14, ch. 89-348; s. 41, ch. 97-13; s. 8, ch. 2007-30; s. 36, ch. 2011-40; s. 10, ch. 2013-57; s. 14, ch. 2016-37; s. 22, ch. 2021-11.

101.5911 Rulemaking authority for voting system audit procedures.

Effective upon this act becoming a law, the Department of State shall adopt rules to implement the provisions of s. 101.591, as amended by s. 8, chapter 2007-30, Laws of Florida, which prescribe detailed audit procedures for each voting system, which shall be uniform to the extent practicable, along with the standard form for audit reports.

History.—s. 9, ch. 2007-30.

101.595 Analysis and reports of voting problems.

(1) No later than December 15 of each general election year, the supervisor of elections in each county shall report to the Department of State the total number of overvotes and undervotes in the “President and Vice President” or “Governor and Lieutenant Governor” race that appears first on the ballot or, if neither appears, the first race appearing on the ballot pursuant to s. 101.151(2), along with the likely reasons for such overvotes and undervotes and other information as may be useful in evaluating the performance of the voting system and identifying problems with ballot design and instructions which may have contributed to voter confusion. This report must be consolidated into one report with the audit report required under s. 101.591(5).

(2) The Department of State, upon receipt of such information, shall prepare a public report on the performance of each type of voting system. The report must contain, but is not limited to, the following information:

(a) An identification of problems with the ballot design or instructions which may have contributed to voter confusion;

(b) An identification of voting system design problems; and

(c) Recommendations for correcting any problems identified.

(3) The Department of State shall submit the report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by February 15 of each year following a general election.

History.—s. 24, ch. 2001-40; s. 16, ch. 2002-17; s. 41, ch. 2005-277; s. 23, ch. 2021-11.

101.6101 Short title.

Sections 101.6101-101.6107 may be cited as the “Mail Ballot Election Act.”

History.—s. 1, ch. 87-364.

101.6102 Mail ballot elections; limitations.

(1)(a) An election may be conducted by mail ballot if:

1. The election is a referendum election at which all or a portion of the qualified electors of one of the following subdivisions of government are the only electors eligible to vote:

a. Counties;

b. Cities;

c. School districts covering no more than one county; or

d. Special districts;

2. The governing body responsible for calling the election and the supervisor of elections responsible for the conduct of the election authorize the use of mail ballots for the election; and

3. The Secretary of State approves a written plan for the conduct of the election, which shall include a written timetable for the conduct of the election, submitted by the supervisor of elections.

(b) In addition, an annexation referendum which includes only qualified electors of one county may also be voted on by mail ballot election.

(2) The following elections may not be conducted by mail ballot:

(a) An election at which any candidate is nominated, elected, retained, or recalled; or

- (b) An election held on the same date as another election, other than a mail ballot election, in which the qualified electors of that political subdivision are eligible to cast ballots.
 - (3) The supervisor of elections shall be responsible for the conduct of any election held under ss. 101.6101-101.6107.
 - (4) The costs of a mail ballot election shall be borne by the jurisdiction initiating the calling of the election, unless otherwise provided by law.
 - (5) Nothing in this section shall be construed to prohibit the use of a mail ballot election in a municipal annexation referendum requiring separate vote of the registered electors of the annexing municipality and of the area proposed to be annexed. If a mail ballot election is authorized for a municipal annexation referendum, the provisions of ss. 101.6101-101.6107 shall control over any conflicting provisions of s. 171.0413.
- History.**—s. 1, ch. 87-364; s. 1, ch. 89-52; s. 27, ch. 89-338; s. 18, ch. 90-315.

101.6103 Mail ballot election procedure.

- (1) Except as otherwise provided in subsection (7), the supervisor of elections shall mail all official ballots with a secrecy envelope, a return mailing envelope, and instructions sufficient to describe the voting process to each elector entitled to vote in the election not sooner than the 20th day before the election and not later than the 10th day before the date of the election. All such ballots shall be mailed by first-class mail. Ballots shall be addressed to each elector at the address appearing in the registration records and placed in an envelope which is prominently marked “Do Not Forward.”
- (2) Upon receipt of the ballot the elector shall mark the ballot, place it in the secrecy envelope, sign the return mailing envelope supplied with the ballot, and comply with the instructions provided with the ballot. The elector shall mail, deliver, or have delivered the marked ballot so that it reaches the supervisor of elections no later than 7 p.m. on the day of the election. The ballot must be returned in the return mailing envelope.
- (3) The return mailing envelope shall contain a statement in substantially the following form:

VOTER'S CERTIFICATE

I, (Print Name), do solemnly swear (or affirm) that I am a qualified voter in this election and that I have not and will not vote more than one ballot in this election.

I understand that failure to sign this certificate and give my residence address will invalidate my ballot.

(Signature)

(Residence Address)

- (4) If the ballot is destroyed, spoiled, lost, or not received by the elector, the elector may obtain a replacement ballot from the supervisor of elections as provided in this subsection. An elector seeking a replacement ballot shall sign a sworn statement that the ballot was destroyed, spoiled, lost, or not received and present such statement to the supervisor of elections prior to 7 p.m. on the day of the election. The supervisor of elections shall keep a record of each replacement ballot provided under this subsection.
- (5) A ballot shall be counted only if:
 - (a) It is returned in the return mailing envelope;
 - (b) The elector's signature has been verified as provided in this subsection; and
 - (c) It is received by the supervisor of elections not later than 7 p.m. on the day of the election.

The supervisor of elections shall verify the signature of each elector on the return mailing envelope with the signature on the elector's registration records. Such verification may commence at any time prior to the canvass of votes. The supervisor of elections shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. If the supervisor of elections determines that an elector to whom a replacement ballot has been issued under subsection (4) has voted more than once, the canvassing board shall determine which ballot, if any, is to be counted.

- (6) The canvassing board may begin the canvassing of mail ballots at 7 a.m. on the sixth day before the election, including processing the ballots through the tabulating equipment. However, results may not be released until after 7 p.m. on election day. Any canvassing board member or election employee who releases any result before 7 p.m. on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.
- (7) With respect to absent electors overseas entitled to vote in the election, the supervisor of elections shall mail an official ballot with a secrecy envelope, a return mailing envelope, and instructions sufficient to describe the voting process to each such elector on a date sufficient to allow such elector time to vote in the election and to have his or her marked ballot reach the supervisor by 7 p.m. on the day of the election.

- (8) A ballot that otherwise satisfies the requirements of subsection (5) shall be counted even if the elector dies after mailing the ballot but before election day, as long as, prior to the death of the voter, the ballot was:
- (a) Postmarked by the United States Postal Service;
 - (b) Date-stamped with a verifiable tracking number by common carrier; or
 - (c) Already in the possession of the supervisor of elections.

History.—s. 1, ch. 87-364; s. 585, ch. 95-147; s. 42, ch. 2005-277; s. 29, ch. 2007-30.

101.6104 Challenge of votes.

If any elector present for the canvass of votes believes that any ballot is illegal due to any defect apparent on the voter's certificate, the elector may, at any time before the ballot is removed from the envelope, file with the canvassing board a protest against the canvass of such ballot, specifying the reason he or she believes the ballot to be illegal. No challenge based upon any defect on the voter's certificate shall be accepted after the ballot has been removed from the return mailing envelope.

History.—s. 1, ch. 87-364; s. 586, ch. 95-147.

101.6105 Vote-by-mail voting.

The provisions of the election code relating to vote-by-mail voting and vote-by-mail ballots shall apply to elections under ss. 101.6101-101.6107 only insofar as they do not conflict with the provisions of ss. 101.6101-101.6107.

History.—s. 1, ch. 87-364; s. 15, ch. 2016-37.

101.6106 Application of other election laws.

All laws that are applicable to general elections are applicable to mail ballot elections to the extent applicable.

History.—s. 1, ch. 87-364.

101.6107 Department of State to adopt rules.

The Department of State shall adopt rules governing the procedures and forms necessary to implement ss. 101.6101-101.6107.

History.—s. 1, ch. 87-364.

101.62 Request for vote-by-mail ballots.

(1)(a) The supervisor shall accept a request for a vote-by-mail ballot from an elector in person or in writing. One request is deemed sufficient to receive a vote-by-mail ballot for all elections through the end of the calendar year of the next regularly scheduled general election, unless the elector or the elector's designee indicates at the time the request is made the elections within such period for which the elector desires to receive a vote-by-mail ballot. Such request may be considered canceled when any first-class mail sent by the supervisor to the elector is returned as undeliverable.

(b) The supervisor may accept a written, an in-person, or a telephonic request for a vote-by-mail ballot to be mailed to an elector's address on file in the Florida Voter Registration System from the elector, or, if directly instructed by the elector, a member of the elector's immediate family, or the elector's legal guardian. If an in-person or a telephonic request is made, the elector must provide the elector's Florida driver license number, the elector's Florida identification card number, or the last four digits of the elector's social security number, whichever may be verified in the supervisor's records. If the ballot is requested to be mailed to an address other than the elector's address on file in the Florida Voter Registration System, the request must be made in writing. A written request must be signed by the elector and include the elector's Florida driver license number, the elector's Florida identification card number, or the last four digits of the elector's social security number.

However, an absent uniformed service voter or an overseas voter seeking a vote-by-mail ballot is not required to submit a signed, written request for a vote-by-mail ballot that is being mailed to an address other than the elector's address on file in the Florida Voter Registration System. For purposes of this section, the term "immediate family" has the same meaning as specified in paragraph (4)(c). The person making the request must disclose:

1. The name of the elector for whom the ballot is requested.
2. The elector's address.
3. The elector's date of birth.
4. The elector's Florida driver license number, the elector's Florida identification card number, or the last four digits of the elector's social security number, whichever may be verified in the supervisor's records.
5. The requester's name.
6. The requester's address.
7. The requester's driver license number, the requester's identification card number, or the last four digits of the requester's social security number, if available.
8. The requester's relationship to the elector.
9. The requester's signature (written requests only).

(c) Upon receiving a request for a vote-by-mail ballot from an absent voter, the supervisor of elections shall notify the voter of the free access system that has been designated by the department for determining the status of his or her vote-by-mail ballot.

(2) A request for a vote-by-mail ballot to be mailed to a voter must be received no later than 5 p.m. on the 10th day before the election by the supervisor. The supervisor shall mail vote-by-mail ballots to voters requesting ballots by such deadline no later than 8 days before the election.

(3) For each request for a vote-by-mail ballot received, the supervisor shall record: the date the request was made; the identity of the voter's designee making the request, if any; the Florida driver license number, Florida identification card number, or last four digits of the social security number of the elector provided with a written request; the date the vote-by-mail ballot was delivered to the voter or the voter's designee or the date the vote-by-mail ballot was delivered to the post office or other carrier; the address to which the ballot was mailed or the identity of the voter's designee to whom the ballot was delivered; the date the ballot was received by the supervisor; the absence of the voter's signature on the voter's certificate, if applicable; whether the voter's certificate contains a signature that does not match the elector's signature in the registration books or precinct register; and such other information he or she may deem necessary. This information shall be provided in electronic format as provided by division rule. The information shall be updated and made available no later than 8 a.m. of each day, including weekends, beginning 60 days before the primary until 15 days after the general election and shall be contemporaneously provided to the division. This information shall be confidential and exempt from s. 119.07(1) and shall be made available to or reproduced only for the voter requesting the ballot, a canvassing board, an election official, a political party or official thereof, a candidate who has filed qualification papers and is opposed in an upcoming election, and registered political committees for political purposes only.

(4)(a) No later than 45 days before each presidential preference primary election, primary election, and general election, the supervisor of elections shall send a vote-by-mail ballot as provided in subparagraph (c)2. to each absent uniformed services voter and to each overseas voter who has requested a vote-by-mail ballot.

(b) The supervisor shall mail a vote-by-mail ballot to each absent qualified voter, other than those listed in paragraph (a), who has requested such a ballot, between the 40th and 33rd days before the presidential preference primary election, primary election, and general election. Except as otherwise provided in subsection (2) and after the period described in this paragraph, the supervisor shall mail vote-by-mail ballots within 2 business days after receiving a request for such a ballot.

(c) The supervisor shall provide a vote-by-mail ballot to each elector by whom a request for that ballot has been made by one of the following means:

1. By nonforwardable, return-if-undeliverable mail to the elector's current mailing address on file with the supervisor or any other address the elector specifies in the request.
2. By forwardable mail, e-mail, or facsimile machine transmission to absent uniformed services voters and overseas voters. The absent uniformed services voter or overseas voter may designate in the vote-by-mail ballot request the preferred method of transmission. If the voter does not designate the method of transmission, the vote-by-mail ballot shall be mailed.
3. By personal delivery before 7 p.m. on election day to the elector, upon presentation of the identification required in s. 101.043.

4. By delivery to a designee on election day or up to 9 days before the day of an election. Any elector may designate in writing a person to pick up the ballot for the elector; however, the person designated may not pick up more than two vote-by-mail ballots per election, other than the designee's own ballot, except that additional ballots may be picked up for members of the designee's immediate family. For purposes of this section, "immediate family" means the designee's spouse or the parent, child, grandparent, grandchild, or sibling of the designee or of the designee's spouse. The designee shall provide to the supervisor the written authorization by the elector and a picture identification of the designee and must complete an affidavit. The designee shall state in the affidavit that the designee is authorized by the elector to pick up that ballot and shall indicate if the elector is a member of the designee's immediate family and, if so, the relationship. The department shall prescribe the form of the affidavit. If the supervisor is satisfied that the designee is authorized to pick up the ballot and that the signature of the elector on the written authorization matches the signature of the elector on file, the supervisor shall give the ballot to that designee for delivery to the elector.

5. Except as provided in s. 101.655, the supervisor may not deliver a vote-by-mail ballot to an elector or an elector's immediate family member on the day of the election unless there is an emergency, to the extent that the elector will be unable to go to his or her assigned polling place. If a vote-by-mail ballot is delivered, the elector or his or her designee shall execute an affidavit affirming to the facts which allow for delivery of the vote-by-mail ballot. The department shall adopt a rule providing for the form of the affidavit.

(5) If the department is unable to certify candidates for an election in time to comply with paragraph (4)(a), the Department of State is authorized to prescribe rules for a ballot to be sent to absent uniformed services voters and overseas voters.

(6) Only the materials necessary to vote by mail may be mailed or delivered with any vote-by-mail ballot.

(7) Except as expressly authorized for voters having a disability under s. 101.662, for overseas voters under s. 101.697, or for local referenda under ss. 101.6102 and 101.6103, a county, municipality, or state agency may not send a vote-by-mail ballot to a voter unless the voter has requested a vote-by-mail ballot in the manner authorized under this section.

101.64 Delivery of vote-by-mail ballots; envelopes; form.

(1)(a) The supervisor shall enclose with each vote-by-mail ballot two envelopes: a secrecy envelope, into which the absent elector shall enclose his or her marked ballot; and a mailing envelope, into which the absent elector shall then place the secrecy envelope, which shall be addressed to the supervisor and also bear on the back side a certificate in substantially the following form:

Note: Please Read Instructions Carefully Before
Marking Ballot and Completing Voter's Certificate.

VOTER'S CERTIFICATE

I, _____, do solemnly swear or affirm that I am a qualified and registered voter of _____ County, Florida, and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt to commit any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I can be convicted of a felony of the third degree and fined up to \$5,000 and/or imprisoned for up to 5 years. I also understand that failure to sign this certificate will invalidate my ballot.

 (Date) (Voter's Signature)
 (E-Mail Address) (Home Telephone Number)

(b) Each return mailing envelope must bear the absent elector's name and any encoded mark used by the supervisor's office.

(c) A mailing envelope or secrecy envelope may not bear any indication of the political affiliation of an absent elector.

(2) The certificate shall be arranged on the back of the mailing envelope so that the line for the signature of the absent elector is across the seal of the envelope; however, no statement shall appear on the envelope which indicates that a signature of the voter must cross the seal of the envelope. The absent elector shall execute the certificate on the envelope.

(3) In lieu of the voter's certificate provided in this section, the supervisor of elections shall provide each person voting absentee under the Uniformed and Overseas Citizens Absentee Voting Act with the standard oath prescribed by the presidential designee.

(4) The supervisor shall mark, code, indicate on, or otherwise track the precinct of the absent elector for each vote-by-mail ballot.

(5) The secrecy envelope must include, in bold font, substantially the following message:

101.65 Instructions to absent electors.

The supervisor shall enclose with each vote-by-mail ballot separate printed instructions in substantially the following form; however, where the instructions appear in capitalized text, the text of the printed instructions must be in bold font:

**READ THESE INSTRUCTIONS CAREFULLY
BEFORE MARKING BALLOT.**

1. **VERY IMPORTANT.** In order to ensure that your vote-by-mail ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the day of the election. However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your vote-by-mail ballot must be postmarked or dated no later than the date of the election and received by the supervisor of elections of the county in which you are registered to vote no later than 10 days after the date of the election. Note that the later you return your ballot, the less time you will have to cure any signature deficiencies, which is authorized until 5 p.m. on the 2nd day after the election.
2. Mark your ballot in secret as instructed on the ballot. You must mark your own ballot unless you are unable to do so because of blindness, disability, or inability to read or write.
3. Mark only the number of candidates or issue choices for a race as indicated on the ballot. If you are allowed to "Vote for One" candidate and you vote for more than one candidate, your vote in that race will not be counted.
4. Place your marked ballot in the enclosed secrecy envelope.
5. Insert the secrecy envelope into the enclosed mailing envelope which is addressed to the supervisor.
6. Seal the mailing envelope and completely fill out the Voter's Certificate on the back of the mailing envelope.
7. **VERY IMPORTANT.** In order for your vote-by-mail ballot to be counted, you must sign your name on the line above (Voter's Signature). A vote-by-mail ballot will be considered illegal and not be counted if the signature on the voter's certificate does not match the signature on record. The signature on file at the time the supervisor of elections in the county in which your precinct is located receives your vote-by-mail ballot is the signature that will be used to verify your signature on the voter's certificate. If you need to update your signature for this election,

send your signature update on a voter registration application to your supervisor of elections so that it is received before your vote-by-mail ballot is received.

8. **VERY IMPORTANT.** If you are an overseas voter, you must include the date you signed the Voter's Certificate on the line above (Date) or your ballot may not be counted.

9. Mail, deliver, or have delivered the completed mailing envelope. Be sure there is sufficient postage if mailed. **THE COMPLETED MAILING ENVELOPE CAN BE DELIVERED TO THE OFFICE OF THE SUPERVISOR OF ELECTIONS OF THE COUNTY IN WHICH YOUR PRECINCT IS LOCATED OR DROPPED OFF AT AN AUTHORIZED SECURE DROP BOX, AVAILABLE AT EACH EARLY VOTING LOCATION.**

10. **FELONY NOTICE.** It is a felony under Florida law to accept any gift, payment, or gratuity in exchange for your vote for a candidate. It is also a felony under Florida law to vote in an election using a false identity or false address, or under any other circumstances making your ballot false or fraudulent.

101.655 Supervised voting by absent electors in certain facilities.

(1) The supervisor of elections of a county shall provide supervised voting for absent electors residing in any assisted living facility, as defined in s. 429.02, or nursing home facility, as defined in s. 400.021, within that county at the request of any administrator of such a facility. Such request for supervised voting in the facility shall be made by submitting a written request to the supervisor of elections no later than 21 days prior to the election for which that request is submitted. The request shall specify the name and address of the facility and the name of the electors who wish to vote by mail in that election. If the request contains the names of fewer than five voters, the supervisor of elections is not required to provide supervised voting.

(2) The supervisor of elections may, in the absence of a request from the administrator of a facility, provide for supervised voting in the facility for those persons who have requested vote-by-mail ballots. The supervisor of elections shall notify the administrator of the facility that supervised voting will occur.

(3) The supervisor of elections shall, in cooperation with the administrator of the facility, select a date and time when the supervised voting will occur.

(4) The supervisor of elections shall designate supervised voting teams to provide the services prescribed by this section. Each supervised voting team shall include at least two persons. Each supervised voting team must include representatives of more than one political party; however, in any primary election to nominate party nominees in which only one party has candidates appearing on the ballot, all supervised voting team members may be of that party. No candidate may provide supervised voting services.

(5) The supervised voting team shall deliver the ballots to the respective absent electors, and each member of the team shall jointly supervise the voting of the ballots. If any elector requests assistance in voting, the oath prescribed in s. 101.051 shall be completed and the elector may receive the assistance of two members of the supervised voting team or some other person of the elector's choice to assist the elector in casting the elector's ballot.

(6) Before providing assistance, the supervised voting team shall disclose to the elector that the ballot may be retained to vote at a later time and that the elector has the right to seek assistance in voting from some other person of the elector's choice without the presence of the supervised voting team.

(7) If any elector declines to vote a ballot or is unable to vote a ballot, the supervised voting team shall mark the ballot "refused to vote" or "unable to vote."

(8) After the ballots have been voted or marked in accordance with the provisions of this section, the supervised voting team shall deliver the ballots to the supervisor of elections, who shall retain them pursuant to s. 101.67.

History.—s. 6, ch. 96-57; s. 5, ch. 2006-197; s. 19, ch. 2016-37.

101.657 Early voting.

(1)(a) As a convenience to the voter, the supervisor of elections shall allow an elector to vote early in the main or branch office of the supervisor. The supervisor shall mark, code, indicate on, or otherwise track the voter's precinct for each early voted ballot. In order for a branch office to be used for early voting, it shall be a permanent facility of the supervisor and shall have been designated and used as such for at least 1 year prior to the election. The supervisor may also designate any city hall, permanent public library facility, fairground, civic center, courthouse, county commission building, stadium, convention center, government-owned senior center, or government-owned community center as an early voting site; however, if so designated, the sites must be geographically located so as to provide all voters in the county an equal opportunity to cast a ballot, insofar as is practicable, and must provide sufficient nonpermitted parking to accommodate the anticipated amount of voters. In addition, a supervisor may designate one early voting site per election in an area of the county that does not have any of the eligible early voting locations. Such additional early voting site must be geographically located so as to provide all voters in that area with an equal opportunity to cast a ballot, insofar as is practicable, and must provide sufficient nonpermitted parking to accommodate the anticipated amount of voters. Each county shall, at a minimum, operate the same total number of early voting sites for a general election which the county operated for the 2012 general election. The results or tabulation of votes cast during early voting may not be made before the close of the polls on election day. Results shall be reported by precinct.

(b) The supervisor shall designate each early voting site by no later than the 30th day prior to an election and shall designate an early voting area, as defined in s. 97.021, at each early voting site. The supervisor shall provide to the division no later than the 30th day before an election the address of each early voting site and the hours that early voting will occur at each site.

(c) All early voting sites in a county shall allow any person in line at the closing of an early voting site to vote.

(d) Early voting shall begin on the 10th day before an election that contains state or federal races and end on the 3rd day before the election, and shall be provided for no less than 8 hours and no more than 12 hours per day at each site during the applicable period. In addition, early voting may be offered at the discretion of the supervisor of elections on the 15th, 14th, 13th, 12th, 11th, or 2nd day before an election that contains state or federal races for at least 8 hours per day, but not more than 12 hours per day. The supervisor of elections may provide early voting for elections that are not held in conjunction with a state or federal election. However, the supervisor has the discretion to determine the hours of operation of early voting sites in those elections.

(e) Notwithstanding the requirements of s. 100.3605, municipalities may provide early voting in municipal elections that are not held in conjunction with county or state elections. If a municipality provides early voting, it may designate as many sites as necessary and shall conduct its activities in accordance with the provisions of paragraphs (a)-(c). The supervisor is not required to conduct early voting if it is provided pursuant to this subsection.

(f) Notwithstanding the requirements of s. 189.04, special districts may provide early voting in any district election not held in conjunction with county or state elections. If a special district provides early voting, it may designate as many sites as necessary and shall conduct its activities in accordance with the provisions of paragraphs (a)-(c). The supervisor is not required to conduct early voting if it is provided pursuant to this subsection.

(2) During any early voting period, each supervisor shall make available the total number of voters casting a ballot at each early voting location and the total number of vote-by-mail ballots received under s. 101.69(2) during the previous day. Each supervisor shall prepare an electronic data file listing the individual voters who cast a ballot during the early voting period. This information shall be provided in electronic format as provided by rule adopted by the division. The information shall be updated and made available no later than noon of each day and shall be contemporaneously provided to the division.

(3) The ballot of each elector voting early shall be counted even if the elector dies on or before election day.

(4)(a) The elector must provide identification and must complete an Early Voting Voter Certificate in substantially the following form:

EARLY VOTING VOTER CERTIFICATE

I, _____, am a qualified elector in this election and registered voter of _____ County, Florida. I do solemnly swear or affirm that I am the person so listed on the voter registration rolls of _____ County and that I reside at the listed address. I understand that if I commit or attempt to commit fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election I could be convicted of a felony of the third degree and both fined up to \$5,000 and imprisoned for up to 5 years. I understand that my failure to sign this certificate invalidates my ballot.

(Voter's Signature)

101.67 Safekeeping of mailed ballots; deadline for receiving vote-by-mail ballots.

(1) The supervisor of elections shall safely keep in his or her office any envelopes received containing marked ballots of absent electors, and he or she shall, before the canvassing of the election returns, deliver the envelopes to the county canvassing board along with his or her file or list kept regarding said ballots.

(2) Except as provided in s. 101.6952(5), all marked absent electors' ballots to be counted must be received by the supervisor by 7 p.m. the day of the election. All ballots received thereafter shall be marked with the time and date of receipt and filed in the supervisor's office.

Note.—Former s. 101.07.

101.68 Canvassing of vote-by-mail ballot.

(1) The supervisor of the county where the absent elector resides shall receive the voted ballot, at which time the supervisor shall compare the signature of the elector on the voter's certificate with the signature of the elector in the registration books or the precinct register to determine whether the elector is duly registered in the county and must record on the elector's registration record that the elector has voted. During the signature comparison process, the supervisor may not use any knowledge of the political affiliation of the voter whose signature is subject to verification. An elector who dies after casting a vote-by-mail ballot but on or before election day shall remain listed in the registration books until the results have been certified for the election in which the ballot was cast. The supervisor shall safely keep the ballot unopened in his or her office until the county canvassing board canvasses the vote. Except as provided in subsection (4), after a vote-by-mail ballot is received by the supervisor, the ballot is deemed to have been cast, and changes or additions may not be made to the voter's certificate.

(2)(a) The county canvassing board may begin the canvassing of vote-by-mail ballots upon the completion of the public testing of automatic tabulating equipment pursuant to s. 101.5612(2), but must begin such canvassing by no later than noon on the day following the election. However, notwithstanding any such authorization to begin canvassing or otherwise processing vote-by-mail ballots early, no result shall be released until after the closing of the polls in that county on election day. Any supervisor, deputy supervisor, canvassing board member, election board member, or election employee who releases the results of a canvassing or processing of vote-by-mail ballots prior to the closing of the polls in that county on election day commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) To ensure that all vote-by-mail ballots to be counted by the canvassing board are accounted for, the canvassing board shall compare the number of ballots in its possession with the number of requests for ballots received to be counted according to the supervisor's file or list.

(c)1. The canvassing board must, if the supervisor has not already done so, compare the signature of the elector on the voter's certificate or on the vote-by-mail ballot cure affidavit as provided in subsection (4) with the signature of the elector in the registration books or the precinct register to see that the elector is duly registered in the county and to determine the legality of that vote-by-mail ballot. A vote-by-mail ballot may only be counted if:

a. The signature on the voter's certificate or the cure affidavit matches the elector's signature in the registration books or precinct register; however, in the case of a cure affidavit, the supporting identification listed in subsection (4) must also confirm the identity of the elector; or

b. The cure affidavit contains a signature that does not match the elector's signature in the registration books or precinct register, but the elector has submitted a current and valid Tier 1 identification pursuant to subsection (4) which confirms the identity of the elector.

For purposes of this subparagraph, any canvassing board finding that an elector's signatures do not match must be by majority vote and beyond a reasonable doubt.

2. The ballot of an elector who casts a vote-by-mail ballot shall be counted even if the elector dies on or before election day, as long as, before the death of the voter, the ballot was postmarked by the United States Postal

- a. Tier 1 identification.—Current and valid identification that includes your name and photograph: Florida driver license; Florida identification card issued by the Department of Highway Safety and Motor Vehicles; United States passport; debit or credit card; military identification; student identification; retirement center identification; neighborhood association identification; public assistance identification; veteran health identification card issued by the United States Department of Veterans Affairs; a Florida license to carry a concealed weapon or firearm; or an employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality; or
- b. Tier 2 identification.—ONLY IF YOU DO NOT HAVE A TIER 1 FORM OF IDENTIFICATION, identification that shows your name and current residence address: current utility bill, bank statement, government check, paycheck, or government document (excluding voter information card).
4. Place the envelope bearing the affidavit into a mailing envelope addressed to the supervisor. Insert a copy of your identification in the mailing envelope. Mail (if time permits), deliver, or have delivered the completed affidavit along with the copy of your identification to your county supervisor of elections. Be sure there is sufficient postage if mailed and that the supervisor's address is correct. Remember, your information MUST reach your county supervisor of elections no later than 5 p.m. on the 2nd day after the election, or your ballot will not count.
5. Alternatively, you may fax or e-mail your completed affidavit and a copy of your identification to the supervisor of elections. If e-mailing, please provide these documents as attachments.
- (e) The department and each supervisor shall include the affidavit and instructions on their respective websites. The supervisor must include his or her office's mailing address, e-mail address, and fax number on the page containing the affidavit instructions, and the department's instruction page must include the office mailing addresses, e-mail addresses, and fax numbers of all supervisors of elections or provide a conspicuous link to such addresses.
- (f) The supervisor shall attach each affidavit received to the appropriate vote-by-mail ballot mailing envelope.
- (g) If a vote-by-mail ballot is validated following the submission of a cure affidavit, the supervisor shall make a copy of the affidavit, affix it to a voter registration application, and immediately process it as a valid request for a signature update pursuant to s. 98.077.
- (h) After all election results on the ballot have been certified, the supervisor shall, on behalf of the county canvassing board, notify each elector whose ballot has been rejected as illegal and provide the specific reason the ballot was rejected. In addition, unless processed as a signature update pursuant to paragraph (g), the supervisor shall mail a voter registration application to the elector to be completed indicating the elector's current signature if the signature on the voter's certificate or cure affidavit did not match the elector's signature in the registration books or precinct register.

101.69 Voting in person; return of vote-by-mail ballot.

- (1) The provisions of this code shall not be construed to prohibit any elector from voting in person at the elector's precinct on the day of an election or at an early voting site, notwithstanding that the elector has requested a vote-by-mail ballot for that election. An elector who has returned a voted vote-by-mail ballot to the supervisor, however, is deemed to have cast his or her ballot and is not entitled to vote another ballot or to have a provisional ballot counted by the county canvassing board. An elector who has received a vote-by-mail ballot and has not returned the voted ballot to the supervisor, but desires to vote in person, shall return the ballot, whether voted or not, to the election board in the elector's precinct or to an early voting site. The returned ballot shall be marked "canceled" by the board and placed with other canceled ballots. However, if the elector does not return the ballot and the election official:
- (a) Confirms that the supervisor has received the elector's vote-by-mail ballot, the elector shall not be allowed to vote in person. If the elector maintains that he or she has not returned the vote-by-mail ballot or remains eligible to vote, the elector shall be provided a provisional ballot as provided in s. 101.048.
- (b) Confirms that the supervisor has not received the elector's vote-by-mail ballot, the elector shall be allowed to vote in person as provided in this code. The elector's vote-by-mail ballot, if subsequently received, shall not be counted and shall remain in the mailing envelope, and the envelope shall be marked "Rejected as Illegal."

(c) Cannot determine whether the supervisor has received the elector's vote-by-mail ballot, the elector may vote a provisional ballot as provided in s. 101.048.

(2)(a) The supervisor shall allow an elector who has received a vote-by-mail ballot to physically return a voted vote-by-mail ballot to the supervisor by placing the return mail envelope containing his or her marked ballot in a secure drop box. Secure drop boxes shall be placed at the main office of the supervisor, at each permanent branch office of the supervisor, and at each early voting site. Secure drop boxes may also be placed at any other site that would otherwise qualify as an early voting site under s. 101.657(1). Drop boxes must be geographically located so as to provide all voters in the county with an equal opportunity to cast a ballot, insofar as is practicable. Except for secure drop boxes at an office of the supervisor, a secure drop box may only be used during the county's early voting hours of operation and must be monitored in person by an employee of the supervisor's office. A secure drop box at an office of the supervisor must be continuously monitored in person by an employee of the supervisor's office when the drop box is accessible for deposit of ballots.

(b) A supervisor shall designate each drop box site at least 30 days before an election. The supervisor shall provide the address of each drop box location to the division at least 30 days before an election. After a drop box location has been designated, it may not be moved or changed except as approved by the division to correct a violation of this subsection.

(c)1. On each day of early voting, all drop boxes must be emptied at the end of early voting hours and all ballots retrieved from the drop boxes must be returned to the supervisor's office.

2. For drop boxes located at an office of the supervisor, all ballots must be retrieved before the drop box is no longer monitored by an employee of the supervisor.

3. Employees of the supervisor must comply with procedures for the chain of custody of ballots as required by s. 101.015(4).

(3) If any drop box is left accessible for ballot receipt other than as authorized by this section, the supervisor is subject to a civil penalty of \$25,000. The division is authorized to enforce this provision.

101.6921 Delivery of special vote-by-mail ballot to certain first-time voters.

(1) The provisions of this section apply to voters who are subject to the provisions of s. 97.0535 and who have not provided the identification or certification required by s. 97.0535 by the time the vote-by-mail ballot is mailed.

(2) The supervisor shall enclose with each vote-by-mail ballot three envelopes: a secrecy envelope, into which the absent elector will enclose his or her marked ballot; an envelope containing the Voter's Certificate, into which the absent elector shall place the secrecy envelope; and a mailing envelope, which shall be addressed to the supervisor and into which the absent elector will place the envelope containing the Voter's Certificate and a copy of the required identification.

(3) The Voter's Certificate shall be in substantially the following form:

Note: Please Read Instructions Carefully Before Marking Ballot and Completing Voter's Certificate.

VOTER'S CERTIFICATE

I, , do solemnly swear or affirm that I am a qualified and registered voter of County, Florida, and that I have not and will not vote more than one ballot in this election. I understand that if I commit or attempt to commit any fraud in connection with voting, vote a fraudulent ballot, or vote more than once in an election, I can be convicted of a felony of the third degree and fined up to \$5,000 and/or imprisoned for up to 5 years. I also understand that failure to sign this certificate will invalidate my ballot. I understand that unless I meet one of the exemptions below, I must provide a copy of a current and valid identification as provided in the instruction sheet to the supervisor of elections in order for my ballot to count.

I further certify that I am exempt from the requirements to furnish a copy of a current and valid identification with my ballot because of one or more of the following (check all that apply):

I am 65 years of age or older.

I have a permanent or temporary physical disability.

I am a member of a uniformed service on active duty who, by reason of such active duty, will be absent from the county on election day.

- I am a member of the Merchant Marine who, by reason of service in the Merchant Marine, will be absent from the county on election day.
- I am the spouse or dependent of a member of the uniformed service or Merchant Marine who, by reason of the active duty or service of the member, will be absent from the county on election day.
- I am currently residing outside the United States.

(4) The certificate shall be arranged on the back of the envelope so that the line for the signature of the absent elector is across the seal of the envelope.

101.6923 Special vote-by-mail ballot instructions for certain first-time voters.

(1) The provisions of this section apply to voters who are subject to the provisions of s. 97.0535 and who have not provided the identification or information required by s. 97.0535 by the time the vote-by-mail ballot is mailed.

(2) A voter covered by this section shall be provided with printed instructions with his or her vote-by-mail ballot in substantially the following form:

READ THESE INSTRUCTIONS CAREFULLY BEFORE MARKING YOUR BALLOT. FAILURE TO FOLLOW THESE INSTRUCTIONS MAY CAUSE YOUR BALLOT NOT TO COUNT.

1. In order to ensure that your vote-by-mail ballot will be counted, it should be completed and returned as soon as possible so that it can reach the supervisor of elections of the county in which your precinct is located no later than 7 p.m. on the date of the election. However, if you are an overseas voter casting a ballot in a presidential preference primary or general election, your vote-by-mail ballot must be postmarked or dated no later than the date of the election and received by the supervisor of elections of the county in which you are registered to vote no later than 10 days after the date of the election.
2. Mark your ballot in secret as instructed on the ballot. You must mark your own ballot unless you are unable to do so because of blindness, disability, or inability to read or write.
3. Mark only the number of candidates or issue choices for a race as indicated on the ballot. If you are allowed to "Vote for One" candidate and you vote for more than one, your vote in that race will not be counted.
4. Place your marked ballot in the enclosed secrecy envelope and seal the envelope.
5. Insert the secrecy envelope into the enclosed envelope bearing the Voter's Certificate. Seal the envelope and completely fill out the Voter's Certificate on the back of the envelope.
 - a. You must sign your name on the line above (Voter's Signature).
 - b. If you are an overseas voter, you must include the date you signed the Voter's Certificate on the line above (Date) or your ballot may not be counted.
 - c. A vote-by-mail ballot will be considered illegal and will not be counted if the signature on the Voter's Certificate does not match the signature on record. The signature on file at the start of the canvass of the vote-by-mail ballots is the signature that will be used to verify your signature on the Voter's Certificate. If you need to update your signature for this election, send your signature update on a voter registration application to your supervisor of elections so that it is received before your vote-by-mail ballot is received.
6. Unless you meet one of the exemptions in Item 7., you must make a copy of one of the following forms of identification:
 - a. Identification which must include your name and photograph: United States passport; debit or credit card; military identification; student identification; retirement center identification; neighborhood association identification; public assistance identification; veteran health identification card issued by the United States Department of Veterans Affairs; a Florida license to carry a concealed weapon or firearm; or an employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality; or
 - b. Identification which shows your name and current residence address: current utility bill, bank statement, government check, paycheck, or government document (excluding voter information card).
7. The identification requirements of Item 6. do not apply if you meet one of the following requirements:
 - a. You are 65 years of age or older.
 - b. You have a temporary or permanent physical disability.
 - c. You are a member of a uniformed service on active duty who, by reason of such active duty, will be absent from the county on election day.

- d. You are a member of the Merchant Marine who, by reason of service in the Merchant Marine, will be absent from the county on election day.
 - e. You are the spouse or dependent of a member referred to in paragraph c. or paragraph d. who, by reason of the active duty or service of the member, will be absent from the county on election day.
 - f. You are currently residing outside the United States.
8. Place the envelope bearing the Voter's Certificate into the mailing envelope addressed to the supervisor. Insert a copy of your identification in the mailing envelope. **DO NOT PUT YOUR IDENTIFICATION INSIDE THE SECRECY ENVELOPE WITH THE BALLOT OR INSIDE THE ENVELOPE WHICH BEARS THE VOTER'S CERTIFICATE OR YOUR BALLOT WILL NOT COUNT.**
9. Mail, deliver, or have delivered the completed mailing envelope. Be sure there is sufficient postage if mailed.
10. **FELONY NOTICE.** It is a felony under Florida law to accept any gift, payment, or gratuity in exchange for your vote for a candidate. It is also a felony under Florida law to vote in an election using a false identity or false address, or under any other circumstances making your ballot false or fraudulent.

101.6925 Canvassing special vote-by-mail ballots.

- (1) The supervisor of the county where the absent elector resides shall receive the voted special vote-by-mail ballot, at which time the mailing envelope shall be opened to determine if the voter has enclosed the identification required or has indicated on the Voter's Certificate that he or she is exempt from the identification requirements.
 - (2) If the identification is enclosed or the voter has indicated that he or she is exempt from the identification requirements, the supervisor shall make the note on the registration records of the voter and proceed to canvass the vote-by-mail ballot as provided in s. 101.68.
 - (3) If the identification is not enclosed in the mailing envelope and the voter has not indicated that he or she is exempt from the identification requirements, the supervisor shall check the voter registration records to determine if the voter's identification was previously received or the voter had previously notified the supervisor that he or she was exempt. The envelope with the Voter's Certificate shall not be opened unless the identification has been received or the voter has indicated that he or she is exempt. The ballot shall be treated as a provisional ballot until 7 p.m. on election day and shall not be canvassed unless the supervisor has received the required identification or written indication of exemption by 7 p.m. on election day.
- History.**—s. 24, ch. 2003-415; s. 28, ch. 2016-37.

101.694 Mailing of ballots upon receipt of federal postcard application.

- (1) Upon receipt of a federal postcard application for a vote-by-mail ballot executed by a person whose registration is in order or whose application is sufficient to register or update the registration of that person, the supervisor shall send the ballot in accordance with s. 101.62(4).
 - (2) Upon receipt of a federal postcard application for a vote-by-mail ballot executed by a person whose registration is not in order and whose application is insufficient to register or update the registration of that person, the supervisor shall follow the procedure set forth in s. 97.073.
 - (3) Vote-by-mail envelopes printed for voters entitled to vote by mail under the Uniformed and Overseas Citizens Absentee Voting Act shall meet the specifications as determined by the Federal Voting Assistance Program of the United States Department of Defense and the United States Postal Service.
 - (4) Cognizance shall be taken of the fact that vote-by-mail ballots and other materials such as instructions and envelopes are to be carried via air mail, and, to the maximum extent possible, such ballots and materials shall be reduced in size and weight of paper. The same ballot shall be used, however, as is used by other vote-by-mail voters.

101.6951 State write-in vote-by-mail ballot.

(1) An overseas voter may request, not earlier than 180 days before a general election, a state write-in vote-by-mail ballot from the supervisor of elections in the county of registration. In order to receive a state write-in ballot, the voter shall state that due to military or other contingencies that preclude normal mail delivery, the voter cannot vote a vote-by-mail ballot during the normal vote-by-mail voting period. State write-in vote-by-mail ballots shall be made available to voters 90 to 180 days prior to a general election. The Department of State shall prescribe by rule the form of the state write-in vote-by-mail ballot.

(2) In completing the ballot, the overseas voter may designate his or her choice by writing in the name of the candidate or by writing in the name of a political party, in which case the ballot must be counted for the candidate of that political party, if there is such a party candidate on the ballot.

(3) Any abbreviation, misspelling, or other minor variation in the form of the name of a candidate or a political party must be disregarded in determining the validity of the ballot if there is a clear indication on the ballot that the voter has made a definite choice.

(4) The state write-in vote-by-mail ballot shall contain all offices, federal, state, and local, for which the voter would otherwise be entitled to vote.

History.—s. 48, ch. 2001-40; s. 30, ch. 2016-37.

101.6952 Vote-by-mail ballots for absent uniformed services and overseas voters.

(1) If an absent uniformed services voter's or an overseas voter's request for an official vote-by-mail ballot pursuant to s. 101.62 includes an e-mail address, the supervisor of elections shall:

(a) Record the voter's e-mail address in the vote-by-mail ballot record;

(b) Confirm by e-mail that the vote-by-mail ballot request was received and include in that e-mail the estimated date the vote-by-mail ballot will be sent to the voter; and

(c) Notify the voter by e-mail when the voted vote-by-mail ballot is received by the supervisor of elections.

(2)(a) An absent uniformed services voter or an overseas voter who makes timely application for but does not receive an official vote-by-mail ballot may use the federal write-in absentee ballot to vote in any federal, state, or local election.

(b)1. In an election for federal office, an elector may designate a candidate by writing the name of a candidate on the ballot. Except for a primary or special primary election, the elector may alternatively designate a candidate by writing the name of a political party on the ballot. A written designation of the political party shall be counted as a vote for the candidate of that party if there is such a party candidate in the race.

2. In a state or local election, an elector may vote in the section of the federal write-in absentee ballot designated for nonfederal races by writing on the ballot the title of each office and by writing on the ballot the name of the candidate for whom the elector is voting. Except for a primary, special primary, or nonpartisan election, the elector may alternatively designate a candidate by writing the name of a political party on the ballot. A written designation of the political party shall be counted as a vote for the candidate of that party if there is such a party candidate in the race. In addition, the elector may vote on any ballot measure presented in such election by identifying the ballot measure on which he or she desires to vote and specifying his or her vote on the measure. For purposes of this section, a vote cast in a judicial merit retention election shall be treated in the same manner as a ballot measure in which the only allowable responses are "Yes" or "No."

(c) In the case of a joint candidacy, such as for the offices of President/Vice President or Governor/Lieutenant Governor, a valid vote for one or both qualified candidates on the same ticket shall constitute a vote for the joint candidacy.

(d) For purposes of this subsection and except when the context clearly indicates otherwise, such as when a candidate in the election is affiliated with a political party whose name includes the word "Independent," "Independence," or a similar term, a voter designation of "No Party Affiliation" or "Independent," or any minor variation, misspelling, or abbreviation thereof, shall be considered a designation for the candidate, other than a write-in candidate, who qualified to run in the race with no party affiliation. If more than one candidate qualifies to run as a candidate with no party affiliation, the designation may not count for any candidate unless there is a valid, additional designation of the candidate's name.

(e) Any abbreviation, misspelling, or other minor variation in the form of the name of an office, the name of a candidate, the ballot measure, or the name of a political party must be disregarded in determining the validity of the ballot.

(3)(a) An absent uniformed services voter or an overseas voter who submits a federal write-in absentee ballot and later receives an official vote-by-mail ballot may submit the official vote-by-mail ballot. An elector who submits a federal write-in absentee ballot and later receives and submits an official vote-by-mail ballot should make every reasonable effort to inform the appropriate supervisor of elections that the elector has submitted more than one ballot.

(b) A federal write-in absentee ballot may not be canvassed until 7 p.m. on the day of the election. A federal write-in absentee ballot from an overseas voter in a presidential preference primary or general election may not be canvassed until the conclusion of the 10-day period specified in subsection (5). Each federal write-in absentee ballot received by 7 p.m. on the day of the election shall be canvassed pursuant to ss. 101.5614(4) and 101.68, unless the elector's official vote-by-mail ballot is received by 7 p.m. on election day. Each federal write-in absentee ballot from an overseas voter in a presidential preference primary or general election received by 10 days after the date of the election shall be canvassed pursuant to ss. 101.5614(4) and 101.68, unless the overseas voter's official vote-by-mail ballot is received by 10 days after the date of the election. If the elector's official vote-by-mail ballot is received by 7 p.m. on election day, or, for an overseas voter in a presidential preference primary or general election, no later than 10 days after the date of the election, the federal write-in absentee ballot is invalid and the official vote-by-mail ballot shall be canvassed. The time shall be regulated by the customary time in standard use in the county seat of the locality.

(4) For vote-by-mail ballots received from absent uniformed services voters or overseas voters, there is a presumption that the envelope was mailed on the date stated on the outside of the return envelope, regardless of the absence of a postmark on the mailed envelope or the existence of a postmark date that is later than the date of the election.

(5) A vote-by-mail ballot from an overseas voter in any presidential preference primary or general election which is postmarked or dated no later than the date of the election and is received by the supervisor of elections of the county in which the overseas voter is registered no later than 10 days after the date of the election shall be counted as long as the vote-by-mail ballot is otherwise proper.

The Department of State shall determine whether secure electronic means can be established for receiving ballots from overseas voters. If such security can be established, the department shall adopt rules to authorize a supervisor of elections to accept from an overseas voter a request for a vote-by-mail ballot or a voted vote-by-mail ballot by secure facsimile machine transmission or other secure electronic means. The rules must provide that in order to accept a voted ballot, the verification of the voter must be established, the security of the transmission must be established, and each ballot received must be recorded.

If a national or local emergency or other situation arises which makes substantial compliance with the provisions of state or federal law relating to the methods of voting for overseas voters impossible or unreasonable, such as an armed conflict involving United States Armed Forces or mobilization of those forces, including state National Guard and reserve components, the Elections Canvassing Commission may adopt by emergency rules such special procedures or requirements necessary to facilitate absentee voting by those persons directly affected who are otherwise eligible to vote in the election.

101.71 Polling place.

(1) There shall be in each precinct in each county one polling place which shall be accessible to the public on election day and is managed by a board of inspectors and clerk of election. Only one elector shall be allowed to enter any voting booth at a time; no one except inspectors shall be allowed to speak to the elector while casting his or her vote; and no inspector shall speak to or interfere with the elector concerning his or her voting, except to perform the duties as such inspector. Notwithstanding any other provision of this chapter, this section shall be applicable where the computer method of voting is in use, and adequate provision shall be made for the privacy of the elector while casting his or her vote.

(2) Notwithstanding the provisions of subsection (1), whenever the supervisor of elections of any county determines that the accommodations for holding any election at a polling place designated for any precinct in the county are unavailable, are inadequate for the expeditious and efficient housing and handling of voting and voting paraphernalia, or do not comply with the requirements of s. 101.715, the supervisor shall, not less than 30 days prior to the holding of an election, provide for the voting place for such precinct to be moved to another site that is accessible to the public on election day in said precinct or, if such is not available, to another site that is accessible to the public on election day in a contiguous precinct. If such action of the supervisor results in the voting place for two or more precincts being located for the purposes of an election in one building, the supervisor of elections shall provide adequate supplies, equipment, and personnel are available to accommodate the voters for the precincts that are collocated. When any supervisor moves any polling place pursuant to this subsection, the supervisor shall, not more than 30 days or fewer than 7 days prior to the holding of an election, give notice of the change of the polling place for the precinct involved, with clear description of the voting place to which changed, at least once in a newspaper of general circulation in the county and on the supervisor of elections' website. A notice of the change of the polling place involved shall be mailed, at least 14 days prior to an election, to each registered elector or to each household in which there is a registered elector.

(3) In cases of emergency and when time does not permit compliance with subsection (2), the supervisor of elections shall designate a new polling place which shall be accessible to the public on election day and shall cause a notice to be posted at the old polling place advising the electors of the location of the new polling place.

(4) Each polling place shall be conspicuously identified by a sign, on or near the premises of the polling place, designating the polling place by precinct number. Such sign shall be large enough to be clearly visible to occupants of passing vehicular traffic on roadways contiguous to the polling place, with letters no smaller than 3 inches high, and shall be displayed at all times while the polls are open on any election day.

(5) Public, tax-supported buildings shall be made available for use as polling places upon the request of the supervisor of elections.

(3) The selection of a polling site must ensure accessibility with respect to the following accessible elements, spaces, scope, and technical requirements: accessible route, space allowance and reach ranges, protruding objects, ground and floor surfaces, parking and passenger loading zones, curb ramps, ramps, stairs, elevators, platform lifts, doors, entrances, path of egress, controls and operating mechanisms, signage, and all other minimum requirements.

- (3) “Emergency” means any occurrence, or threat thereof, whether accidental, natural, or caused by human beings, in war or in peace, that results or may result in substantial injury or harm to the population or substantial damage to or loss of property to the extent it will prohibit an election officer’s ability to conduct a safe and orderly election.

History.—s. 2, ch. 92-16; s. 595, ch. 95-147.

101.733 Election emergency; purpose; elections emergency contingency plan.

Because of the existing and continuing possibility of an emergency or common disaster occurring before or during a regularly scheduled or special election, and in order to ensure maximum citizen participation in the electoral process and provide a safe and orderly procedure for persons seeking to exercise their right to vote, generally to minimize to whatever degree possible a person’s exposure to danger during declared states of emergency, and to protect the integrity of the electoral process, it is hereby found and declared to be necessary to designate a procedure for the emergency suspension or delay and rescheduling of elections.

(1) The Governor may, upon issuance of an executive order declaring a state of emergency or impending emergency, suspend or delay any election. The Governor may take such action independently or at the request of the Secretary of State, a supervisor of elections from a county affected by the emergency circumstances, or a municipal clerk from a municipality affected by the emergency circumstances.

(2) The Governor, upon consultation with the Secretary of State, shall reschedule any election suspended or delayed due to an emergency. The election shall be held within 10 days after the date of the suspended or delayed election or as soon thereafter as is practicable. Notice of the election shall be published at least once in a newspaper of general circulation in the affected area and, where practicable, broadcast as a public service announcement on radio and television stations at least 1 week prior to the date the election is to be held.

(3) The Division of Elections of the Department of State shall adopt, by rule, an elections emergency contingency plan, which shall contain goals and policies that give specific direction to state and local elections officials when an election has been suspended or delayed due to an emergency. The contingency plan shall be statewide in scope and shall address, but not be limited to, the following concerns:

(b) Providing a procedure for the orderly conduct of a rescheduled election, whether municipal, county, district, or statewide in scope; coordinating those efforts with the appropriate elections official, and the members of the

governing body holding such election, if appropriate; and working with the appropriate emergency management officials in determining the safety of existing polling places or designating additional polling places.

(c) Providing a procedure for the release and certification of election returns to the department for elections suspended or delayed and subsequently rescheduled under the provisions of ss. 101.731-101.74.

The registration books of the affected precinct shall be applicable to, and shall be used at, the polling place so established.

(2) The date of the municipal election shall be set by the municipality by ordinance.

(3) Notwithstanding any provision of local law or municipal charter, the governing body of a municipality may, by ordinance, move the date of any municipal election to a date concurrent with any statewide or countywide election. (1) The supervisor of elections shall conduct training for inspectors, clerks, and deputy sheriffs prior to each primary, general, and special election for the purpose of instructing such persons in their duties and responsibilities as election officials. The Division of Elections shall develop a statewide uniform training curriculum for poll workers, and each supervisor shall use such curriculum in training poll workers. A certificate may be issued by the supervisor of elections to each person completing such training. No person shall serve as an inspector, clerk, or deputy sheriff for an election unless such person has completed the training as required. A clerk may not work at the polls unless he or she demonstrates a working knowledge of the laws and procedures relating to voter registration, voting system operation, balloting and polling place procedures, and problem-solving and conflict-resolution skills.

(2) A person who has attended previous training conducted within 2 years before the election may be appointed by the supervisor to fill a vacancy on an election board. If no person with prior training is available to fill such vacancy, the supervisor of elections may fill such vacancy in accordance with the provisions of subsection (3) from among persons who have not received the training required by this section.

(3) In the case of absence or refusal to act on the part of any inspector or clerk, the supervisor shall appoint a replacement who meets the qualifications prescribed in s. 102.012(2). The inspector or clerk so appointed shall be a member of the same political party as the clerk or inspector whom he or she replaces.

(4) Each supervisor of elections shall be responsible for training inspectors and clerks, subject to the following minimum requirements:

(a) No clerk shall be entitled to work at the polls unless he or she has had a minimum of 3 hours of training prior to each election.

(b) No inspector shall work at the polls unless he or she has had a minimum of 2 hours of training prior to each election.

(5) The Department of State shall create a uniform polling place procedures manual and adopt the manual by rule. Each supervisor of elections shall ensure that the manual is available in hard copy or electronic form in every polling place. The manual shall guide inspectors, clerks, and deputy sheriffs in the proper implementation of election procedures and laws. The manual shall be indexed by subject, and written in plain, clear, unambiguous language. The manual shall provide specific examples of common problems encountered at the polls and detail specific procedures for resolving those problems. The manual shall include, without limitation:

(7) The Department of State shall develop a mandatory, statewide, and uniform program for training poll workers on issues of etiquette and sensitivity with respect to voters having a disability. The program must be conducted locally by each supervisor of elections, and each poll worker must complete the program before working during the current election cycle. The supervisor of elections shall contract with a recognized disability-related organization, such as a center for independent living, family network on disabilities, deaf service bureau, or other such organization, to develop and assist with training the trainers in the disability sensitivity programs. The program must include actual demonstrations of obstacles confronted by disabled persons during the voting process, including obtaining access to the polling place, traveling through the polling area, and using the voting system.

102.021 Compensation of inspectors, clerks, and deputy sheriffs.

(1) Each inspector and each clerk of any election and each deputy sheriff serving at a precinct shall be paid for his or her services by the supervisor of elections, and each inspector who delivers the returns to the county seat shall receive such sums as the supervisor of elections shall determine.

Note.—Former s. 99.04.

102.031 Maintenance of good order at polls; authorities; persons allowed in polling rooms and early voting areas; unlawful solicitation of voters.

(1) Each election board shall possess full authority to maintain order at the polls and enforce obedience to its lawful commands during an election and the canvass of the votes.

(2) The sheriff shall deputize a deputy sheriff for each polling place and each early voting site who shall be present during the time the polls or early voting sites are open and until the election is completed, who shall be subject to all lawful commands of the clerk or inspectors, and who shall maintain good order. The deputy may summon assistance from among bystanders to aid him or her when necessary to maintain peace and order at the polls or early voting sites.

(3)(a) No person may enter any polling room or polling place where the polling place is also a polling room, or any early voting area during voting hours except the following:

1. Official poll watchers;
2. Inspectors;
3. Election clerks;
4. The supervisor of elections or his or her deputy;
5. Persons there to vote, persons in the care of a voter, or persons caring for such voter;
6. Law enforcement officers or emergency service personnel there with permission of the clerk or a majority of the inspectors; or
7. A person, whether or not a registered voter, who is assisting with or participating in a simulated election for minors, as approved by the supervisor of elections.

(b) The restriction in this subsection does not apply where the polling room is in an area commonly traversed by the public in order to gain access to businesses or homes or in an area traditionally utilized as a public area for discussion.

(4)(a) No person, political committee, or other group or organization may solicit voters inside the polling place or within 150 feet of a drop box or the entrance to any polling place, a polling room where the polling place is

also a polling room, an early voting site, or an office of the supervisor where vote-by-mail ballots are requested and printed on demand for the convenience of electors who appear in person to request them. Before the opening of a drop box location, a polling place, or an early voting site, the clerk or supervisor shall designate the no-solicitation zone and mark the boundaries.

(b) For the purpose of this subsection, the terms “solicit” or “solicitation” shall include, but not be limited to, seeking or attempting to seek any vote, fact, opinion, or contribution; distributing or attempting to distribute any political or campaign material, leaflet, or handout; conducting a poll except as specified in this paragraph; seeking or attempting to seek a signature on any petition; selling or attempting to sell any item; and engaging in any activity with the intent to influence or effect of influencing a voter. The terms “solicit” or “solicitation” may not be construed to prohibit an employee of, or a volunteer with, the supervisor from providing nonpartisan assistance to voters within the no-solicitation zone such as, but not limited to, giving items to voters, or to prohibit exit polling.

(c) Each supervisor of elections shall inform the clerk of the area within which soliciting is unlawful, based on the particular characteristics of that polling place. The supervisor or the clerk may take any reasonable action necessary to ensure order at the polling places, including, but not limited to, having disruptive and unruly persons removed by law enforcement officers from the polling room or place or from the 150-foot zone surrounding the polling place.

(d) Except as provided in paragraph (a), the supervisor may not designate a no-solicitation zone or otherwise restrict access to any person, political committee, candidate, or other group or organization for the purposes of soliciting voters. This paragraph applies to any public or private property used as a polling place or early voting site.

(e) The owner, operator, or lessee of the property on which a polling place or an early voting site is located, or an agent or employee thereof, may not prohibit the solicitation of voters by a candidate or a candidate’s designee outside of the no-solicitation zone during polling hours.

(5) No photography is permitted in the polling room or early voting area, except an elector may photograph his or her own ballot.

Upon completion of all counts in all races, a certificate of the results shall be drawn up by the inspectors and clerk at each precinct upon a form provided by the supervisor of elections which shall contain the name of each person voted for, for each office, and the number of votes cast for each person for such office; and, if any question is submitted, the certificate shall also contain the number of votes cast for and against the question. The certificate shall be signed by the inspectors and clerk and shall be delivered without delay by one of the inspectors, securely sealed, to the supervisor for immediate publication. All the ballot boxes, ballots, ballot stubs, memoranda, and papers of all kinds used in the election shall also be transmitted, after being sealed by the inspectors, to the supervisor’s office. 102.072 Vote-by-mail count reporting.

Beginning at 7 p.m. election day, the supervisor must, at least once every hour while actively counting, post on his or her website the number of vote-by-mail ballots that have been received and the number of vote-by-mail ballots that remain uncounted.

History.—s. 30, ch. 2021-11.

102.091 Duty of sheriff to watch for violations; appointment of special officers.

The sheriff shall exercise strict vigilance in the detection of any violations of the election laws and in apprehending the violators. 102.111 Elections Canvassing Commission.

(1) The Elections Canvassing Commission shall consist of the Governor and two members of the Cabinet selected by the Governor, all of whom shall serve ex officio. If a member of the commission is unable to serve for any reason, the Governor shall appoint a remaining member of the Cabinet. If there is a further vacancy, the remaining members of the commission shall agree on another elected official to fill the vacancy.

(2) The Elections Canvassing Commission shall meet at 9 a.m. on the 9th day after a primary election and at 9 a.m. on the 14th day after a general election to certify the returns of the election for each federal, state, and multicounty office. If a member of a county canvassing board that was constituted pursuant to s. 102.141 determines, within 5 days after the certification by the Elections Canvassing Commission, that a typographical error occurred in the official returns of the county, the correction of which could result in a change in the outcome of an election, the county canvassing board must certify corrected returns to the Department of State within 24 hours, and the Elections Canvassing Commission must correct and recertify the election returns as soon as practicable.

(3) The Division of Elections shall provide the staff services required by the Elections Canvassing Commission.

102.112 Deadline for submission of county returns to the Department of State.

(1) The county canvassing board or a majority thereof shall file the county returns for the election of a federal or state officer with the Department of State immediately after certification of the election results. The returns must contain a certification by the canvassing board that the board has compared the number of persons who voted with the number of ballots counted and that the certification includes all valid votes cast in the election.

(2) Returns must be filed by 5 p.m. on the 7th day following a primary election and by noon on the 12th day following the general election. However, the Department of State may correct typographical errors, including the transposition of numbers, in any returns submitted to the Department of State pursuant to s. 102.111(2).

(3) If the returns are not received by the department by the time specified, such returns shall be ignored and the results on file at that time shall be certified by the department.

(4) If the returns are not received by the department due to an emergency, as defined in s. 101.732, the Elections Canvassing Commission shall determine the deadline by which the returns must be received.

102.121 Elections Canvassing Commission to issue certificates.

The Elections Canvassing Commission shall make and sign separate certificates of the result of the election for federal and state officers, which certificates shall be written and contain the total number of votes cast for each person for each office. The certificates, the one including the result of the election for presidential electors and representatives to Congress, and the other including the result of the election for state officers, shall be recorded in the Department of State in a book to be kept for that purpose.

Note.—Former s. 99.51.

102.131 Returns before canvassing commission.

If any returns shall appear to be irregular or false so that the Elections Canvassing Commission is unable to determine the true vote for any office, nomination, constitutional amendment, or other measure presented to the electors, the commission shall so certify and shall not include the returns in its determination, canvass, and declaration. The Elections Canvassing Commission in determining the true vote shall not have authority to look beyond the county returns. The Department of State shall file in its office all the returns, together with other documents and papers received by it or the commission. The commission shall canvass the returns for presidential electors and representatives to Congress separately from their canvass of returns for state officers.

102.141 County canvassing board; duties.

(1) The county canvassing board shall be composed of the supervisor of elections; a county court judge, who shall act as chair; and the chair of the board of county commissioners. The names of the canvassing board members must be published on the supervisor's website upon completion of the logic and accuracy test. Alternate canvassing board members must be appointed pursuant to paragraph (e). In the event any member of the county canvassing board is unable to serve, is a candidate who has opposition in the election being canvassed, or is an active participant in the campaign or candidacy of any candidate who has opposition in the election being canvassed, such member shall be replaced as follows:

(a) If no county court judge is able to serve or if all are disqualified, the chief judge of the judicial circuit in which the county is located shall appoint as a substitute member a qualified elector of the county who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed. In such event, the members of the county canvassing board shall meet and elect a chair.

(b) If the supervisor of elections is unable to serve or is disqualified, the chair of the board of county commissioners shall appoint as a substitute member a member of the board of county commissioners who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed. The supervisor, however, shall act in an advisory capacity to the canvassing board.

(c) If the chair of the board of county commissioners is unable to serve or is disqualified, the board of county commissioners shall appoint as a substitute member one of its members who is not a candidate with opposition

in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed.

(d) If a substitute member or alternate member cannot be appointed as provided elsewhere in this subsection, or in the event of a vacancy in such office, the chief judge of the judicial circuit in which the county is located shall appoint as a substitute member or alternate member a qualified elector of the county who is not a candidate with opposition in the election being canvassed and who is not an active participant in the campaign or candidacy of any candidate with opposition in the election being canvassed.

(e)1. The chief judge of the judicial circuit in which the county is located shall appoint a county court judge as an alternate member of the county canvassing board or, if each county court judge is unable to serve or is disqualified, shall appoint an alternate member who is qualified to serve as a substitute member under paragraph (a).

2. The chair of the board of county commissioners shall appoint a member of the board of county commissioners as an alternate member of the county canvassing board or, if each member of the board of county commissioners is unable to serve or is disqualified, shall appoint an alternate member who is qualified to serve as a substitute member under paragraph (d).

3. If a member of the county canvassing board is unable to participate in a meeting of the board, the chair of the county canvassing board or his or her designee shall designate which alternate member will serve as a member of the board in the place of the member who is unable to participate at that meeting.

4. If not serving as one of the three members of the county canvassing board, an alternate member may be present, observe, and communicate with the three members constituting the county canvassing board, but may not vote in the board's decisions or determinations.

(2)(a) The county canvassing board shall meet in a building accessible to the public in the county where the election occurred at a time and place to be designated by the supervisor to publicly canvass the absent electors' ballots as provided for in s. 101.68 and provisional ballots as provided by ss. 101.048, 101.049, and 101.6925. During each meeting of the county canvassing board, each political party and each candidate may have one watcher able to view directly or on a display screen ballots being examined for signature matching and other processes. Provisional ballots cast pursuant to s. 101.049 shall be canvassed in a manner that votes for candidates and issues on those ballots can be segregated from other votes. As soon as the absent electors' ballots and the provisional ballots are canvassed, the board shall proceed to publicly canvass the vote given each candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, as shown by the returns then on file in the office of the supervisor.

(b) Public notice of the canvassing board members, alternates, time, and place at which the county canvassing board shall meet to canvass the absent electors' ballots and provisional ballots must be given at least 48 hours prior thereto by publication on the supervisor's website and published in one or more newspapers of general circulation in the county or, if there is no newspaper of general circulation in the county, by posting such notice in at least four conspicuous places in the county. The time given in the notice as to the convening of the meeting of the county canvassing board must be specific and may not be a time period during which the board may meet.

(c) If the county canvassing board suspends or recesses a meeting publicly noticed pursuant to paragraph (b) for a period lasting more than 60 minutes, the board must post on the supervisor's website the anticipated time at which the board expects to reconvene. If the county canvassing board does not reconvene at the specified time, the board must provide at least 2 hours' notice, which must be posted on the supervisor's website, before reconvening.

(d) During any meeting of the county canvassing board, a physical notice must be placed in a conspicuous area near the public entrance to the building in which the meeting is taking place. The physical notice must include the names of the individuals officially serving as the county canvassing board, the names of any alternate members, the time of the meeting, and a brief statement as to the anticipated activities of the county canvassing board.

(3) The canvass, except the canvass of absent electors' returns and the canvass of provisional ballots, shall be made from the returns and certificates of the inspectors as signed and filed by them with the supervisor, and the county canvassing board shall not change the number of votes cast for a candidate, nominee, constitutional amendment, or other measure submitted to the electorate of the county, respectively, in any polling place, as shown by the returns. All returns shall be made to the board on or before 2 a.m. of the day following any primary, general, or other election. If the returns from any precinct are missing, if there are any omissions on the returns from any precinct, or if there is an obvious error on any such returns, the canvassing board shall order a retabulation of the returns from such precinct. Before canvassing such returns, the canvassing board shall examine the tabulation of the ballots cast in such precinct and determine whether the returns correctly reflect the

votes cast. If there is a discrepancy between the returns and the tabulation of the ballots cast, the tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly.

(4)(a) The supervisor of elections shall upload into the county's election management system by 7 p.m. on the day before the election the results of all early voting and vote-by-mail ballots that have been canvassed and tabulated by the end of the early voting period. Pursuant to ss. 101.5614(8), 101.657, and 101.68(2), the tabulation of votes cast or the results of such uploads may not be made public before the close of the polls on election day.

(b) The canvassing board shall report all early voting and all tabulated vote-by-mail results to the Department of State within 30 minutes after the polls close. Thereafter, the canvassing board shall report, with the exception of provisional ballot results, updated precinct election results to the department at least every 45 minutes until all results are completely reported. The supervisor of elections shall notify the department immediately of any circumstances that do not permit periodic updates as required. Results shall be submitted in a format prescribed by the department.

(5) The canvassing board shall submit on forms or in formats provided by the division unofficial returns to the Department of State for each federal, statewide, state, or multicounty office or ballot measure no later than noon on the third day after any primary election and no later than noon on the fourth day after any general or other election. Such returns shall include the canvass of all ballots as required by subsection (2).

(6) If the county canvassing board determines that the unofficial returns may contain a counting error in which the vote tabulation system failed to count votes that were properly marked in accordance with the instructions on the ballot, the county canvassing board shall:

(a) Correct the error and retabulate the affected ballots with the vote tabulation system; or

(b) Request that the Department of State verify the tabulation software. When the Department of State verifies such software, the department shall compare the software used to tabulate the votes with the software filed with the department pursuant to s. 101.5607 and check the election parameters.

(7) If the unofficial returns reflect that a candidate for any office was defeated or eliminated by one-half of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-half of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-half of a percent or less of the votes cast on such measure, a recount shall be ordered of the votes cast with respect to such office or measure. The Secretary of State is responsible for ordering recounts in federal, state, and multicounty races. The county canvassing board or the local board responsible for certifying the election is responsible for ordering recounts in all other races. A recount need not be ordered with respect to the returns for any office, however, if the candidate or candidates defeated or eliminated from contention for such office by one-half of a percent or less of the votes cast for such office request in writing that a recount not be made.

(a) Each canvassing board responsible for conducting a recount shall put each marksense ballot through automatic tabulating equipment and determine whether the returns correctly reflect the votes cast. If any marksense ballot is physically damaged so that it cannot be properly counted by the automatic tabulating equipment during the recount, a true duplicate shall be made of the damaged ballot pursuant to the procedures in s. 101.5614(4). Immediately before the start of the recount, a test of the tabulating equipment shall be conducted as provided in s. 101.5612. If the test indicates no error, the recount tabulation of the ballots cast shall be presumed correct and such votes shall be canvassed accordingly. If an error is detected, the cause therefor shall be ascertained and corrected and the recount repeated, as necessary. The canvassing board shall immediately report the error, along with the cause of the error and the corrective measures being taken, to the Department of State. No later than 11 days after the election, the canvassing board shall file a separate incident report with the Department of State, detailing the resolution of the matter and identifying any measures that will avoid a future recurrence of the error. If the automatic tabulating equipment used in a recount is not part of the voting system and the ballots have already been processed through such equipment, the canvassing board is not required to put each ballot through any automatic tabulating equipment again.

(b) Each canvassing board responsible for conducting a recount where touchscreen ballots were used shall examine the counters on the precinct tabulators to ensure that the total of the returns on the precinct tabulators equals the overall election return. If there is a discrepancy between the overall election return and the counters of the precinct tabulators, the counters of the precinct tabulators shall be presumed correct and such votes shall be canvassed accordingly.

(c) The canvassing board shall submit on forms or in formats provided by the division a second set of unofficial returns to the Department of State for each federal, statewide, state, or multicounty office or ballot measure. The returns shall be filed no later than 3 p.m. on the 5th day after any primary election and no later than 3 p.m. on the

9th day after any general election in which a recount was ordered by the Secretary of State. If the canvassing board is unable to complete the recount prescribed in this subsection by the deadline, the second set of unofficial returns submitted by the canvassing board shall be identical to the initial unofficial returns and the submission shall also include a detailed explanation of why it was unable to timely complete the recount. However, the canvassing board shall complete the recount prescribed in this subsection, along with any manual recount prescribed in s. 102.166, and certify election returns in accordance with the requirements of this chapter.

(d) The Department of State shall adopt detailed rules prescribing additional recount procedures for each certified voting system, which shall be uniform to the extent practicable.

(8) The canvassing board may employ such clerical help to assist with the work of the board as it deems necessary, with at least one member of the board present at all times, until the canvass of the returns is completed. The clerical help shall be paid from the same fund as inspectors and other necessary election officials.

(9) Each member, substitute member, and alternate member of the county canvassing board and all clerical help must wear identification badges during any period in which the county canvassing board is canvassing votes or engaging in other official duties. The identification badges should be worn in a conspicuous and unobstructed area, and include the name of the individual and his or her official position.

(10)(a) At the same time that the official results of an election are certified to the Department of State, the county canvassing board shall file a report with the Division of Elections on the conduct of the election. The report must describe:

1. All equipment or software malfunctions at the precinct level, at a counting location, or within computer and telecommunications networks supporting a county location, and the steps that were taken to address the malfunctions;

2. All election definition errors that were discovered after the logic and accuracy test, and the steps that were taken to address the errors;

3. All ballot printing errors or ballot supply problems, and the steps that were taken to address the errors or problems;

4. All staffing shortages or procedural violations by employees or precinct workers which were addressed by the supervisor of elections or the county canvassing board during the conduct of the election, and the steps that were taken to correct such issues;

5. All instances where needs for staffing or equipment were insufficient to meet the needs of the voters; and

6. Any additional information regarding material issues or problems associated with the conduct of the election.

(b) If a supervisor discovers new or additional information on any of the items required to be included in the report pursuant to paragraph (a) after the report is filed, the supervisor shall notify the division that new information has been discovered no later than the next business day after the discovery, and the supervisor shall file an amended report signed by the supervisor of elections on the conduct of the election within 10 days after the discovery.

(c) Such reports shall be maintained on file in the Division of Elections and shall be available for public inspection. The division shall utilize the reports submitted by the canvassing boards to determine what problems may be likely to occur in other elections and disseminate such information, along with possible solutions, to the supervisors of elections.

(11) The supervisor shall file with the department a copy of or an export file from the results database of the county's voting system and other statistical information as may be required by the department, the Legislature, or the Election Assistance Commission. The department shall adopt rules establishing the required content and acceptable formats for the filings and time for filings.

102.151 County canvassing board to issue certificates; supervisor to give notice to Department of State.

The county canvassing board shall make and sign duplicate certificates containing the total number of votes cast for each person nominated or elected, the names of persons for whom such votes were cast, and the number of votes cast for each candidate or nominee. One of such certificates which relates to offices for which the candidates or nominees have been voted for in more than one county shall be immediately transmitted to the Department of State, and the second copy filed in the supervisor's office. The supervisor shall transmit to the Department of State, immediately after the county canvassing board has canvassed the returns of the election, a list containing the names of all county and district officers nominated or elected, the office for which each was nominated or elected, and the mailing address of each.

102.155 Certificate of election.

The supervisor shall give to any person the election of whom is certified by the county canvassing board a certificate of the person's election. The Department of State shall give to any person the election of whom is certified by the state canvassing board a certificate of the person's election. The certificate of election which is issued to any person shall be prima facie evidence of the election of such person.

102.166 Manual recounts of overvotes and undervotes.

(1) If the second set of unofficial returns pursuant to s. 102.141 indicates that a candidate for any office was defeated or eliminated by one-quarter of a percent or less of the votes cast for such office, that a candidate for retention to a judicial office was retained or not retained by one-quarter of a percent or less of the votes cast on the question of retention, or that a measure appearing on the ballot was approved or rejected by one-quarter of a percent or less of the votes cast on such measure, a manual recount of the overvotes and undervotes cast in the entire geographic jurisdiction of such office or ballot measure shall be ordered unless:

- (a) The candidate or candidates defeated or eliminated from contention by one-quarter of 1 percent or fewer of the votes cast for such office request in writing that a recount not be made; or
- (b) The number of overvotes and undervotes is fewer than the number of votes needed to change the outcome of the election.

The Secretary of State is responsible for ordering a manual recount for federal, state, and multicounty races. The county canvassing board or local board responsible for certifying the election is responsible for ordering a manual recount for all other races. A manual recount consists of a recount of marksense ballots or of digital images of those ballots by a person.

(2) Any hardware or software used to identify and sort overvotes and undervotes for a given race or ballot measure must be certified by the Department of State. Any such hardware or software must be capable of simultaneously identifying and sorting overvotes and undervotes in multiple races while simultaneously counting votes. Overvotes and undervotes must be identified and sorted while recounting ballots pursuant to s. 102.141. Overvotes and undervotes may be identified and sorted physically or digitally.

(3) Any manual recount shall be open to the public.

(4)(a) A vote for a candidate or ballot measure shall be counted if there is a clear indication on the ballot that the voter has made a definite choice.

(b) The Department of State shall adopt specific rules for the federal write-in absentee ballot and for each certified voting system prescribing what constitutes a "clear indication on the ballot that the voter has made a definite choice." The rules shall be consistent, to the extent practicable, and may not:

1. Authorize the use of any electronic or electromechanical reading device to review a hybrid voting system ballot that is produced using a voter interface device and that contains both machine-readable fields and machine-printed text of the contest titles and voter selections, unless the printed text is illegible;
 2. Exclusively provide that the voter must properly mark or designate his or her choice on the ballot; or
 3. Contain a catch-all provision that fails to identify specific standards, such as “any other mark or indication clearly indicating that the voter has made a definite choice.”
- (c) The rule for the federal write-in absentee ballot must address, at a minimum, the following issues:
1. The appropriate lines or spaces for designating a candidate choice and, for state and local races, the office or ballot measure to be voted, including the proximity of each to the other and the effect of intervening blank lines.
 2. The sufficiency of designating a candidate’s first or last name when no other candidate in the race has the same or a similar name.
 3. The sufficiency of designating a candidate’s first or last name when an opposing candidate has the same or a similar name, notwithstanding generational suffixes and titles such as “Jr.,” “Sr.,” or “III.” The rule should contemplate the sufficiency of additional first names and first initials, middle names and middle initials, generational suffixes and titles, nicknames, and, in general elections, the name or abbreviation of a political party.
 4. Candidate designations containing both a qualified candidate’s name and a political party, including those in which the party designated is the candidate’s party, is not the candidate’s party, has an opposing candidate in the race, or does not have an opposing candidate in the race.
 5. Situations where the abbreviation or name of a candidate is the same as the abbreviation or name of a political party to which the candidate does not belong, including those in which the party designated has another candidate in the race or does not have a candidate in the race.
 6. The use of marks, symbols, or language, such as arrows, quotation marks, or the word “same” or “ditto,” to indicate that the same political party designation applies to all listed offices or the elector’s approval or disapproval of all listed ballot measures.
 7. Situations in which an elector designates the name of a qualified candidate for an incorrect office.
 8. Situations in which an elector designates an otherwise correct office name that includes an incorrect district number.
- (5) Procedures for a manual recount are as follows:
- (a) The county canvassing board shall appoint as many counting teams of at least two electors as is necessary to manually recount the ballots. A counting team must have, when possible, members of at least two political parties. A candidate involved in the race shall not be a member of the counting team.
 - (b) Each duplicate ballot prepared pursuant to s. 101.5614(4) or s. 102.141(7) shall be compared with the original ballot to ensure the correctness of the duplicate.
 - (c) If a counting team is unable to determine whether the ballot contains a clear indication that the voter has made a definite choice, the ballot shall be presented to the county canvassing board for a determination.
 - (d) The Department of State shall adopt detailed rules prescribing additional recount procedures for each certified voting system which shall be uniform to the extent practicable. The rules shall address, at a minimum, the following areas:
 1. Security of ballots during the recount process;
 2. Time and place of recounts;
 3. Public observance of recounts;

102.168 Contest of election.

- (1) Except as provided in s. 102.171, the certification of election or nomination of any person to office, or of the result on any question submitted by referendum, may be contested in the circuit court by any unsuccessful candidate for such office or nomination thereto or by any elector qualified to vote in the election related to such candidacy, or by any taxpayer, respectively.
 - (2) Such contestant shall file a complaint, together with the fees prescribed in chapter 28, with the clerk of the circuit court within 10 days after midnight of the date the last board responsible for certifying the results officially certifies the results of the election being contested.
 - (3) The complaint shall set forth the grounds on which the contestant intends to establish his or her right to such office or set aside the result of the election on a submitted referendum. The grounds for contesting an election under this section are:
 - (a) Misconduct, fraud, or corruption on the part of any election official or any member of the canvassing board sufficient to change or place in doubt the result of the election.
 - (b) Ineligibility of the successful candidate for the nomination or office in dispute.
 - (c) Receipt of a number of illegal votes or rejection of a number of legal votes sufficient to change or place in doubt the result of the election.
 - (d) Proof that any elector, election official, or canvassing board member was given or offered a bribe or reward in money, property, or any other thing of value for the purpose of procuring the successful candidate's nomination or election or determining the result on any question submitted by referendum.
 - (4) The canvassing board responsible for canvassing the election is an indispensable party defendant in county and local elections. The Elections Canvassing Commission is an indispensable party defendant in federal, state, and multicounty elections and in elections for justice of the Supreme Court, judge of a district court of appeal, and judge of a circuit court. The successful candidate is an indispensable party to any action brought to contest the election or nomination of a candidate.
 - (5) A statement of the grounds of contest may not be rejected, nor the proceedings dismissed, by the court for any want of form if the grounds of contest provided in the statement are sufficient to clearly inform the defendant of the particular proceeding or cause for which the nomination or election is contested.
 - (6) A copy of the complaint shall be served upon the defendant and any other person named therein in the same manner as in other civil cases under the laws of this state. Within 10 days after the complaint has been served, the defendant must file an answer admitting or denying the allegations on which the contestant relies or stating that the defendant has no knowledge or information concerning the allegations, which shall be deemed a denial of the allegations, and must state any other defenses, in law or fact, on which the defendant relies. If an answer is not filed within the time prescribed, the defendant may not be granted a hearing in court to assert any claim or objection that is required by this subsection to be stated in an answer.
 - (7) Any candidate, qualified elector, or taxpayer presenting such a contest to a circuit judge is entitled to an immediate hearing. However, the court in its discretion may limit the time to be consumed in taking testimony, with a view therein to the circumstances of the matter and to the proximity of any succeeding election.
 - (8) In any contest that requires a review of the canvassing board's decision on the legality of a provisional or vote-by-mail ballot pursuant to s. 101.048 or s. 101.68 based upon a comparison of the signature of the elector in the registration records with the signature on the provisional or vote-by-mail voter's certificate or the provisional or vote-by-mail cure affidavit, the circuit court may not review or consider any evidence other than the signature of the elector in the registration records, the signature on the respective voter's certificate or cure affidavit, and any supporting identification that the elector submitted with the cure affidavit. The court's review of such issue shall be to determine only if the canvassing board abused its discretion in making its decision.

Upon presentation of a certified copy of the judgment of ouster to the Governor, the Governor shall revoke such commission and commission the person found in the judgment to be entitled to the office.

(2) If a judgment is entered setting aside a referendum, the election shall be void.

102.171 Contest of election to Legislature.

The jurisdiction to hear any contest of the election of a member to either house of the Legislature is vested in the applicable house, as each house, pursuant to s. 2, Art. III of the State Constitution, is the sole judge of the qualifications, elections, and returns of its members. Therefore, the certification of election of any person to the office of member of either house of the Legislature may only be contested in the applicable house by an unsuccessful candidate for such office, in accordance with the rules of that house. This section does not apply to any contest of the nomination of any person for the office of member of either house of the Legislature at any primary or special primary election in which only those qualified electors who are registered members of the political party holding such primary election may vote, as provided for in s. 5(b), Art. VI of the State Constitution. This section does apply to any contest of a primary or special primary election for the office of member of either house of the Legislature in which all qualified electors may vote, as provided for in s. 5(b), Art. VI of the State Constitution, and the recipient of the most votes is deemed to be elected according to applicable law.

103.021 Nomination for presidential electors.

Candidates for presidential electors shall be nominated in the following manner:

(1) The Governor shall nominate the presidential electors of each political party. The state executive committee of each political party shall by resolution recommend candidates for presidential electors and deliver a certified copy thereof to the Governor before September 1 of each presidential election year. The Governor shall nominate only the electors recommended by the state executive committee of the respective political party. Each such elector shall be a qualified elector of the party he or she represents who has taken an oath that he or she will vote for the candidates of the party that he or she is nominated to represent. The Governor shall certify to the Department of State on or before September 1, in each presidential election year, the names of a number of electors for each political party equal to the number of senators and representatives which this state has in Congress.

(2) The names of the presidential electors shall not be printed on the general election ballot, but the names of the actual candidates for President and Vice President for whom the presidential electors will vote if elected shall be printed on the ballot in the order in which the party of which the candidate is a nominee polled the highest number of votes for Governor in the last general election.

(3) Candidates for President and Vice President with no party affiliation may have their names printed on the general election ballots if a petition is signed by 1 percent of the registered electors of this state, as shown by the compilation by the Department of State for the last preceding general election. A separate petition from each county for which signatures are solicited shall be submitted to the supervisor of elections of the respective county no later than July 15 of each presidential election year. The supervisor shall check the names and, on or

before the date of the primary election, shall certify the number shown as registered electors of the county. The supervisor shall be paid by the person requesting the certification the cost of checking the petitions as prescribed in s. 99.097. The supervisor shall then forward the certificate to the Department of State which shall determine whether or not the percentage factor required in this section has been met. When the percentage factor required in this section has been met, the Department of State shall order the names of the candidates for whom the petition was circulated to be included on the ballot and shall permit the required number of persons to be certified as electors in the same manner as party candidates.

(4)(a) A minor political party that is affiliated with a national party holding a national convention to nominate candidates for President and Vice President of the United States may have the names of its candidates for President and Vice President printed on the general election ballot by filing with the Department of State a certificate naming the candidates for President and Vice President and listing the required number of persons to serve as electors. Notification to the Department of State under this subsection shall be made by September 1 of the year in which the election is held. When the Department of State has been so notified, it shall order the names of the candidates nominated by the minor political party to be included on the ballot and shall permit the required number of persons to be certified as electors in the same manner as other party candidates. As used in this section, the term “national party” means a political party that is registered with and recognized as a qualified national committee of a political party by the Federal Election Commission.

(b) A minor political party that is not affiliated with a national party holding a national convention to nominate candidates for President and Vice President of the United States may have the names of its candidates for President and Vice President printed on the general election ballot if a petition is signed by 1 percent of the registered electors of this state, as shown by the compilation by the Department of State for the preceding general election. A separate petition from each county for which signatures are solicited shall be submitted to the supervisors of elections of the respective county no later than July 15 of each presidential election year. The supervisor shall check the names and, on or before the date of the primary election, shall certify the number shown as registered electors of the county. The supervisor shall be paid by the person requesting the certification the cost of checking the petitions as prescribed in s. 99.097. The supervisor shall then forward the certificate to the Department of State, which shall determine whether or not the percentage factor required in this section has been met. When the percentage factor required in this section has been met, the Department of State shall order the names of the candidates for whom the petition was circulated to be included on the ballot and shall permit the required number of persons to be certified as electors in the same manner as other party candidates.

(5) When for any reason a person nominated or elected as a presidential elector is unable to serve because of death, incapacity, or otherwise, the Governor may appoint a person to fill such vacancy who possesses the qualifications required for the elector to have been nominated in the first instance. Such person shall file with the Governor an oath that he or she will support the same candidates for President and Vice President that the person who is unable to serve was committed to support.

Unless otherwise provided by party rule, the county executive committee of each political party shall consist of at least two members, a man and a woman, from each precinct, who shall be called the precinct committeeman and committeewoman. For counties divided into 40 or more precincts, the state executive committee may adopt a district unit of representation for such county executive committees. The terms shall commence on the first day of the month following each presidential general election; but the names of candidates for political party offices shall not be placed on the ballot at any other election. The results of such election shall be determined by a plurality of the votes cast. Ten of the legislators shall be appointed with the concurrence of the state chair of the respective party, as follows: five to be appointed by the President of the Senate; five by the Minority Leader in the Senate; five by the Speaker of the House of Representatives; and five by the Minority Leader in the House.

(c) When a political party allows any member of the state executive committee to have more than one vote per person, other than by proxy, in a matter coming before the state executive committee, the 20 members of the Legislature appointed under paragraph (b) shall not be appointed to the state executive committee and the following elected officials who are members of that political party shall be appointed and shall have the following votes:

11. Each member of the United States House of Representatives representing the state: a number equal to 1 percent of the votes cast by state executive committeemen and committeewomen.

(d)1. The governing body of each state executive committee as defined by party rule shall include as at-large committeemen and committeewomen all statewide elected officials who are members of such political party; up to four members of the United States Congress representing the state who are members of such political party and who shall be appointed by the state chair on the basis of geographic representation; the permanent presiding officer selected by the members of each house of the Legislature who are members of such political party; and the minority leader selected by the members of each house of the Legislature who are members of such political party.

103.092 Affiliated party committees.

(1) For purposes of this section, the term “leader” means the President of the Senate, the Speaker of the House of Representatives, or the minority leader of either house of the Legislature, until a person is designated by a political party conference of members of either house to succeed to any such position, at which time the designee becomes the leader for purposes of this section.

(2) The leader of each political party conference of the House of Representatives and the Senate may establish a separate, affiliated party committee to support the election of candidates of the leader’s political party. The affiliated party committee is subject to the same provisions of chapter 106 as a political party.

(3) Each affiliated party committee shall:

(a) Adopt bylaws to include, at a minimum, the designation of a treasurer.

(b) Conduct campaigns for candidates who are members of the leader’s political party.

(c) Establish an account.

103.095 Minor political parties.

(1) Any group of citizens organized for the general purposes of electing to office qualified persons and determining public issues under the democratic processes of the United States may become a minor political party of this state by filing with the department a certificate showing the name of the organization, the names and addresses of its current officers, including the members of its executive committee, accompanied by a completed uniform statewide voter registration application as specified in s. 97.052 for each of its current officers and members of its executive committee which reflect their affiliation with the proposed minor political party, and a copy of its constitution, bylaws, and rules and regulations.

(2) Each elector registered to vote in the minor political party in which he or she has so designated has a fundamental right to fully and meaningfully participate in the business and affairs of the minor political party without any monetary encumbrance. The constitution, bylaws, rules, regulations, or other equivalent documents must reflect this fundamental right and must provide for and contain reasonable provisions that, at a minimum, prescribe procedures to: prescribe its membership; conduct its meetings according to generally accepted parliamentary practices; timely notify its members as to the time, date, and place of all of its meetings; timely publish notice on its public and functioning website as to the time, date, and place of all of its meetings; elect its officers; remove its officers; make party nominations when required by law; conduct campaigns for party nominees; raise and expend party funds; select delegates to its national convention, if applicable; select presidential electors, if applicable; and alter or amend all of its governing documents.

(3) The members of the executive committee must elect a chair, vice chair, secretary, and treasurer, all of whom shall be members of the minor political party, and no member may hold more than one office, except that one person may hold the offices of secretary and treasurer.

(4) Upon approval of the minor political party’s filing, the department shall process the voter registration applications submitted by the minor political party’s officers and members of its executive committee. It shall be the duty of the minor political party to notify the department of any changes in the filing certificate within 5 days after such changes.

(5) The Division of Elections shall adopt rules to prescribe the manner in which political parties, including minor political parties, may have their filings with the Department of State canceled. Such rules shall, at a minimum, provide for:

(a) Notice, which must contain the facts and conduct that warrant the intended action, including, but not limited to, the failure to have any voters registered in the party, the failure to notify the department of replacement officers, the failure to file campaign finance reports, the failure to adopt and file with the department all governing documents containing the provisions specified in subsection (2), and limited activity.

(b) Adequate opportunity to respond.

(c) Appeal of the decision to the Florida Elections Commission. Such appeals are exempt from the confidentiality provisions of s. 106.25.

(6) The requirements of this section are retroactive for any minor political party registered with the department on July 1, 2011, and must be complied with within 180 days after the department provides notice to the minor

political party of the requirements contained in this section. Failure of the minor political party to comply with the requirements within 180 days after receipt of the notice shall automatically result in the cancellation of the minor political party's registration.

History.—s. 46, ch. 2011-40.

103.101 Presidential preference primary.

(1) Each political party other than a minor political party shall, at the presidential preference primary, elect one person to be the party's candidate for nomination for President of the United States or select delegates to the party's national nominating convention, as provided by party rule. The presidential preference primary shall be held on the third Tuesday in March of each presidential election year. Any party rule directing the vote of delegates at a national nominating convention shall reasonably reflect the results of the presidential preference primary, if one is held.

(2) By November 30 of the year preceding the presidential preference primary, each political party shall submit to the Secretary of State a list of its presidential candidates to be placed on the presidential preference primary ballot or candidates entitled to have delegates appear on the presidential preference primary ballot. The Secretary of State shall prepare and publish a list of the names of the presidential candidates submitted not later than on the first Tuesday after the first Monday in December of the year preceding the presidential preference primary. The Department of State shall immediately notify each presidential candidate listed by the Secretary of State. Such notification shall be in writing, by registered mail, with return receipt requested.

(3) A candidate's name shall be printed on the presidential preference primary ballot unless the candidate submits to the Department of State, prior to the second Tuesday after the first Monday in December of the year preceding the presidential preference primary, an affidavit stating that he or she is not now, and does not presently intend to become, a candidate for President at the upcoming nominating convention. If a candidate withdraws pursuant to this subsection, the Department of State shall notify the state executive committee that the candidate's name will not be placed on the ballot. The Department of State shall, no later than the third Tuesday after the first Monday in December of the year preceding the presidential preference primary, certify to each supervisor of elections the name of each candidate for political party nomination to be printed on the ballot.

(4) The names of candidates for political party nominations for President of the United States shall be printed on official ballots for the presidential preference primary election and shall be marked, counted, canvassed, returned, and proclaimed in the same manner and under the same conditions, so far as they are applicable, as in other state elections. If party rule requires the delegates' names to be printed on the official presidential preference primary ballot, the name of the presidential candidates for that political party may not be printed separately, but the ballot may reflect the presidential candidate to whom the delegate is pledged. If, however, a political party has only one presidential candidate, neither the name of the candidate nor the names of the candidate's delegates shall be printed on the ballot.

(5) The state executive committee of each party, by rule adopted at least 60 days prior to the presidential preference primary election, shall determine the number, and establish procedures to be followed in the selection, of delegates and delegate alternates from among each candidate's supporters. A copy of any rule adopted by the executive committee shall be filed with the Department of State within 7 days after its adoption and shall become a public record. The Department of State shall review the procedures and shall notify the state executive committee of each political party of any ballot limitations.

(6) All names of candidates or delegates shall be listed as directed by the Department of State.

No later than the 7th day before the first date for qualifying, the supervisor shall certify the number shown as registered electors and submit such certification to the Division of Elections. The division shall determine whether the required number of signatures has been obtained for the name of the candidate to be placed on the ballot and shall notify the candidate. The ballot shall provide for a vote on the method for selection of judges not currently used for filling judicial offices in the county or circuit.
- (2) Certification of ballot position for the method of selection of circuit court judges shall be issued when the Secretary of State has received a verification certificate from each supervisor of elections in a circuit indicating that the requisite number of valid signatures of electors in the circuit has been submitted and verified by the supervisor or supervisors of that circuit. Certification of ballot position for the method of selection of county court judges shall be issued when the supervisor of elections in a county indicates that the requisite number of signatures of electors in the county has been submitted to and verified by the supervisor. The supervisor shall promptly verify the signatures upon payment of the fee or filing of the undue burden oath required by s. 99.097. Verification must be completed at least 91 days prior to the general election. Upon completion of verification, the supervisor shall execute a certificate indicating the total number of signatures checked and the number of signatures verified as valid and as being of registered electors of the applicable county or circuit. This certificate must be immediately transmitted to the Secretary of State for petitions related to the method of selection of circuit court judges. The supervisor must retain the signature forms for at least 1 year following the election in which the issue appeared on the ballot or until the committee that circulated the petition is no longer seeking to obtain ballot position as determined by the Division of Elections for circuit court petitions or by the supervisor of elections for county court petitions.
- (6) Upon a determination by the Secretary of State for circuit court petitions or by the supervisor of elections for county court petitions that the requisite number of valid signatures has been obtained, a certification of ballot position must be issued for the proposed method of selection of judges. A request to exercise a local option to change the method for selection of circuit or county court judges is deemed filed with the Secretary of State for circuit court judges or the supervisor of elections for county court judges upon the date of the receipt of a certificate or certificates indicating the petition has been signed by the constitutionally required number of electors.
- (7) Within 10 days after each general election for which an initiative to change the method of selection of circuit or county court judges was placed on the ballot in any circuit or county in the state, the Secretary of State must notify the Chief Justice of the Supreme Court of Florida of the changed method for selection of judges for any circuit or county where the initiative passed.

106.011 Definitions.

As used in this chapter, the following terms have the following meanings unless the context clearly indicates otherwise:

- (1) "Campaign fund raiser" means an affair held to raise funds to be used in a campaign for public office.
- (2) "Campaign treasurer" means an individual appointed by a candidate or political committee as provided in this chapter.
- (3) "Candidate" means a person to whom any of the following applies:
 - (a) A person who seeks to qualify for nomination or election by means of the petitioning process.
 - (b) A person who seeks to qualify for election as a write-in candidate.
 - (c) A person who receives contributions or makes expenditures, or consents for any other person to receive contributions or make expenditures, with a view to bring about his or her nomination or election to, or retention in, public office.
 - (d) A person who appoints a treasurer and designates a primary depository.
 - (e) A person who files qualification papers and subscribes to a candidate's oath as required by law.
 However, this definition does not include any candidate for a political party executive committee. Expenditures related to potential candidate polls as provided in s. 106.17 are not contributions or expenditures for purposes of this subsection.
- (4) "Communications media" means broadcasting stations, newspapers, magazines, outdoor advertising facilities, printers, direct mail, advertising agencies, the Internet, and telephone companies; but with respect to telephones, an expenditure is deemed to be an expenditure for the use of communications media only if made for the costs of telephones, paid telephonists, or automatic telephone equipment to be used by a candidate or a political committee to communicate with potential voters but excluding the costs of telephones incurred by a volunteer for use of telephones by such volunteer; however, with respect to the Internet, an expenditure is deemed an expenditure for use of communications media only if made for the cost of creating or disseminating a message on a computer information system accessible by more than one person but excluding internal communications of a campaign or of any group.
- (5) "Contribution" means:
 - (a) A gift, subscription, conveyance, deposit, loan, payment, or distribution of money or anything of value, including contributions in kind having an attributable monetary value in any form, made for the purpose of influencing the results of an election or making an electioneering communication.
 - (b) A transfer of funds between political committees, between electioneering communications organizations, or between any combination of these groups.
 - (c) The payment, by a person other than a candidate or political committee, of compensation for the personal services of another person which are rendered to a candidate or political committee without charge to the candidate or committee for such services.
 - (d) The transfer of funds by a campaign treasurer or deputy campaign treasurer between a primary depository and a separate interest-bearing account or certificate of deposit, and the term includes interest earned on such account or certificate.

Notwithstanding the foregoing meanings of “contribution,” the term may not be construed to include services, including, but not limited to, legal and accounting services, provided without compensation by individuals volunteering a portion or all of their time on behalf of a candidate or political committee or editorial endorsements.

(6) “Division” means the Division of Elections of the Department of State.

(7) “Election” means a primary election, special primary election, general election, special election, or municipal election held in this state for the purpose of nominating or electing candidates to public office, choosing delegates to the national nominating conventions of political parties, selecting a member of a political party executive committee, or submitting an issue to the electors for their approval or rejection.

(8)(a) “Electioneering communication” means a text message or communication that is publicly distributed by a television station, radio station, cable television system, satellite system, newspaper, magazine, direct mail, or telephone which:

1. Refers to or depicts a clearly identified candidate for office without expressly advocating the election or defeat of a candidate but that is susceptible of no reasonable interpretation other than an appeal to vote for or against a specific candidate;
2. Is made within 30 days before a primary or special primary election or 60 days before any other election for the office sought by the candidate; and
3. Is targeted to the relevant electorate in the geographic area the candidate would represent if elected.

(b) The term “electioneering communication” does not include:

1. A communication disseminated through a means of communication other than a television station, radio station, cable television system, satellite system, newspaper, magazine, direct mail, telephone, or statement or depiction by an organization, in existence before the time during which a candidate named or depicted qualifies for that election, made in that organization’s newsletter, which newsletter is distributed only to members of that organization.

2. A communication in a news story, commentary, or editorial distributed through the facilities of a radio station, television station, cable television system, or satellite system, unless the facilities are owned or controlled by a political party, political committee, or candidate. A news story distributed through the facilities owned or controlled by a political party, political committee, or candidate may nevertheless be exempt if it represents a bona fide news account communicated through a licensed broadcasting facility and the communication is part of a general pattern of campaign-related news accounts that give reasonably equal coverage to all opposing candidates in the area.

3. A communication that constitutes a public debate or forum that includes at least two opposing candidates for an office or one advocate and one opponent of an issue, or that solely promotes such a debate or forum and is made by or on behalf of the person sponsoring the debate or forum, provided that:

a. The staging organization is either:

(I) A charitable organization that does not make other electioneering communications and does not otherwise support or oppose any political candidate or political party; or

(II) A newspaper, radio station, television station, or other recognized news medium; and

b. The staging organization does not structure the debate to promote or advance one candidate or issue position over another.

(c) For purposes of this chapter, an expenditure made for, or in furtherance of, an electioneering communication is not considered a contribution to or on behalf of any candidate.

(d) For purposes of this chapter, an electioneering communication does not constitute an independent expenditure and is not subject to the limitations applicable to independent expenditures.

(9) “Electioneering communications organization” means any group, other than a political party, affiliated party committee, or political committee, whose election-related activities are limited to making expenditures for electioneering communications or accepting contributions for the purpose of making electioneering communications and whose activities would not otherwise require the group to register as a political party or political committee under this chapter.

(10)(a) “Expenditure” means a purchase, payment, distribution, loan, advance, transfer of funds by a campaign treasurer or deputy campaign treasurer between a primary depository and a separate interest-bearing account or certificate of deposit, or gift of money or anything of value made for the purpose of influencing the results of an election or making an electioneering communication. However, “expenditure” does not include a purchase, payment, distribution, loan, advance, or gift of money or anything of value made for the purpose of influencing the results of an election when made by an organization, in existence before the time during which a candidate qualifies or an issue is placed on the ballot for that election, for the purpose of printing or distributing such

organization's newsletter, containing a statement by such organization in support of or opposition to a candidate or issue, which newsletter is distributed only to members of such organization.

(b) As used in this chapter, an "expenditure" for an electioneering communication is made when the earliest of the following occurs:

1. A person enters into a contract for applicable goods or services;
2. A person makes payment, in whole or in part, for the production or public dissemination of applicable goods or services; or
3. The electioneering communication is publicly disseminated.

(11) "Filing officer" means the person before whom a candidate qualifies or the agency or officer with whom a political committee or an electioneering communications organization registers.

(12)(a) "Independent expenditure" means an expenditure by a person for the purpose of expressly advocating the election or defeat of a candidate or the approval or rejection of an issue, which expenditure is not controlled by, coordinated with, or made upon consultation with, any candidate, political committee, or agent of such candidate or committee. An expenditure for such purpose by a person having a contract with the candidate, political committee, or agent of such candidate or committee in a given election period is not an independent expenditure.

(b) An expenditure for the purpose of expressly advocating the election or defeat of a candidate which is made by the national, state, or county executive committee of a political party, including any subordinate committee of the political party, an affiliated party committee, a political committee, or any other person is not considered an independent expenditure if the committee or person:

1. Communicates with the candidate, the candidate's campaign, or an agent of the candidate acting on behalf of the candidate, including a pollster, media consultant, advertising agency, vendor, advisor, or staff member, concerning the preparation of, use of, or payment for, the specific expenditure or advertising campaign at issue;
2. Makes a payment in cooperation, consultation, or concert with, at the request or suggestion of, or pursuant to a general or particular understanding with the candidate, the candidate's campaign, a political committee supporting the candidate, or an agent of the candidate relating to the specific expenditure or advertising campaign at issue;
3. Makes a payment for the dissemination, distribution, or republication, in whole or in part, of a broadcast or a written, graphic, or other form of campaign material prepared by the candidate, the candidate's campaign, or an agent of the candidate, including a pollster, media consultant, advertising agency, vendor, advisor, or staff member;
4. Makes a payment based on information about the candidate's plans, projects, or needs communicated to a member of the committee or person by the candidate or an agent of the candidate, provided the committee or person uses the information in any way, in whole or in part, either directly or indirectly, to design, prepare, or pay for the specific expenditure or advertising campaign at issue;
5. After the last day of the qualifying period prescribed for the candidate, consults about the candidate's plans, projects, or needs in connection with the candidate's pursuit of election to office and the information is used in any way to plan, create, design, or prepare an independent expenditure or advertising campaign, with:
 - a. An officer, director, employee, or agent of a national, state, or county executive committee of a political party or an affiliated party committee that has made or intends to make expenditures in connection with or contributions to the candidate; or
 - b. A person whose professional services have been retained by a national, state, or county executive committee of a political party or an affiliated party committee that has made or intends to make expenditures in connection with or contributions to the candidate;
6. After the last day of the qualifying period prescribed for the candidate, retains the professional services of a person also providing those services to the candidate in connection with the candidate's pursuit of election to office; or
7. Arranges, coordinates, or directs the expenditure, in any way, with the candidate or an agent of the candidate.

(13) "Issue" means a proposition that is required by the State Constitution, by law or resolution of the Legislature, or by the charter, ordinance, or resolution of a political subdivision of this state to be submitted to the electors for their approval or rejection at an election, or a proposition for which a petition is circulated in order to have such proposition placed on the ballot at an election.

(14) "Person" means an individual or a corporation, association, firm, partnership, joint venture, joint stock company, club, organization, estate, trust, business trust, syndicate, or other combination of individuals having collective capacity. The term includes a political party, affiliated party committee, or political committee.

(15) "Political advertisement" means a paid expression in a communications medium prescribed in subsection (4), whether radio, television, newspaper, magazine, periodical, campaign literature, direct mail, or display or by means other than the spoken word in direct conversation, which expressly advocates the election or defeat of a candidate or the approval or rejection of an issue. However, political advertisement does not include:

(a) A statement by an organization, in existence before the time during which a candidate qualifies or an issue is placed on the ballot for that election, in support of or opposition to a candidate or issue, in that organization's newsletter, which newsletter is distributed only to the members of that organization.

(b) Editorial endorsements by a newspaper, a radio or television station, or any other recognized news medium.

(16)(a) "Political committee" means:

1. A combination of two or more individuals, or a person other than an individual, that, in an aggregate amount in excess of \$500 during a single calendar year:

a. Accepts contributions for the purpose of making contributions to any candidate, political committee, affiliated party committee, or political party;

b. Accepts contributions for the purpose of expressly advocating the election or defeat of a candidate or the passage or defeat of an issue;

c. Makes expenditures that expressly advocate the election or defeat of a candidate or the passage or defeat of an issue; or

d. Makes contributions to a common fund, other than a joint checking account between spouses, from which contributions are made to any candidate, political committee, affiliated party committee, or political party;

2. The sponsor of a proposed constitutional amendment by initiative who intends to seek the signatures of registered electors.

(b) Notwithstanding paragraph (a), the following entities are not considered political committees for purposes of this chapter:

1. National political parties, the state and county executive committees of political parties, and affiliated party committees regulated by chapter 103.

2. Corporations regulated by chapter 607 or chapter 617 or other business entities formed for purposes other than to support or oppose issues or candidates, if their political activities are limited to contributions to candidates, political parties, affiliated party committees, or political committees or expenditures in support of or opposition to an issue from corporate or business funds and if no contributions are received by such corporations or business entities.

3. Electioneering communications organizations as defined in subsection (9).

(17) "Public office" means a state, county, municipal, or school or other district office or position that is filled by vote of the electors.

(18) "Unopposed candidate" means a candidate for nomination or election to an office who, after the last day on which a person, including a write-in candidate, may qualify, is without opposition in the election at which the office is to be filled or who is without such opposition after such date as a result of a primary election or of withdrawal by other candidates seeking the same office. A candidate is not an unopposed candidate if there is a vacancy to be filled under s. 100.111(3), if there is a legal proceeding pending regarding the right to a ballot position for the office sought by the candidate, or if the candidate is seeking retention as a justice or judge.

106.021 Campaign treasurers; deputies; primary and secondary depositories.

(1)(a) Each candidate for nomination or election to office and each political committee shall appoint a campaign treasurer. Each person who seeks to qualify for nomination or election to, or retention in, office shall appoint a campaign treasurer and designate a primary campaign depository before qualifying for office. Any person who seeks to qualify for election or nomination to any office by means of the petitioning process shall appoint a treasurer and designate a primary depository on or before the date he or she obtains the petitions. At the same time a candidate designates a campaign depository and appoints a treasurer, the candidate shall also designate

the office for which he or she is a candidate. If the candidate is running for an office that will be grouped on the ballot with two or more similar offices to be filled at the same election, the candidate must indicate for which group or district office he or she is running. This subsection does not prohibit a candidate, at a later date, from changing the designation of the office for which he or she is a candidate. However, if a candidate changes the designated office for which he or she is a candidate, the candidate must notify all contributors in writing of the intent to seek a different office and offer to return pro rata, upon their request, those contributions given in support of the original office sought. This notification shall be given within 15 days after the filing of the change of designation and shall include a standard form developed by the Division of Elections for requesting the return of contributions. The notice requirement does not apply to any change in a numerical designation resulting solely from redistricting. If, within 30 days after being notified by the candidate of the intent to seek a different office, the contributor notifies the candidate in writing that the contributor wishes his or her contribution to be returned, the candidate shall return the contribution, on a pro rata basis, calculated as of the date the change of designation is filed. Up to a maximum of the contribution limits specified in s. 106.08, a candidate who runs for an office other than the office originally designated may use any contribution that a donor does not request be returned within the 30-day period for the newly designated office, provided the candidate disposes of any amount exceeding the contribution limit pursuant to the options in s. 106.11(5)(b) and (c) or s. 106.141(4)(a)1., 2., or 4.; notwithstanding, the full amount of the contribution for the original office shall count toward the contribution limits specified in s. 106.08 for the newly designated office. A person may not accept any contribution or make any expenditure with a view to bringing about his or her nomination, election, or retention in public office, or authorize another to accept such contributions or make such expenditure on the person's behalf, unless such person has appointed a campaign treasurer and designated a primary campaign depository. A candidate for an office voted upon statewide may appoint not more than 15 deputy campaign treasurers, and any other candidate or political committee may appoint not more than 3 deputy campaign treasurers. The names and addresses of the campaign treasurer and deputy campaign treasurers so appointed shall be filed with the officer before whom such candidate is required to qualify or with whom such political committee is required to register pursuant to s. 106.03.

(b) Except as provided in paragraph (d), each candidate and each political committee shall also designate one primary campaign depository for the purpose of depositing all contributions received, and disbursing all expenditures made, by the candidate or political committee. The candidate or political committee may also designate one secondary depository in each county in which an election is held in which the candidate or committee participates. Secondary depositories shall be for the sole purpose of depositing contributions and forwarding the deposits to the primary campaign depository. Any bank, savings and loan association, or credit union authorized to transact business in this state may be designated as a campaign depository. The candidate or political committee shall file the name and address of each primary and secondary depository so designated at the same time that, and with the same officer with whom, the candidate or committee files the name of his, her, or its campaign treasurer pursuant to paragraph (a). In addition, the campaign treasurer or a deputy campaign treasurer may deposit any funds which are in the primary campaign depository and which are not then currently needed for the disbursement of expenditures into a separate interest-bearing account in any bank, savings and loan association, or credit union authorized to transact business in this state. The separate interest-bearing account shall be designated “ (name of candidate or committee) separate interest-bearing campaign account.” In lieu thereof, the campaign treasurer or deputy campaign treasurer may purchase a certificate of deposit with such unneeded funds in such bank, savings and loan association, or credit union. The separate interest-bearing account or certificate of deposit shall be separate from any personal or other account or certificate of deposit. Any withdrawal of the principal or earned interest or any part thereof shall only be made from the separate interest-bearing account or certificate of deposit for the purpose of transferring funds to the primary account and shall be reported as a contribution.

(c) Any campaign treasurer or deputy treasurer appointed pursuant to this section shall, before such appointment may become effective, have accepted appointment to such position in writing and filed such acceptance with the officer before whom the candidate is required to qualify or with the officer with whom the political committee is required to file reports. An individual may be appointed and serve as campaign treasurer of a candidate and a political committee or two or more candidates and political committees. A candidate may appoint herself or himself as campaign treasurer.

(d) Any political committee which deposits all contributions received in a national depository from which the political committee receives funds to contribute to state and local candidates shall not be required to designate a campaign depository in the state.

(2) A candidate or political committee may remove his, her, or its campaign treasurer or any deputy treasurer. In case of the death, resignation, or removal of a campaign treasurer before compliance with all obligations of a campaign treasurer under this chapter, the candidate or political committee shall appoint a successor and certify the name and address of the successor in the manner provided in the case of an original appointment. No resignation shall be effective until it has been submitted to the candidate or committee in writing and a copy thereof has been filed with the officer before whom the candidate is required to qualify or the officer with whom the political committee is required to file reports. No treasurer or deputy treasurer shall be deemed removed by a candidate or political committee until written notice of such removal has been given to such treasurer or deputy treasurer and has been filed with the officer before whom such candidate is required to qualify or with the officer with whom such committee is required to file reports.

(3) No contribution or expenditure, including contributions or expenditures of a candidate or of the candidate's family, shall be directly or indirectly made or received in furtherance of the candidacy of any person for nomination or election to political office in the state or on behalf of any political committee except through the duly appointed campaign treasurer of the candidate or political committee, subject to the following exceptions:

(a) Independent expenditures;

(b) Reimbursements to a candidate or any other individual for expenses incurred in connection with the campaign or activities of the political committee by a check drawn upon the campaign account and reported pursuant to s. 106.07(4). The full name of each person to whom the candidate or other individual made payment for which reimbursement was made by check drawn upon the campaign account shall be reported pursuant to s. 106.07(4), together with the purpose of such payment;

(c) Expenditures made indirectly through a treasurer for goods or services, such as communications media placement or procurement services, campaign signs, insurance, or other expenditures that include multiple integral components as part of the expenditure and reported pursuant to s. 106.07(4)(a)13.; or

(d) Expenditures made directly by any affiliated party committee or political party regulated by chapter 103 for obtaining time, space, or services in or by any communications medium for the purpose of jointly endorsing three or more candidates, and any such expenditure may not be considered a contribution or expenditure to or on behalf of any such candidates for the purposes of this chapter.

(4) A deputy campaign treasurer may exercise any of the powers and duties of a campaign treasurer as set forth in this chapter when specifically authorized to do so by the campaign treasurer and the candidate, in the case of a candidate, or the campaign treasurer and chair of the political committee, in the case of a political committee.

(5) For purposes of appointing a campaign treasurer and designating a campaign depository, candidates for the offices of Governor and Lieutenant Governor on the same ticket shall be considered a single candidate.

Except as provided in paragraphs (a) and (b), reports shall be filed on the 10th day following the end of each calendar month from the time the campaign treasurer is appointed, except that, if the 10th day following the end of a calendar month occurs on a Saturday, Sunday, or legal holiday, the report shall be filed on the next following day that is not a Saturday, Sunday, or legal holiday. Monthly reports shall include all contributions received and expenditures made during the calendar month which have not otherwise been reported pursuant to this section.

(a) A statewide candidate or a political committee required to file reports with the division must file reports:

1. On the 60th day immediately preceding the primary election, and each week thereafter, with the last weekly report being filed on the 4th day immediately preceding the general election.

2. On the 10th day immediately preceding the general election, and each day thereafter, with the last daily report being filed the 5th day immediately preceding the general election.

(b) Any other candidate or a political committee required to file reports with a filing officer other than the division must file reports on the 60th day immediately preceding the primary election, and biweekly on each Friday thereafter through and including the 4th day immediately preceding the general election, with additional reports due on the 25th and 11th days before the primary election and the general election.

Such report shall contain all previously unreported contributions and expenditures as required by this section and shall reflect disposition of funds as required by s. 106.141.

When a special election is called to fill a vacancy in office, all political committees making contributions or expenditures to influence the results of such special election or the preceding special primary election shall file campaign treasurers' reports with the filing officer on the dates set by the Department of State pursuant to s. 100.111.

A certificate of mailing obtained from and dated by the United States Postal Service at the time of mailing, or a receipt from an established courier company, which bears a date on or before the date on which the report is due, suffices as proof of mailing in a timely manner. Reports other than daily reports must contain information on all previously unreported contributions received and expenditures made as of the preceding Friday, except that the report filed on the Friday immediately preceding the election must contain information on all previously unreported contributions received and expenditures made as of the day preceding that designated due date; daily reports must contain information on all previously unreported contributions received as of the preceding day. All such reports are open to public inspection.

This subsection does not prohibit the governing body of a political subdivision, by ordinance or resolution, from imposing upon its own officers and candidates electronic filing requirements not in conflict with s. 106.0705. Expenditure of public funds for such purpose is deemed to be for a valid public purpose.

(b)1. Any report that is deemed to be incomplete by the officer with whom the candidate qualifies must be accepted on a conditional basis. The campaign treasurer shall be notified by certified mail or by another method using a common carrier that provides a proof of delivery of the notice as to why the report is incomplete and within 7 days after receipt of such notice must file an addendum to the report providing all information necessary to complete the report in compliance with this section. Failure to file a complete report after such notice constitutes a violation of this chapter.

2. Notice is deemed complete upon proof of delivery of a written notice to the mailing or street address of the campaign treasurer or registered agent of record with the filing officer.

(3) Reports required of a political committee shall be filed with the agency or officer before whom such committee registers pursuant to s. 106.03(3) and shall be subject to the same filing conditions as established for candidates' reports. Incomplete reports by political committees shall be treated in the manner provided for incomplete reports by candidates in subsection (2).

(4)(a) Except for daily reports, to which only the contributions provisions below apply, and except as provided in paragraph (b), each report required by this section must contain:

1. The full name, address, and occupation, if any, of each person who has made one or more contributions to or for such committee or candidate within the reporting period, together with the amount and date of such contributions. For corporations, the report must provide as clear a description as practicable of the principal type of business conducted by the corporation. However, if the contribution is \$100 or less or is from a relative, as defined in s. 112.312, provided that the relationship is reported, the occupation of the contributor or the principal type of business need not be listed.

2. The name and address of each political committee from which the reporting committee or the candidate received, or to which the reporting committee or candidate made, any transfer of funds, together with the amounts and dates of all transfers.

4. A statement of each contribution, rebate, refund, or other receipt not otherwise listed under subparagraphs 1. through 3.

5. The total sums of all loans, in-kind contributions, and other receipts by or for such committee or candidate during the reporting period. The reporting forms shall be designed to elicit separate totals for in-kind contributions, loans, and other receipts.

6. The full name and address of each person to whom expenditures have been made by or on behalf of the committee or candidate within the reporting period; the amount, date, and purpose of each such expenditure; and the name and address of, and office sought by, each candidate on whose behalf such expenditure was made. However, expenditures made from the petty cash fund provided by s. 106.12 need not be reported individually.

7. The full name and address of each person to whom an expenditure for personal services, salary, or reimbursement for authorized expenses as provided in s. 106.021(3) has been made and which is not otherwise reported, including the amount, date, and purpose of such expenditure. However, expenditures made from the petty cash fund provided for in s. 106.12 need not be reported individually. Receipts for reimbursement for authorized expenditures shall be retained by the treasurer along with the records for the campaign account.

8. The total amount withdrawn and the total amount spent for petty cash purposes pursuant to this chapter during the reporting period.

9. The total sum of expenditures made by such committee or candidate during the reporting period.

10. The amount and nature of debts and obligations owed by or to the committee or candidate, which relate to the conduct of any political campaign.

11. Transaction information for each credit card purchase. Receipts for each credit card purchase shall be retained by the treasurer with the records for the campaign account.

12. The amount and nature of any separate interest-bearing accounts or certificates of deposit and identification of the financial institution in which such accounts or certificates of deposit are located.

13. The primary purposes of an expenditure made indirectly through a campaign treasurer pursuant to s. 106.021(3) for goods and services such as communications media placement or procurement services, campaign signs, insurance, and other expenditures that include multiple components as part of the expenditure.

The primary purpose of an expenditure shall be that purpose, including integral and directly related components, that comprises 80 percent of such expenditure.

(b) Multiple uniform contributions from the same person, aggregating no more than \$250 per calendar year, collected by an organization that is the affiliated sponsor of a political committee, may be reported by the political committee in an aggregate amount listing the number of contributors together with the amount contributed by each and the total amount contributed during the reporting period. The identity of each person making such uniform contribution must be reported to the filing officer as provided in subparagraph (a)1. by July 1 of each calendar year, or, in a general election year, no later than the 60th day immediately preceding the primary election.

(c) The filing officer shall make available to any candidate or committee a reporting form which the candidate or committee may use to indicate contributions received by the candidate or committee but returned to the contributor before deposit.

(5) The candidate and his or her campaign treasurer, in the case of a candidate, or the political committee chair and campaign treasurer of the committee, in the case of a political committee, shall certify as to the correctness of each report; and each person so certifying shall bear the responsibility for the accuracy and veracity of each report. Any campaign treasurer, candidate, or political committee chair who willfully certifies the correctness of any report while knowing that such report is incorrect, false, or incomplete commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(6) The records maintained by the campaign depository with respect to any campaign account regulated by this chapter are subject to inspection by an agent of the Division of Elections or the Florida Elections Commission at any time during normal banking hours, and such depository shall furnish certified copies of any of such records to the Division of Elections or Florida Elections Commission upon request.

(7) Notwithstanding any other provisions of this chapter, in any reporting period during which a candidate or political committee has not received funds, made any contributions, or expended any reportable funds, the filing of the required report for that period is waived. However, the next report filed must specify that the report covers the entire period between the last submitted report and the report being filed, and any candidate or political committee not reporting by virtue of this subsection on dates prescribed elsewhere in this chapter shall notify the filing officer in writing on the prescribed reporting date that no report is being filed on that date.

(8)(a) Any candidate or political committee failing to file a report on the designated due date is subject to a fine as provided in paragraph (b) for each late day, and, in the case of a candidate, such fine shall be paid only from personal funds of the candidate. The fine shall be assessed by the filing officer and the moneys collected shall be deposited:

1. In the General Revenue Fund, in the case of a candidate for state office or a political committee that registers with the Division of Elections; or

2. In the general revenue fund of the political subdivision, in the case of a candidate for an office of a political subdivision or a political committee that registers with an officer of a political subdivision.

No separate fine shall be assessed for failure to file a copy of any report required by this section.

(b) Upon determining that a report is late, the filing officer shall immediately notify the candidate or chair of the political committee as to the failure to file a report by the designated due date and that a fine is being assessed for each late day. The fine is \$50 per day for the first 3 days late and, thereafter, \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. However, for the reports immediately preceding each special primary election, special election, primary election, and general election, the fine is \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. For reports required under s. 106.141(8), the fine is \$50 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. Upon receipt of the report, the filing officer shall determine the amount of the fine which is due and shall notify the candidate or chair or registered agent of the political committee. The filing officer shall determine the amount of the fine due based upon the earliest of the following:

1. When the report is actually received by such officer.

2. When the report is postmarked.

3. When the certificate of mailing is dated.

4. When the receipt from an established courier company is dated.

5. When the electronic receipt issued pursuant to s. 106.0705 or other electronic filing system authorized in this section is dated.

Such fine shall be paid to the filing officer within 20 days after receipt of the notice of payment due, unless appeal is made to the Florida Elections Commission pursuant to paragraph (c). Notice is deemed complete upon proof of delivery of written notice to the mailing or street address on record with the filing officer. In the case of a candidate, such fine is not an allowable campaign expenditure and shall be paid only from personal funds of the candidate. An officer or member of a political committee is not personally liable for such fine.

(c) Any candidate or chair of a political committee may appeal or dispute the fine, based upon, but not limited to, unusual circumstances surrounding the failure to file on the designated due date, and may request and shall be entitled to a hearing before the Florida Elections Commission, which shall have the authority to waive the fine in whole or in part. The Florida Elections Commission must consider the mitigating and aggravating circumstances contained in s. 106.265(2) when determining the amount of a fine, if any, to be waived. Any such request shall be made within 20 days after receipt of the notice of payment due. In such case, the candidate or chair of the political committee shall, within the 20-day period, notify the filing officer in writing of his or her intention to bring the matter before the commission.

(d) The appropriate filing officer shall notify the Florida Elections Commission of the repeated late filing by a candidate or political committee, the failure of a candidate or political committee to file a report after notice, or the failure to pay the fine imposed. The commission shall investigate only those alleged late filing violations specifically identified by the filing officer and as set forth in the notification. Any other alleged violations must be separately stated and reported by the division to the commission under s. 106.25(2).

A certificate of mailing obtained from and dated by the United States Postal Service at the time of mailing, or a receipt from an established courier company, which bears a date on or before the date on which the report is due is proof of mailing in a timely manner. The report filed must contain information of all contributions received and expenditures made as of the day preceding the designated due date. All such reports must be open to public inspection.

(b) A reporting individual may submit the report required under this section through an electronic filing system, if used by the supervisor for other candidates, in order to satisfy the filing requirement. Such reports shall be completed and filed through the electronic filing system not later than midnight on the 4th day immediately preceding the primary election.

(3)(a) A report that is deemed to be incomplete by the supervisor shall be accepted on a conditional basis. The supervisor shall send a notice to the reporting individual by certified mail or by another method using a common carrier that provides proof of delivery as to why the report is incomplete. Within 7 days after receipt of such notice, the reporting individual must file an addendum to the report providing all information necessary to complete the report in compliance with this section. Failure to file a complete report after such notice constitutes a violation of this chapter.

(b) Notice is deemed complete upon proof of delivery of a written notice to the mailing or street address that is on record with the supervisor.

(4)(a) Each report required by this section must contain:

1. The full name, address, and occupation of each person who has made one or more contributions to or for the reporting individual within the reporting period, together with the amount and date of such contributions. For corporations, the report must provide as clear a description as practicable of the principal type of business conducted by the corporations. However, if the contribution is \$100 or less or is from a relative, as defined in s. 112.312, provided that the relationship is reported, the occupation of the contributor or the principal type of business need not be listed.

2. The name and address of each political committee from which the reporting individual has received, or to which the reporting individual has made, any transfer of funds within the reporting period, together with the amounts and dates of all transfers.

3. Each loan for campaign purposes from any person or political committee within the reporting period, together with the full name, address, and occupation, and principal place of business, if any, of the lender and endorser, if any, and the date and amount of such loans.

4. A statement of each contribution, rebate, refund, or other receipt not otherwise listed under subparagraphs 1.-3.

5. The total sums of all loans, in-kind contributions, and other receipts by or for such reporting individual during the reporting period. The reporting forms shall be designed to elicit separate totals for in-kind contributions, loans, and other receipts.

6. The full name and address of each person to whom expenditures have been made by or on behalf of the reporting individual within the reporting period; the amount, date, and purpose of each such expenditure; and the name and address of, and office sought by, each reporting individual on whose behalf such expenditure was made.

7. The amount and nature of debts and obligations owed by or to the reporting individual which relate to the conduct of any political campaign.

8. Transaction information for each credit card purchase. Receipts for each credit card purchase shall be retained by the reporting individual.

9. The amount and nature of any separate interest-bearing accounts or certificates of deposit and identification of the financial institution in which such accounts or certificates of deposit are located.

(b) The supervisor shall make available to any reporting individual a reporting form that the reporting individual may use to indicate contributions received by the reporting individual but returned to the contributor before deposit.

(5) The reporting individual shall certify as to the correctness of the report and shall bear the responsibility for the accuracy and veracity of each report. Any reporting individual who willfully certifies the correctness of the report while knowing that such report is incorrect, false, or incomplete commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(6) Notwithstanding any other provisions of this chapter, the filing of the required report is waived if the reporting individual has not received contributions or expended any reportable funds.

(7)(a) A reporting individual who fails to file a report on the designated due date is subject to a fine, and such fine shall be paid only from personal funds of the reporting individual. The fine shall be \$50 per day for the first 3 days late and, thereafter, \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater. The fine shall be assessed by the supervisor, and the moneys collected shall be deposited into the general revenue fund of the political subdivision.

(b) The supervisor shall determine the amount of the fine due based upon the earliest of the following:

1. When the report is actually received by the supervisor;
2. When the report is postmarked;
3. When the certificate of mailing is dated;
4. When the receipt from an established courier company is dated; or
5. When the report is completed and filed through the electronic filing system, if applicable.

Such fine shall be paid to the supervisor within 20 days after receipt of the notice of payment due unless appeal is made to the Florida Elections Commission pursuant to paragraph (c). Notice is deemed complete upon proof of delivery of written notice to the mailing or street address on record with the supervisor. Such fine may not be an allowable campaign expenditure and shall be paid only from personal funds of the reporting individual.

(c) A reporting individual may appeal or dispute the fine, based upon, but not limited to, unusual circumstances surrounding the failure to file on the designated due date, and may request and is entitled to a hearing before the Florida Elections Commission, which has the authority to waive the fine in whole or in part. The Florida Elections Commission must consider the mitigating and aggravating circumstances contained in s. 106.265(2) when determining the amount of a fine, if any, to be waived. Any such request shall be made within 20 days after receipt of the notice of payment due. In such case, the reporting individual must, within 20 days after receipt of the notice, notify the supervisor in writing of his or her intention to bring the matter before the commission.

(d) The appropriate supervisor shall notify the Florida Elections Commission of the late filing by a reporting individual, the failure of a reporting individual to file a report after notice, or the failure to pay the fine imposed. The commission shall investigate only those alleged late filing violations specifically identified by the supervisor and as set forth in the notification. Any other alleged violations must be separately stated and reported by the division to the commission under s. 106.25(2).

History.—s. 10, ch. 2013-37.

106.0703 Electioneering communications organizations; reporting requirements; certification and filing; penalties.

(1)(a) Each electioneering communications organization shall file regular reports of all contributions received and all expenditures made by or on behalf of the organization. Except as provided in paragraphs (b) and (c), reports must be filed on the 10th day following the end of each calendar month from the time the organization is registered. However, if the 10th day following the end of a calendar month occurs on a Saturday, Sunday, or legal holiday, the report must be filed on the next following day that is not a Saturday, Sunday, or legal holiday. Monthly reports must include all contributions received and expenditures made during the calendar month that have not otherwise been reported pursuant to this section.

(b) For an electioneering communications organization required to file reports with the division, reports must be filed:

1. On the 60th day immediately preceding the primary election, and each week thereafter, with the last weekly report being filed on the 4th day immediately preceding the general election.
2. On the 10th day immediately preceding the general election, and every day thereafter excluding the 4th day immediately preceding the general election, with the last daily report being filed the day before the general election.

(c) For an electioneering communications organization required to file reports with a filing officer other than the division, reports must be filed on the 60th day immediately preceding the primary election, and biweekly on each

Friday thereafter through and including the 4th day immediately preceding the general election, with additional reports due on the 25th and 11th days before the primary election and the general election.

(d) When a special election is called to fill a vacancy in office, all electioneering communications organizations making contributions or expenditures to influence the results of the special election shall file reports with the filing officer on the dates set by the Department of State pursuant to s. 100.111.

(e) In addition to the reports required by paragraph (a), an electioneering communications organization that is registered with the Department of State and that makes a contribution or expenditure to influence the results of a county or municipal election that is not being held at the same time as a state or federal election must file reports with the county or municipal filing officer on the same dates as county or municipal candidates or committees for that election. The electioneering communications organization must also include the expenditure in the next report filed with the Division of Elections pursuant to this section following the county or municipal election.

(f) The filing officer shall make available to each electioneering communications organization a schedule designating the beginning and end of reporting periods as well as the corresponding designated due dates.

(2)(a) Except as provided in s. 106.0705, the reports required of an electioneering communications organization shall be filed with the filing officer not later than 5 p.m. of the day designated. However, any report postmarked by the United States Postal Service no later than midnight of the day designated is deemed to have been filed in a timely manner. Any report received by the filing officer within 5 days after the designated due date that was delivered by the United States Postal Service is deemed timely filed unless it has a postmark that indicates that the report was mailed after the designated due date. A certificate of mailing obtained from and dated by the United States Postal Service at the time of mailing, or a receipt from an established courier company, which bears a date on or before the date on which the report is due, suffices as proof of mailing in a timely manner. Reports other than daily reports must contain information on all previously unreported contributions received and expenditures made as of the preceding Friday, except that the report filed on the Friday immediately preceding the election must contain information on all previously unreported contributions received and expenditures made as of the day preceding the designated due date; daily reports must contain information on all previously unreported contributions received as of the preceding day. All such reports are open to public inspection.

(b)1. Any report that is deemed to be incomplete by the officer with whom the electioneering communications organization files shall be accepted on a conditional basis. The treasurer of the electioneering communications organization shall be notified, by certified mail or other common carrier that can establish proof of delivery for the notice, as to why the report is incomplete. Within 7 days after receipt of such notice, the treasurer must file an addendum to the report providing all information necessary to complete the report in compliance with this section. Failure to file a complete report after such notice constitutes a violation of this chapter.

2. Notice is deemed sufficient upon proof of delivery of written notice to the mailing or street address of the treasurer or registered agent of the electioneering communication organization on record with the filing officer.

(3)(a) Except for daily reports, to which only the contribution provisions below apply, each report required by this section must contain:

1. The full name, address, and occupation, if any, of each person who has made one or more contributions to or for such electioneering communications organization within the reporting period, together with the amount and date of such contributions. For corporations, the report must provide as clear a description as practicable of the principal type of business conducted by the corporation. However, if the contribution is \$100 or less, the occupation of the contributor or the principal type of business need not be listed.

2. The name and address of each political committee from which or to which the reporting electioneering communications organization made any transfer of funds, together with the amounts and dates of all transfers.

3. Each loan for electioneering communication purposes to or from any person or political committee within the reporting period, together with the full names, addresses, and occupations and principal places of business, if any, of the lender and endorsers, if any, and the date and amount of such loans.

4. A statement of each contribution, rebate, refund, or other receipt not otherwise listed under subparagraphs 1.-3.

5. The total sums of all loans, in-kind contributions, and other receipts by or for such electioneering communications organization during the reporting period. The reporting forms shall be designed to elicit separate totals for in-kind contributions, loans, and other receipts.

6. The full name and address of each person to whom expenditures have been made by or on behalf of the electioneering communications organization within the reporting period and the amount, date, and purpose of each expenditure.

7. The full name and address of each person to whom an expenditure for personal services, salary, or reimbursement for expenses has been made and that is not otherwise reported, including the amount, date, and purpose of the expenditure.

8. The total sum of expenditures made by the electioneering communications organization during the reporting period.

9. The amount and nature of debts and obligations owed by or to the electioneering communications organization that relate to the conduct of any electioneering communication.

10. Transaction information for each credit card purchase. Receipts for each credit card purchase shall be retained by the electioneering communications organization.

11. The amount and nature of any separate interest-bearing accounts or certificates of deposit and identification of the financial institution in which such accounts or certificates of deposit are located.

12. The primary purposes of an expenditure made indirectly through an electioneering communications organization for goods and services, such as communications media placement or procurement services and other expenditures that include multiple components as part of the expenditure. The primary purpose of an expenditure shall be that purpose, including integral and directly related components, that comprises 80 percent of such expenditure.

(b) The filing officer shall make available to any electioneering communications organization a reporting form which the electioneering communications organization may use to indicate contributions received by the electioneering communications organization but returned to the contributor before deposit.

(4) The treasurer of the electioneering communications organization shall certify as to the correctness of each report, and each person so certifying shall bear the responsibility for the accuracy and veracity of each report. Any treasurer who willfully certifies the correctness of any report while knowing that such report is incorrect, false, or incomplete commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(5) The electioneering communications organization depository shall provide statements reflecting deposits and expenditures from the account to the treasurer, who shall retain the records pursuant to s. 106.06. The records maintained by the depository with respect to the account shall be subject to inspection by an agent of the Division of Elections or the Florida Elections Commission at any time during normal banking hours, and such depository shall furnish certified copies of any such records to the Division of Elections or the Florida Elections Commission upon request.

(6) Notwithstanding any other provisions of this chapter, in any reporting period during which an electioneering communications organization has not received funds, made any contributions, or expended any reportable funds, the treasurer shall file a written report with the filing officer by the prescribed reporting date that no reportable contributions or expenditures were made during the reporting period.

(7)(a) Any electioneering communications organization failing to file a report on the designated due date shall be subject to a fine as provided in paragraph (b) for each late day. The fine shall be assessed by the filing officer, and the moneys collected shall be deposited:

1. In the General Revenue Fund, in the case of an electioneering communications organization that registers with the Division of Elections; or

2. In the general revenue fund of the political subdivision, in the case of an electioneering communications organization that registers with an officer of a political subdivision.

No separate fine shall be assessed for failure to file a copy of any report required by this section.

(b) Upon determining that a report is late, the filing officer shall immediately notify the electioneering communications organization as to the failure to file a report by the designated due date and that a fine is being assessed for each late day. The fine shall be \$50 per day for the first 3 days late and, thereafter, \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. However, for the reports immediately preceding each primary and general election, the fine shall be \$500 per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. Upon receipt of the report, the filing officer shall determine the amount of the fine which is due and shall notify the electioneering communications organization. The filing officer shall determine the amount of the fine due based upon the earliest of the following:

1. When the report is actually received by such officer.

2. When the report is postmarked.

3. When the certificate of mailing is dated.

4. When the receipt from an established courier company is dated.

5. When the electronic receipt issued pursuant to s. 106.0705 or other electronic filing system authorized in this section is dated.

Such fine shall be paid to the filing officer within 20 days after receipt of the notice of payment due, unless appeal is made to the Florida Elections Commission pursuant to paragraph (c). Notice is deemed sufficient upon proof of delivery of written notice to the mailing or street address on record with the filing officer. An officer or member of an electioneering communications organization shall not be personally liable for such fine.

(c) The treasurer of an electioneering communications organization may appeal or dispute the fine, based upon, but not limited to, unusual circumstances surrounding the failure to file on the designated due date, and may request and shall be entitled to a hearing before the Florida Elections Commission, which shall have the authority to waive the fine in whole or in part. The Florida Elections Commission must consider the mitigating and aggravating circumstances contained in s. 106.265(2) when determining the amount of a fine, if any, to be waived. Any such request shall be made within 20 days after receipt of the notice of payment due. In such case, the treasurer of the electioneering communications organization shall, within the 20-day period, notify the filing officer in writing of his or her intention to bring the matter before the commission.

(d) The appropriate filing officer shall notify the Florida Elections Commission of the repeated late filing by an electioneering communications organization, the failure of an electioneering communications organization to file a report after notice, or the failure to pay the fine imposed. The commission shall investigate only those alleged late filing violations specifically identified by the filing officer and as set forth in the notification. Any other alleged violations must be stated separately and reported by the division to the commission under s. 106.25(2).

(8) Electioneering communications organizations shall not use credit cards.

(4) Each report filed pursuant to this section is considered to be under oath by the candidate and treasurer, the chair and treasurer, the treasurer under s. 106.0703, or the leader and treasurer under s. 103.092, whichever is applicable, and such persons are subject to the provisions of s. 106.07(5), s. 106.0703(4), or s. 106.29(2), as applicable. Persons given a secure sign-on to the electronic filing system are responsible for protecting such from disclosure and are responsible for all filings using such credentials, unless they have notified the division that their credentials have been compromised.

The report shall contain the full name and address of the person making the expenditure; the full name and address of each person to whom and for whom each such expenditure has been made; the amount, date, and purpose of each such expenditure; a description of the services or goods obtained by each such expenditure; the issue to which the expenditure relates; and the name and address of, and office sought by, each candidate on whose behalf such expenditure was made.

(3) Subsection (2) does not apply to novelty items having a retail value of \$10 or less which support, but do not oppose, a candidate or issue.

(c) “Social media platform” has the same meaning as in s. 501.2041.

(d) “User” has the same meaning as in s. 501.2041.

(2) A social media platform may not willfully deplatform a candidate for office who is known by the social media platform to be a candidate, beginning on the date of qualification and ending on the date of the election or the date the candidate ceases to be a candidate. A social media platform must provide each user a method by which the user may be identified as a qualified candidate and which provides sufficient information to allow the social media platform to confirm the user’s qualification by reviewing the website of the Division of Elections or the website of the local supervisor of elections.

(3) Upon a finding of a violation of subsection (2) by the Florida Elections Commission, in addition to the remedies provided in ss. 106.265 and 106.27, the social media platform may be fined \$250,000 per day for a candidate for statewide office and \$25,000 per day for a candidate for other offices.

(4) A social media platform that willfully provides free advertising for a candidate must inform the candidate of such in-kind contribution. Posts, content, material, and comments by candidates which are shown on the platform in the same or similar way as other users' posts, content, material, and comments are not considered free advertising.

106.075 Elected officials; report of loans made in year preceding election; limitation on contributions to pay loans.

(1) A person who is elected to office must report all loans, exceeding \$500 in value, made to him or her and used for campaign purposes, and made in the 12 months preceding his or her election to office, to the filing officer. The report must be made, in the manner prescribed by the Department of State, within 10 days after being elected to office.

(2) Any person who makes a contribution to an individual to pay all or part of a loan incurred, in the 12 months preceding the election, to be used for the individual's campaign, may not contribute more than the amount which is allowed in s. 106.08(1).

History.—s. 11, ch. 89-256; s. 32, ch. 90-315; s. 12, ch. 91-107; s. 641, ch. 95-147; s. 34, ch. 2013-37.

106.08 Contributions; limitations on.

(1)(a) Except for political parties or affiliated party committees, no person or political committee may, in any election, make contributions in excess of the following amounts:

1. To a candidate for statewide office or for retention as a justice of the Supreme Court or to a political committee that is the sponsor of or is in opposition to a constitutional amendment proposed by initiative, \$3,000. However, the limitation on contributions to such political committees no longer applies once the Secretary of State has issued a certificate of ballot position and a designating number for the proposed amendment that the political committee is sponsoring or opposing. Candidates for the offices of Governor and Lieutenant Governor on the same ticket are considered a single candidate for the purpose of this section.

2. To a candidate for retention as a judge of a district court of appeal; a candidate for legislative office; a candidate for multicounty office; a candidate for countywide office or in any election conducted on less than a countywide basis; or a candidate for county court judge or circuit judge, \$1,000.

(b) The contribution limits provided in this subsection do not apply to contributions made by a state or county executive committee of a political party or affiliated party committee regulated by chapter 103 or to amounts contributed by a candidate to his or her own campaign.

(c) The contribution limits of this subsection apply to each election. For purposes of this subsection, the primary election and general election are separate elections so long as the candidate is not an unopposed candidate as defined in s. 106.011. However, for the purpose of contribution limits with respect to candidates for retention as a justice or judge, there is only one election, which is the general election.

(2)(a) A candidate may not accept contributions from a county executive committee of a political party whose contributions in the aggregate exceed \$50,000, or from the national or state executive committees of a political party, including any subordinate committee of such political party or affiliated party committees, whose contributions in the aggregate exceed \$50,000.

(b) A candidate for statewide office may not accept contributions from national, state, or county executive committees of a political party, including any subordinate committee of the political party, or affiliated party committees, which contributions in the aggregate exceed \$250,000. Polling services, research services, costs for campaign staff, professional consulting services, and telephone calls are not contributions to be counted toward the contribution limits of paragraph (a) or this paragraph. Any item not expressly identified in this paragraph as nonallocable is a contribution in an amount equal to the fair market value of the item and must be counted as allocable toward the contribution limits of paragraph (a) or this paragraph. Nonallocable, in-kind contributions

must be reported by the candidate under s. 106.07 and by the political party or affiliated party committee under s. 106.29.

(3)(a) Any contribution received by a candidate with opposition in an election or by the campaign treasurer or a deputy campaign treasurer of such a candidate on the day of that election or less than 5 days before the day of that election must be returned by him or her to the person or committee contributing it and may not be used or expended by or on behalf of the candidate.

(b) Any contribution received by a candidate or by the campaign treasurer or a deputy campaign treasurer of a candidate after the date at which the candidate withdraws his or her candidacy, or after the date the candidate is defeated, becomes unopposed, or is elected to office must be returned to the person or committee contributing it and may not be used or expended by or on behalf of the candidate.

(4) Any contribution received by the chair, campaign treasurer, or deputy campaign treasurer of a political committee supporting or opposing a candidate with opposition in an election or supporting or opposing an issue on the ballot in an election on the day of that election or less than 5 days before the day of that election may not be obligated or expended by the committee until after the date of the election.

(5)(a) A person may not make any contribution through or in the name of another, directly or indirectly, in any election.

(b) Candidates, political committees, affiliated party committees, and political parties may not solicit contributions from any religious, charitable, civic, or other causes or organizations established primarily for the public good.

(c) Candidates, political committees, affiliated party committees, and political parties may not make contributions, in exchange for political support, to any religious, charitable, civic, or other cause or organization established primarily for the public good. It is not a violation of this paragraph for:

1. A candidate, political committee, affiliated party committee, or political party executive committee to make gifts of money in lieu of flowers in memory of a deceased person;

2. A candidate to continue membership in, or make regular donations from personal or business funds to, religious, political party, affiliated party committee, civic, or charitable groups of which the candidate is a member or to which the candidate has been a regular donor for more than 6 months; or

3. A candidate to purchase, with campaign funds, tickets, admission to events, or advertisements from religious, civic, political party, affiliated party committee, or charitable groups.

(6)(a) A political party or affiliated party committee may not accept any contribution that has been specifically designated for the partial or exclusive use of a particular candidate. Any contribution so designated must be returned to the contributor and may not be used or expended by or on behalf of the candidate. Funds contributed to an affiliated party committee may not be designated for the partial or exclusive use of a leader as defined in s. 103.092.

(b)1. A political party or affiliated party committee may not accept any in-kind contribution that fails to provide a direct benefit to the political party or affiliated party committee. A "direct benefit" includes, but is not limited to, fundraising or furthering the objectives of the political party or affiliated party committee.

2.a. An in-kind contribution to a state political party may be accepted only by the chairperson of the state political party or by the chairperson's designee or designees whose names are on file with the division in a form acceptable to the division before the date of the written notice required in sub-subparagraph b. An in-kind contribution to a county political party may be accepted only by the chairperson of the county political party or by the county chairperson's designee or designees whose names are on file with the supervisor of elections of the respective county before the date of the written notice required in sub-subparagraph b. An in-kind contribution to an affiliated party committee may be accepted only by the leader of the affiliated party committee as defined in s. 103.092 or by the leader's designee or designees whose names are on file with the division in a form acceptable to the division before the date of the written notice required in sub-subparagraph b.

b. A person making an in-kind contribution to a state or county political party or affiliated party committee must provide prior written notice of the contribution to a person described in sub-subparagraph a. Each campaign treasurer shall pay all amounts contributed in violation of this section to the state for deposit in the General Revenue Fund.

(9) This section does not apply to the transfer of funds between a primary campaign depository and a savings account or certificate of deposit or to any interest earned on such account or certificate.

Such expenses may include travel expenses incurred by the officer or a staff member; personal taxes payable on office account funds by the candidate or elected public official; professional services provided by a certified public accountant or attorney for preparation of the elected public official's financial disclosure filing pursuant to s. 112.3144 or s. 112.3145; costs to prepare, print, produce, and mail holiday cards or newsletters about the elected public official's public business to constituents if such correspondence does not constitute a political advertisement, independent expenditure, or electioneering communication as provided in s. 106.011; fees or dues to religious, civic, or charitable organizations of which the elected public official is a member; items of modest value such as flowers, greeting cards, or personal notes given as a substitute for, or in association with, an elected public official's personal attendance at a constituent's special event or family occasion, such as the birth of a child, graduation, wedding, or funeral; personal expenses incurred by the elected public official in connection with attending a constituent meeting or event where public policy is discussed, if such meetings or events are limited to no more than once a week; or expenses incurred in the operation of the elected public official's office, including the employment of additional staff. All requirements applicable to candidate campaign accounts under this chapter, including disclosure requirements applicable to candidate campaign accounts, limitations on expenditures, and limitations on contributions, apply to any retained funds.

(c) If a candidate who has retained funds under this subsection does not qualify as a candidate for reelection to the same office, all retained funds shall be disposed of as otherwise required by this section or s. 106.11(5) within 90 days after the last day of candidate qualifying for that office. Requirements in this section applicable to the disposal of surplus funds, including reporting requirements, are applicable to the disposal of retained funds.

(7) Before disposing of funds pursuant to subsection (4), transferring funds into an office account pursuant to subsection (5), or retaining funds for reelection pursuant to subsection (6), any candidate who filed an oath stating that he or she was unable to pay the fee for verification of petition signatures without imposing an undue burden on his or her personal resources or on resources otherwise available to him or her shall reimburse the state or local governmental entity, whichever is applicable, for such waived fee. If there are insufficient funds in the account to pay the full amount of the fee, the remaining funds shall be disbursed in the above manner until

no funds remain. All funds disbursed pursuant to this subsection shall be remitted to the qualifying officer. Any reimbursement for petition verification costs which are reimbursable by the state shall be forwarded by the qualifying officer to the state for deposit in the General Revenue Fund.

(8)(a) Any candidate required to dispose of campaign funds pursuant to this section shall do so within the time required by this section and, on or before the date by which such disposition is to have been made, shall file with the officer with whom reports are required to be filed pursuant to s. 106.07 a form prescribed by the Division of Elections listing:

106.143 Political advertisements circulated prior to election; requirements.

(1)(a) Any political advertisement that is paid for by a candidate, except a write-in candidate, and that is published, displayed, or circulated before, or on the day of, any election must prominently state:

1. “Political advertisement paid for and approved by (name of candidate), (party affiliation), for (office sought)”; or
2. “Paid by (name of candidate), (party affiliation), for (office sought).”

(b) Any political advertisement that is paid for by a write-in candidate and that is published, displayed, or circulated before, or on the day of, any election must prominently state:

1. “Political advertisement paid for and approved by (name of candidate), write-in candidate, for (office sought)”; or
2. “Paid by (name of candidate), write-in candidate, for (office sought).”

- (c) Any other political advertisement published, displayed, or circulated before, or on the day of, any election must prominently:
1. Be marked “paid political advertisement” or with the abbreviation “pd. pol. adv.”
 2. State the name and address of the persons paying for the advertisement.
 3. State whether the advertisement and the cost of production is paid for or provided in kind by or at the expense of the entity publishing, displaying, broadcasting, or circulating the political advertisement.
- (d) Any political advertisement made pursuant to s. 106.021(3)(d) must prominently state the name and address of the political committee or political party paying for the advertisement.
- (2) Political advertisements made as in-kind contributions from a political party must prominently state: “Paid political advertisement paid for in-kind by (name of political party) . Approved by (name of person, party affiliation, and office sought in the political advertisement) .”
- (3) Any political advertisement of a candidate running for partisan office shall express the name of the political party of which the candidate is seeking nomination or is the nominee. If the candidate for partisan office is running as a candidate with no party affiliation, any political advertisement of the candidate must state that the candidate has no party affiliation. A political advertisement of a candidate running for nonpartisan office may not state the candidate’s political party affiliation. This section does not prohibit a political advertisement from stating the candidate’s partisan-related experience. A candidate for nonpartisan office is prohibited from campaigning based on party affiliation.
- (4) It is unlawful for any candidate or person on behalf of a candidate to represent that any person or organization supports such candidate, unless the person or organization so represented has given specific approval in writing to the candidate to make such representation. However, this subsection does not apply to:
- (a) Editorial endorsement by any newspaper, radio or television station, or other recognized news medium.
 - (b) Publication by a party committee advocating the candidacy of its nominees.
- (5)(a) Any political advertisement not paid for by a candidate, including those paid for by a political party or affiliated party committee, other than an independent expenditure, offered on behalf of a candidate must be approved in advance by the candidate. Such political advertisement must expressly state that the content of the advertisement was approved by the candidate, unless the political advertisement is published, displayed, or circulated in compliance with subparagraph (1)(a)2., and must state who paid for the advertisement. The candidate shall provide a written statement of authorization to the newspaper, radio station, television station, or other medium for each such advertisement submitted for publication, display, broadcast, or other distribution.
- (b) Any person who makes an independent expenditure for a political advertisement shall provide a written statement that no candidate has approved the advertisement to the newspaper, radio station, television station, or other medium for each such advertisement submitted for publication, display, broadcast, or other distribution. The advertisement must also contain a statement that no candidate has approved the advertisement.
- (6) No political advertisement of a candidate who is not an incumbent of the office for which the candidate is running shall use the word “re-elect.” Additionally, such advertisement must include the word “for” between the candidate’s name and the office for which the candidate is running, in order that incumbency is not implied. This subsection does not apply to bumper stickers or items designed to be worn by a person.
- (7) Political advertisements paid for by a political party or an affiliated party committee may use names and abbreviations as registered under s. 103.081 in the disclaimer.
- (8) This section does not apply to novelty items having a retail value of \$10 or less which support, but do not oppose, a candidate or issue.
- (9) Any political advertisement which is published, displayed, or produced in a language other than English may provide the information required by this section in the language used in the advertisement.
- (10) This section does not apply to any campaign message or political advertisement used by a candidate and the candidate’s supporters or by a political committee if the message or advertisement is:
- (a) Designed to be worn by a person.
 - (b) Placed as a paid link on an Internet website, provided the message or advertisement is no more than 200 characters in length and the link directs the user to another Internet website that complies with subsection (1).
 - (c) Placed as a graphic or picture link where compliance with the requirements of this section is not reasonably practical due to the size of the graphic or picture link and the link directs the user to another Internet website that complies with subsection (1).
 - (d) Placed at no cost on an Internet website for which there is no cost to post content for public users.
 - (e) Placed or distributed on an unpaid profile or account which is available to the public without charge or on a social networking Internet website, as long as the source of the message or advertisement is patently clear from the content or format of the message or advertisement. A candidate or political committee may prominently

display a statement indicating that the website or account is an official website or account of the candidate or political committee and is approved by the candidate or political committee. A website or account may not be marked as official without prior approval by the candidate or political committee.

(f) Connected with or included in any software application or accompanying function, provided that the user signs up, opts in, downloads, or otherwise accesses the application from or through a website that complies with subsection (1).

(g) Sent by a third-party user from or through a campaign or committee's website, provided the website complies with subsection (1).

(h) Contained in or distributed through any other technology-related item, service, or device for which compliance with subsection (1) is not reasonably practical due to the size or nature of such item, service, or device as available, or the means of displaying the message or advertisement makes compliance with subsection (1) impracticable.

(11) Any person who willfully violates any provision of this section is subject to the civil penalties prescribed in s. 106.265.

106.1435 Usage and removal of political campaign advertisements.

(1) Each candidate, whether for a federal, state, county, or district office, shall make a good faith effort to remove all of his or her political campaign advertisements within 30 days after:

- (a) Withdrawal of his or her candidacy;
- (b) Having been eliminated as a candidate; or
- (c) Being elected to office.

However, a candidate is not expected to remove those political campaign advertisements which are in the form of signs used by an outdoor advertising business as provided in chapter 479. The provisions herein do not apply to political campaign advertisements placed on motor vehicles or to campaign messages designed to be worn by persons.

(2) If political campaign advertisements are not removed within the specified period, the political subdivision or governmental entity has the authority to remove such advertisements and may charge the candidate the actual cost for such removal. Funds collected for removing such advertisements shall be deposited to the general revenue of the political subdivision.

(3) Pursuant to chapter 479, no political campaign advertisements shall be erected, posted, painted, tacked, nailed, or otherwise displayed, placed, or located on or above any state or county road right-of-way.

(4) The officer before whom a candidate qualifies for office shall notify the candidate, in writing, of the provisions in this section.

(5) This provision does not preclude municipalities from imposing additional or more stringent requirements on the usage and removal of political campaign advertisements.

106.1437 Miscellaneous advertisements.

Any advertisement, other than a political advertisement, independent expenditure, or electioneering communication, on billboards, bumper stickers, radio, or television, or in a newspaper, a magazine, or a periodical, intended to influence public policy or the vote of a public official, shall clearly designate the sponsor of such advertisement by including a clearly readable statement of sponsorship. If the advertisement is broadcast on television, the advertisement shall also contain a verbal statement of sponsorship. This section does not apply to an editorial endorsement. For purposes of this chapter, an expenditure made for, or in furtherance of, a miscellaneous advertisement is not considered to be a contribution to or on behalf of a candidate, and does not constitute an independent expenditure. Such expenditures are not subject to the limitations applicable to independent expenditures.

(b) A candidate’s text message or telephone call must include the phrase “Paid for by,” followed by the name of the candidate, then followed by the word “For,” and the name of the elective office sought.

(c) A website that is hyperlinked, or identified by URL, in a text message must remain online and available to the public for at least 30 days after the date of the election in which the candidate or ballot measure that the advertisement supported or opposed was voted on.

(d)1. If an exchange consists of a sequence of multiple text messages sent on the same day, the sponsorship disclaimer is only required to be included with the first text message.

2. A person or an organization is deemed to be in compliance with this subsection if the sponsorship disclaimer required by this subsection is included in the text message in the form in which the person or organization intended it to be sent, regardless of the form the carrier relayed it to the recipient.

3. If a person or an organization includes a working hyperlink or URL in the text message as part of the required disclaimer, the person or organization is deemed to be in compliance with this subsection even if the recipient’s device is incapable of accessing the referenced website.

(e) This subsection does not apply to any:

1. Telephone call:

a. In which both the individual making the call is not being paid and the individuals participating in the call know each other before the call; or

b. That is a part of a series of like telephone calls consisting of fewer than 1,000 completed calls averaging more than 2 minutes in duration which are conducted for the purpose of polling respondents regarding a candidate or an elected public official.

2. Text message:

(2) A text message or a telephone call may not state or imply that the caller:

(a) Represents any person or organization unless the person or organization so represented has given specific approval in writing to make such representation; or

(b) Represents a nonexistent person or organization.

(3) Any text message or telephone call, not conducted by independent expenditure, which expressly advocates for or against a candidate or ballot measure requires prior written authorization by the candidate or sponsor of the ballot measure that the text message or telephone call supports. A copy of such written authorization must be placed on file with the qualifying officer by the candidate or sponsor of the ballot measure before the time the text messages or telephone calls commence.

(4)(a) Any person who willfully violates this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

The reimbursement shall be made from the campaign account of the candidate.

106.23 Powers of the Division of Elections.

- (1) In order to carry out the responsibilities prescribed by s. 106.22, the Division of Elections is empowered to subpoena and bring before its duly authorized representatives any person in the state, or any person doing business in the state, or any person who has filed or is required to have filed any application, document, papers, or other information with an office or agency of this state or a political subdivision thereof and to require the production of any papers, books, or other records relevant to any investigation, including the records and accounts of any bank or trust company doing business in this state. Duly authorized representatives of the division are empowered to administer all oaths and affirmations in the manner prescribed by law to witnesses who shall appear before them concerning any relevant matter. Should any witness fail to respond to the lawful subpoena of the division or, having responded, fail to answer all lawful inquiries or to turn over evidence that has been subpoenaed, the division may file a complaint before any circuit court of the state setting up such failure on the part of the witness. On the filing of such complaint, the court shall take jurisdiction of the witness and the subject matter of said complaint and shall direct the witness to respond to all lawful questions and to produce all documentary evidence in the witness's possession which is lawfully demanded. The failure of any witness to

comply with such order of the court shall constitute a direct and criminal contempt of court, and the court shall punish said witness accordingly. However, the refusal by a witness to answer inquiries or turn over evidence on the basis that such testimony or material will tend to incriminate such witness shall not be deemed refusal to comply with the provisions of this chapter.

(2) The Division of Elections shall provide advisory opinions when requested by any supervisor of elections, candidate, local officer having election-related duties, political party, affiliated party committee, political committee, or other person or organization engaged in political activity, relating to any provisions or possible violations of Florida election laws with respect to actions such supervisor, candidate, local officer having election-related duties, political party, affiliated party committee, committee, person, or organization has taken or proposes to take. Requests for advisory opinions must be submitted in accordance with rules adopted by the Department of State. A written record of all such opinions issued by the division, sequentially numbered, dated, and indexed by subject matter, shall be retained. A copy shall be sent to said person or organization upon request. Any such person or organization, acting in good faith upon such an advisory opinion, shall not be subject to any criminal penalty provided for in this chapter. The opinion, until amended or revoked, shall be binding on any person or organization who sought the opinion or with reference to whom the opinion was sought, unless material facts were omitted or misstated in the request for the advisory opinion.

106.24 Florida Elections Commission; membership; powers; duties.

(1)(a) There is created within the Department of Legal Affairs, Office of the Attorney General, a Florida Elections Commission, hereinafter referred to as the commission. The commission shall be a separate budget entity and the agency head for all purposes. The commission shall not be subject to control, supervision, or direction by the Department of Legal Affairs or the Attorney General in the performance of its duties, including, but not limited to, personnel, purchasing transactions involving real or personal property, and budgetary matters.

(b) The commission shall be composed of nine members. The President of the Senate, the Speaker of the House of Representatives, the minority leader of the Senate, and the minority leader of the House of Representatives shall each provide a list of six nominees to the Governor for initial appointment to the commission. The Governor may appoint two members to the commission from each list. If the Governor refuses to appoint two members from any of the respective lists, the Governor shall so inform the nominating officer and the nominating officer shall submit a new list of six nominees within 30 days. The new list must contain at least three nominees not included on the prior nominating list. The ninth commission member, who shall serve as chair of the commission, shall be appointed by the Governor. Each member of the commission is subject to confirmation by the Senate. The chair of the commission shall serve for a maximum term of 4 years, such term to run concurrently with the term of the appointing Governor and until a future successor is appointed. Other members of the commission shall serve for 4-year terms and until their successors are appointed. An individual who is a lobbyist at the state or local government level may not serve as a member of the commission, except that this prohibition shall not apply to an individual who is a member of the commission on July 1, 2002, until the expiration of his or her current term. A member of the commission is prohibited from lobbying state or local government while he or she is a member of the commission, except that this prohibition shall not apply to an individual who is a member of the commission on July 1, 2002, until the expiration of his or her current term.

(c) As the terms of members expire, excluding the chair, successors shall be appointed to 4-year terms and shall serve until their successors are appointed. Six months prior to the expiration of a commission member's term, the ranking officer of the political party in the respective house originally nominating the commission member shall submit a list of three nominees to the Governor. The Governor may appoint one of the listed nominees to the commission. If no nominee is selected from the list, the Governor shall so inform the nominating officer, who shall submit a list of three different nominees to the Governor within 30 days. Vacancies on the commission shall expeditiously be filled for the unexpired terms in the same manner.

(d) As the term of the chair of the commission expires or becomes vacant, a successor shall be appointed in the manner of the original appointment, and shall serve for a maximum of 4 years, such term to run concurrently with the term of the appointing Governor and until a future successor is appointed.

(e) In no event may any member of the commission serve more than two full terms. Members of the commission shall be paid travel and per diem as provided in s. 112.061 while in performance of their duties and

in traveling to, from, and upon same. Of the nine members of the commission, no more than five members shall be from the same political party at any one time.

(2) No member of the commission shall be a member of any county, state, or national committee of a political party; be an officer in any partisan political club or organization; or hold, or be a candidate for, any other public office. No person shall be appointed as a member of the commission who has held an elective public office or office in a political party within the year immediately preceding his or her appointment.

(3) The commission shall convene at the call of its chair or at the request of a majority of the members of the commission. The presence of five members is required to constitute a quorum, and the affirmative vote of the majority of the members present is required for any action or recommendation by the commission. The commission may meet in any city of the state.

(4) The commission shall appoint an executive director, who shall serve under the direction, supervision, and control of the commission. The executive director, with the consent of the commission, shall employ such staff as are necessary to adequately perform the functions of the commission, within budgetary limitations. All employees, except the executive director and attorneys, are subject to part II of chapter 110. The executive director shall serve at the pleasure of the commission and be subject to part III of chapter 110, except that the commission shall have complete authority for setting the executive director's salary. Attorneys employed by the commission shall be subject to part V of chapter 110.

(5) Hearings shall be held before the commission, except that the chair may direct that any hearing be held before one member of the commission or a panel of less than the full commission. The commission shall adopt rules to provide for the filing of a report when hearings are held by a single commissioner or a panel, which rules shall prescribe the time for filing the report and the contents of the report.

(6) There is established in the State Treasury an Elections Commission Trust Fund to be used by the Florida Elections Commission in order to carry out its duties pursuant to ss. 106.24-106.28. The trust fund may also be used by the Secretary of State, pursuant to his or her authority under s. 97.012(15), to provide rewards for information leading to criminal convictions related to voter registration fraud, voter fraud, and vote scams.

(7) The commission shall develop a budget request pursuant to chapter 216 annually. The budget is not subject to change by the Department of Legal Affairs or the Attorney General, but it shall be submitted by the Department of Legal Affairs to the Governor for transmittal to the Legislature.

(8) The commission is authorized to contract or consult with appropriate agencies of state government for such professional assistance as may be needed in the discharge of its duties.

106.25 Reports of alleged violations to Florida Elections Commission; disposition of findings.

(1) Jurisdiction to investigate and determine violations of this chapter and chapter 104 is vested in the Florida Elections Commission; however, nothing in this section limits the jurisdiction of any other officers or agencies of government empowered by law to investigate, act upon, or dispose of alleged violations of this code.

(2) The commission shall investigate all violations of this chapter and chapter 104, but only after having received either a sworn complaint or information reported to it under this subsection by the Division of Elections. Such sworn complaint must be based upon personal information or information other than hearsay. Any person, other than the division, having information of any violation of this chapter or chapter 104 shall file a sworn complaint with the commission. The commission shall investigate only those alleged violations specifically contained within the sworn complaint. If any complainant fails to allege all violations that arise from the facts or allegations alleged in a complaint, the commission shall be barred from investigating a subsequent complaint from such complainant that is based upon such facts or allegations that were raised or could have been raised in the first complaint. If the complaint includes allegations of violations relating to expense items reimbursed by a candidate, committee, or organization to the campaign account before a sworn complaint is filed, the commission shall be barred from investigating such allegations. Such sworn complaint shall state whether a complaint of the same violation has been made to any state attorney. Within 5 days after receipt of a sworn complaint, the commission shall transmit a copy of the complaint to the alleged violator. The respondent shall have 14 days after receipt of the complaint to file an initial response, and the executive director may not

determine the legal sufficiency of the complaint during that time period. If the executive director finds that the complaint is legally sufficient, the respondent shall be notified of such finding by letter, which sets forth the statutory provisions alleged to have been violated and the alleged factual basis that supports the finding. All sworn complaints alleging violations of the Florida Election Code over which the commission has jurisdiction shall be filed with the commission within 2 years after the alleged violations. The period of limitations is tolled on the day a sworn complaint is filed with the commission. The complainant may withdraw the sworn complaint at any time prior to a probable cause hearing if good cause is shown. Withdrawal shall be requested in writing, signed by the complainant, and witnessed by a notary public, stating the facts and circumstances constituting good cause. The executive director shall prepare a written recommendation regarding disposition of the request which shall be given to the commission together with the request. "Good cause" shall be determined based upon the legal sufficiency or insufficiency of the complaint to allege a violation and the reasons given by the complainant for wishing to withdraw the complaint. If withdrawal is permitted, the commission must close the investigation and the case. No further action may be taken. The complaint will become a public record at the time of withdrawal.

(3) For the purposes of commission jurisdiction, a violation shall mean the willful performance of an act prohibited by this chapter or chapter 104 or the willful failure to perform an act required by this chapter or chapter 104. The commission may not by rule determine what constitutes willfulness or further define the term "willful" for purposes of this chapter or chapter 104. Willfulness is a determination of fact; however, at the request of the respondent at any time after probable cause is found, willfulness may be considered and determined in an informal hearing before the commission.

(4) The commission shall undertake a preliminary investigation to determine if the facts alleged in a sworn complaint or a matter initiated by the division constitute probable cause to believe that a violation has occurred.

(a) When the investigator's report is completed, the executive director shall notify the respondent that the report is completed and shall send to the respondent a copy of the investigator's report. The investigatory file and main complaint file shall be open for inspection by the respondent and the respondent's counsel at that time, and copies may be obtained at no more than cost.

(b) The respondent shall be given not less than 14 days from the date of mailing of the investigator's report to file with the commission a written response to the investigator's report. This time period may be shortened with the consent of the respondent, or without the consent of the respondent when the passage of time could reasonably be expected to render moot the ultimate disposition of the matter by the commission so long as reasonable notice under the circumstances is given.

(c) Counsel for the commission shall review the investigator's report and shall make a written recommendation to the commission for the disposition of the complaint. If the counsel for the commission recommends that the commission find probable cause, the recommendation shall include a statement of what charges shall be at issue. A copy of the recommendation shall be furnished to the respondent. The respondent shall be given not less than 14 days from the date of mailing of the recommendation of counsel for the commission to file with the commission a written response to the recommendation. This time period may be shortened with the consent of the respondent, or without the consent of the respondent when the passage of time could reasonably be expected to render moot the ultimate disposition of the matter by the commission, so long as the recommendation is furnished to the respondent within a reasonable period of time under the circumstances.

(d) The respondent and each complainant, their counsel, and the counsel for the commission shall be permitted to attend the hearing at which the probable cause determination is made. Notice of the hearing shall be sent to the respondent, each complainant, and counsel for the commission at least 14 days before the hearing. This time period may be shortened with the consent of the respondent, or without the consent of the respondent when the passage of time could reasonably be expected to render moot the ultimate disposition of the matter by the commission, so long as the notice is furnished within a reasonable period of time under the circumstances.

(e) The probable cause determination is the conclusion of the preliminary investigation. The respondent and the counsel for the commission shall be permitted to make brief oral statements in the nature of oral argument to the commission, based on the investigator's report, before the probable cause determination. The commission's determination shall be based upon the investigator's report, the recommendation of counsel for the commission, the complaint, and staff recommendations, as well as any written statements submitted by the respondent and any oral statements made at the hearing. No testimony or other evidence will be accepted at the hearing.

(f) At its meeting to determine probable cause, the commission may continue its determination to allow further investigation; may order the issuance of a public report of its investigation if it finds no probable cause to believe that there has been a violation of this chapter or chapter 104, concluding the matter before it; may order a final,

public hearing of the complaint if it finds probable cause to believe that there has been a violation of this chapter or chapter 104; or may take such other action as it deems necessary to resolve the complaint, consistent with due process of law. In making its determination, the commission may consider:

1. The sufficiency of the evidence against the respondent, as contained in the investigator's report;
2. The admissions and other stipulations of the respondent, if any;
3. The nature and circumstances of the respondent's actions;
4. The expense of further proceedings; and
5. Such other factors as it deems material to its decision.

If the commission finds probable cause, the commission shall determine what charges shall be at issue.

(g) If no probable cause is found, the commission shall dismiss the case and the case shall become a matter of public record, except as otherwise provided in this section, together with a written statement of the findings of the preliminary investigation and a summary of the facts which the commission shall send to the complainant and the alleged violator. A finding of no probable cause by the commission is a full adjudication of all such matters. The commission may not charge a respondent in a subsequent complaint alleging violations based upon the same actions, nonactions, or circumstances wherein the commission found no probable cause.

(h) If probable cause is found, the commission shall so notify the complainant and the alleged violator in writing. All documents made or received in the disposition of the complaint shall become public records upon a finding by the commission.

(i)1. Upon a commission finding of probable cause, the counsel for the commission shall attempt to reach a consent agreement with the respondent. At any time, the commission may enter into a consent order with a respondent without requiring the respondent to admit to a violation of law within the jurisdiction of the commission.

2. A consent agreement is not binding upon either party unless and until it is signed by the respondent and by counsel for the commission upon approval by the commission.

3. Nothing herein shall be construed to prevent the commission from entering into a consent agreement with a respondent prior to a commission finding of probable cause if a respondent indicates in writing a desire to enter into negotiations directed towards reaching such a consent agreement. Any consent agreement reached under this subparagraph is subject to the provisions of subparagraph 2. and shall have the same force and effect as a consent agreement reached after the commission finding of probable cause.

(j) If a consent agreement is reached between the commission and the respondent, counsel for the commission shall send a copy of the signed agreement to both complainant and respondent.

In a case where probable cause is found, the commission shall make a preliminary determination to consider the matter or to refer the matter to the state attorney for the judicial circuit in which the alleged violation occurred. Notwithstanding any other provisions of this section, the commission may, at its discretion, dismiss any complaint at any stage of disposition if it determines that the public interest would not be served by proceeding further, in which case the commission shall issue a public report stating with particularity its reasons for the dismissal.

(5) A person alleged by the Elections Commission to have committed a violation of this chapter or chapter 104 may elect, as a matter of right, within 30 days after the date of the filing of the commission's allegations, to have a formal administrative hearing conducted by an administrative law judge in the Division of Administrative Hearings. The administrative law judge in such proceedings shall enter a final order, which may include the imposition of civil penalties, subject to appeal as provided in s. 120.68. If the person does not elect to have a hearing by an administrative law judge and does not elect to resolve the complaint by a consent order, the person is entitled to a formal or informal hearing conducted before the commission.

(6) It is the duty of a state attorney receiving a complaint referred by the commission to investigate the complaint promptly and thoroughly; to undertake such criminal or civil actions as are justified by law; and to report to the commission the results of such investigation, the action taken, and the disposition thereof. The failure or refusal of a state attorney to prosecute or to initiate action upon a complaint or a referral by the commission shall not bar further action by the commission under this chapter.

(7) Every sworn complaint filed pursuant to this chapter with the commission, every investigation and investigative report or other paper of the commission with respect to a violation of this chapter or chapter 104, and every proceeding of the commission with respect to a violation of this chapter or chapter 104 is confidential, is exempt from the provisions of ss. 119.07(1) and 286.011, and is exempt from publication in the Florida Administrative Register of any notice or agenda with respect to any proceeding relating to such violation, except under the following circumstances:

- (a) As provided in subsection (6);

- (b) Upon a determination of probable cause or no probable cause by the commission; or
- (c) For proceedings conducted with respect to appeals of fines levied by filing officers for the late filing of reports required by this chapter.

However, a complainant is not bound by the confidentiality provisions of this section. In addition, confidentiality may be waived in writing by the person against whom the complaint has been filed or the investigation has been initiated. If a finding of probable cause in a case is entered within 30 days prior to the date of the election with respect to which the alleged violation occurred, such finding and the proceedings and records relating to such case shall not become public until noon of the day following such election. When two or more persons are being investigated by the commission with respect to an alleged violation of this chapter or chapter 104, the commission may not publicly enter a finding of probable cause or no probable cause in the case until a finding of probable cause or no probable cause for the entire case has been determined. However, once the confidentiality of any case has been breached, the person or persons under investigation have the right to waive the confidentiality of the case, thereby opening up the proceedings and records to the public. Any person who discloses any information or matter made confidential by the provisions of this subsection commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(8) Any person who files a complaint pursuant to this section while knowing that the allegations contained in such complaint are false or without merit commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(9) The commission shall maintain a database of all final orders and agency actions. Such database shall be available to the public and shall be maintained in such a manner as to be searchable, at a minimum, by issue, statutes, individuals, or entities referenced.

106.26 Powers of commission; rights and responsibilities of parties; findings by commission.

(1) The commission shall, pursuant to rules adopted and published in accordance with chapter 120, consider all sworn complaints filed with it and all matters reported to it by the Division of Elections. In order to carry out the responsibilities prescribed by this chapter, the commission is empowered to subpoena and bring before it, or its duly authorized representatives, any person in the state, or any person doing business in the state, or any person who has filed or is required to have filed any application, document, papers, or other information with an office or agency of this state or a political subdivision thereof and to require the production of any papers, books, or other records relevant to any investigation, including the records and accounts of any bank or trust company doing business in this state. Duly authorized representatives of the commission are empowered to administer all oaths and affirmations in the manner prescribed by law to witnesses who shall appear before them concerning any relevant matter. Should any witness fail to respond to the lawful subpoena of the commission or, having responded, fail to answer all lawful inquiries or to turn over evidence that has been subpoenaed, the commission may file a complaint in the circuit court where the witness resides setting up such failure on the part of the witness. On the filing of such complaint, the court shall take jurisdiction of the witness and the subject matter of said complaint and shall direct the witness to respond to all lawful questions and to produce all documentary evidence in the witness's possession which is lawfully demanded. The failure of any witness to comply with such order of the court shall constitute a direct and criminal contempt of court, and the court shall punish said witness accordingly. However, the refusal by a witness to answer inquiries or turn over evidence on the basis that such testimony or material will tend to incriminate such witness shall not be deemed refusal to comply with the provisions of this chapter. The sheriffs in the several counties shall make such service and execute all process or orders when required by the commission. Sheriffs shall be paid for these services by the commission as provided for in s. 30.231. Any person who is served with a subpoena to attend a hearing of the commission also shall be served with a general statement informing him or her of the subject matter of the commission's investigation or inquiry and a notice that he or she may be accompanied at the hearing by counsel of his or her own choosing.

(2) All witnesses summoned before the commission, other than on the request of the subject of a hearing, shall receive reimbursement for travel expenses and per diem at the rates provided in s. 112.061. However, the fact

that such reimbursement is not tendered at the time the subpoena is served shall not excuse the witness from appearing as directed therein.

(3) Upon request of any person having business before the commission, and with the approval of a majority of the commission, the chair or, in the chair's absence, the vice chair shall instruct all witnesses to leave the hearing room and retire to a designated place. The witness will be instructed by the chair or, in the chair's absence, the vice chair not to discuss his or her testimony or the testimony of any other person with anyone until the hearing has been adjourned and the witness discharged by the chair. The witness shall be further instructed that should any person discuss or attempt to discuss the matter under investigation with him or her after receiving such instructions the witness shall bring such matter to the attention of the commission. No member of the commission or representative thereof may discuss any matter or matters pertinent to the subject matter under investigation with witnesses to be called before the commission from the time that these instructions are given until the hearing has been adjourned and the witness discharged by the chair.

(4) The commission, when interrogating witnesses as provided herein, shall cause a record to be made of all proceedings in which testimony or other evidence is demanded or adduced. This record shall include rulings of the chair, questions of the commission and its counsel, testimony or responses of witnesses, sworn written statements submitted to the commission, and all other pertinent matters. A witness at a hearing, upon his or her advance request and at his or her own expense, shall be furnished a certified transcript of all testimony taken at the hearing.

(5) Before or during a hearing, any person noticed to appear before the commission, or the person's counsel, may file with the commission, for incorporation into the record of the hearing, sworn written statements relevant to the purpose, subject matter, and scope of the commission's investigation or inquiry. Any such person shall, however, prior to filing such statement, consent to answer questions from the commission regarding the contents of the statement.

(6) Any person whose name is mentioned or who is otherwise identified during a hearing being conducted by the commission and who, in the opinion of the commission, may be adversely affected thereby may, upon his or her request or upon the request of any member of the commission, appear personally before the commission and testify on his or her own behalf or, with the commission's consent, file a sworn written statement of facts or other documentary evidence for incorporation into the record of the hearing. Any such person shall, however, prior to filing such statement, consent to answer questions from the commission regarding the contents of the statement.

(7) Upon the consent of a majority of its members, the commission may permit any other person to appear and testify at a hearing or submit a sworn written statement of facts or other documentary evidence for incorporation into the record thereof. No request to appear, appearance, or submission shall limit in any way the commission's power of subpoena. Any such person shall, however, prior to filing such statement, consent to answer questions from the commission regarding the contents of the statement.

(8) Any person who appears before the commission pursuant to this section shall have all the rights, privileges, and responsibilities of a witness appearing before a court of competent jurisdiction.

(9) If the commission fails in any material respect to comply with the requirements of this section, any person subject to subpoena or subpoena duces tecum who is injured by such failure shall be relieved of any requirement to attend the hearing for which the subpoena was issued or, if present, to testify or produce evidence therein; and such failure shall be a complete defense in any proceeding against such person for contempt or other punishment.

(10) Whoever willfully affirms or swears falsely in regard to any material matter or thing before the commission shall be guilty of a felony of the third degree and punished as provided by s. 775.082, s. 775.083, or s. 775.084.

(11) At the conclusion of its hearings concerning an alleged violation, the commission shall immediately begin deliberations on the evidence presented at such hearings and shall proceed to determine by affirmative vote of a majority of the members present whether a violation of this chapter or chapter 104 has occurred. Such determination shall promptly be made public. The order shall contain a finding of violation or no violation, together with brief findings of pertinent facts, and the assessment of such civil penalties as are permitted by this chapter or no such assessment and shall bear the signature or facsimile signature of the chair or vice chair.

(12) The commission by rule may determine violations which constitute minor offenses that can be resolved without further investigation by means of a plea of nolo contendere and payment of a fine.

(13) The commission may not issue advisory opinions and must, in all its deliberations and decisions, adhere to statutory law and advisory opinions of the division.

106.29 Reports by political parties and affiliated party committees; restrictions on contributions and expenditures; penalties.

(1) The state executive committee and each county executive committee of each political party and any affiliated party committee regulated by chapter 103 shall file regular reports of all contributions received and all expenditures made by such committee. However, the reports shall not include contributions and expenditures that are reported to the Federal Election Commission. In addition, when a special election is called to fill a vacancy in office, each state executive committee, each affiliated party committee, and each county executive committee making contributions or expenditures to influence the results of the special election or the preceding special primary election must file campaign treasurers' reports on the dates set by the Department of State pursuant to s. 100.111. Such reports shall contain the same information as do reports required of candidates by s. 106.07 and shall be filed on the 10th day following the end of each calendar quarter, except that, during the period from the last day for candidate qualifying until the general election, such reports shall be filed on the Friday immediately preceding each special primary election, special election, primary election, and general election. In addition to the reports filed under this section, the state executive committee, each county executive committee, and each affiliated party committee shall file a copy of each prior written acceptance of an in-kind contribution given by the committee during the preceding calendar quarter as required under s. 106.08(6). Each state executive committee and affiliated party committee shall file its reports with the Division of Elections. Each county executive committee shall file its reports with the supervisor of elections in the county in which such committee exists. Any state or county executive committee or affiliated party committee failing to file a report on the designated due date shall be subject to a fine as provided in subsection (3). No separate fine shall be assessed for failure to file a copy of any report required by this section.

(2) The chair and treasurer of each state or county executive committee shall certify as to the correctness of each report filed by them on behalf of such committee. The leader and treasurer of each affiliated party committee under s. 103.092 shall certify as to the correctness of each report filed by them on behalf of such committee. Any committee chair, leader, or treasurer who certifies the correctness of any report while knowing that such report is incorrect, false, or incomplete commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3)(a) Any state or county executive committee or affiliated party committee failing to file a report on the designated due date shall be subject to a fine as provided in paragraph (b) for each late day. The fine shall be assessed by the filing officer, and the moneys collected shall be deposited in the General Revenue Fund.

(b) Upon determining that a report is late, the filing officer shall immediately notify the chair of the executive committee or the leader of the affiliated party committee as defined in s. 103.092 as to the failure to file a report by the designated due date and that a fine is being assessed for each late day. The fine shall be \$1,000 for a state executive committee, \$1,000 for an affiliated party committee, and \$50 for a county executive committee, per day for each late day, not to exceed 25 percent of the total receipts or expenditures, whichever is greater, for the period covered by the late report. However, if an executive committee or an affiliated party committee fails to file a report on the Friday immediately preceding the special election or general election, the fine shall be \$10,000 per day for each day a state executive committee is late, \$10,000 per day for each day an affiliated party committee is late, and \$500 per day for each day a county executive committee is late. Upon receipt of the report, the filing officer shall determine the amount of the fine which is due and shall notify the chair or leader as defined in s. 103.092. Notice is deemed complete upon proof of delivery of written notice to the mailing or street

address on record with the filing officer. The filing officer shall determine the amount of the fine due based upon the earliest of the following:

1. When the report is actually received by such officer.
2. When the report is postmarked.
3. When the certificate of mailing is dated.
4. When the receipt from an established courier company is dated.
5. When the electronic receipt issued pursuant to s. 106.0705 is dated.

Such fine shall be paid to the filing officer within 20 days after receipt of the notice of payment due, unless appeal is made to the Florida Elections Commission pursuant to paragraph (c). An officer or member of an executive committee shall not be personally liable for such fine.

(c) The chair of an executive committee or the leader of an affiliated party committee as defined in s. 103.092 may appeal or dispute the fine, based upon unusual circumstances surrounding the failure to file on the designated due date, and may request and shall be entitled to a hearing before the Florida Elections Commission, which shall have the authority to waive the fine in whole or in part. Any such request shall be made within 20 days after receipt of the notice of payment due. In such case, the chair of the executive committee or the leader of the affiliated party committee as defined in s. 103.092 shall, within the 20-day period, notify the filing officer in writing of his or her intention to bring the matter before the commission.

(d) The appropriate filing officer shall notify the Florida Elections Commission of the repeated late filing by an executive committee or affiliated party committee, the failure of an executive committee or affiliated party committee to file a report after notice, or the failure to pay the fine imposed.

(4) Any contribution received by a state or county executive committee or affiliated party committee less than 5 days before an election shall not be used or expended in behalf of any candidate, issue, affiliated party committee, or political party participating in such election.

(5) No state or county executive committee or affiliated party committee, in the furtherance of any candidate or political party, directly or indirectly, shall give, pay, or expend any money, give or pay anything of value, authorize any expenditure, or become pecuniarily liable for any expenditure prohibited by this chapter. However, the contribution of funds by one executive committee to another or to established party organizations for legitimate party or campaign purposes is not prohibited, but all such contributions shall be recorded and accounted for in the reports of the contributor and recipient.

(6)(a) The national, state, and county executive committees of a political party and affiliated party committees may not contribute to any candidate any amount in excess of the limits contained in s. 106.08(2), and all contributions required to be reported under s. 106.08(2) by the national executive committee of a political party shall be reported by the state executive committee of that political party.

(b) A violation of the contribution limits contained in s. 106.08(2) is a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. A civil penalty equal to three times the amount in excess of the limits contained in s. 106.08(2) shall be assessed against any executive committee found in violation thereof.

106.295 Leadership fund.

(1) For purposes of this section:

(a) “Leadership fund” means accounts comprised of any moneys contributed to a political party, directly or indirectly, which are designated to be used at the partial or total discretion of a leader.

(b) “Leader” means the President of the Senate, the Speaker of the House of Representatives, the majority leader and the minority leader of each house, and any person designated by a political caucus of members of either house to succeed to any such position.

(2) Leadership funds are prohibited in this state. No leader shall accept any leadership funds.

(3) This section applies to leadership funds in existence on or after January 1, 1990.

History.—s. 24, ch. 89-256.

106.30 Short title.

Sections 106.30-106.36 may be cited as the “Florida Election Campaign Financing Act.”

History.—s. 1, ch. 86-276.

106.31 Legislative intent.

The Legislature finds that the costs of running an effective campaign for statewide office have reached a level which tends to discourage persons from becoming candidates and to limit the persons who run for such office to those who are independently wealthy, who are supported by political committees representing special interests which are able to generate substantial campaign contributions, or who must appeal to special interest groups for campaign contributions. The Legislature further finds that campaign contributions generated by such political committees are having a disproportionate impact vis-a-vis contributions from unaffiliated individuals, which leads to the misperception of government officials unduly influenced by those special interests to the detriment of the public interest. Furthermore, it is the intent of the Legislature that the purpose of public campaign financing is to make candidates more responsive to the voters of the State of Florida and as insulated as possible from special interest groups. The Legislature intends ss. 106.30-106.36 to alleviate these factors, dispel the misperception, and encourage qualified persons to seek statewide elective office who would not, or could not otherwise do so and to protect the effective competition by a candidate who uses public funding.

History.—s. 1, ch. 86-276; s. 67, ch. 2001-40.

106.321 Election Campaign Financing Trust Fund.

(1) There is hereby established in the State Treasury an 1Election Campaign Financing Trust Fund to be utilized by the Department of State as provided in ss. 106.30-106.36. If necessary, each year in which a general election is to be held for the election of the Governor and Cabinet, additional funds shall be transferred to the 1Election Campaign Financing Trust Fund from general revenue in an amount sufficient to fund qualifying candidates pursuant to the provisions of ss. 106.30-106.36.

(2) Proceeds from filing fees pursuant to ss. 99.092, 99.093, and 105.031 shall be deposited into the 1Election Campaign Financing Trust Fund as designated in those sections.

(3) Proceeds from assessments pursuant to ss. 106.07 and 106.29 shall be deposited into the 1Election Campaign Financing Trust Fund as designated in those sections.

History.—s. 1, ch. 86-276; s. 19, ch. 91-107; s. 26, ch. 2013-37.

1Note.—The trust fund expired, effective November 4, 1996, by operation of s. 19(f), Art. III of the State Constitution.

106.33 Election campaign financing; eligibility.

Each candidate for the office of Governor or member of the Cabinet who desires to receive contributions from the 1Election Campaign Financing Trust Fund, upon qualifying for office, shall file a request for such contributions with the filing officer on forms provided by the Division of Elections. If a candidate requesting contributions from the fund desires to have such funds distributed by electronic fund transfers, the request shall include information necessary to implement that procedure. For the purposes of ss. 106.30-106.36, the respective candidates running for Governor and Lieutenant Governor on the same ticket shall be considered as a single candidate. To be eligible to receive contributions from the fund, a candidate may not be an unopposed candidate as defined in s. 106.011 and must:

(1) Agree to abide by the expenditure limits provided in s. 106.34.

(2)(a) Raise contributions as follows:

1. One hundred fifty thousand dollars for a candidate for Governor.

2. One hundred thousand dollars for a candidate for Cabinet office.

(b) Contributions from individuals who at the time of contributing are not state residents may not be used to meet the threshold amounts in paragraph (a). For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident.

(3) Limit loans or contributions from the candidate's personal funds to \$25,000 and contributions from national, state, and county executive committees of a political party to \$250,000 in the aggregate, which loans or contributions do not qualify for meeting the threshold amounts in subsection (2).

(4) Submit to a postelection audit of the campaign account by the division.

History.—s. 1, ch. 86-276; s. 40, ch. 90-315; s. 20, ch. 91-107; s. 68, ch. 2001-40; s. 47, ch. 2005-278; s. 27, ch. 2013-37.

1Note.—The trust fund expired, effective November 4, 1996, by operation of s. 19(f), Art. III of the State Constitution.

106.34 Expenditure limits.

(1) Any candidate for Governor and Lieutenant Governor or Cabinet officer who requests contributions from the 1Election Campaign Financing Trust Fund shall limit his or her total expenditures as follows:

(a) Governor and Lieutenant Governor: \$2.00 for each Florida-registered voter.

(b) Cabinet officer: \$1.00 for each Florida-registered voter.

(2) The expenditure limit for any candidate with primary election opposition only shall be 60 percent of the limit provided in subsection (1).

(3) For purposes of this section, "Florida-registered voter" means a voter who is registered to vote in Florida as of June 30 of each odd-numbered year. The Division of Elections shall certify the total number of Florida-registered voters no later than July 31 of each odd-numbered year. Such total number shall be calculated by adding the number of registered voters in each county as of June 30 in the year of the certification date.

(4) For the purposes of this section, the term "expenditure" does not include the payment of compensation for legal and accounting services rendered on behalf of a candidate.

History.—s. 1, ch. 86-276; s. 41, ch. 90-315; s. 21, ch. 91-107; s. 654, ch. 95-147; s. 48, ch. 2005-278; s. 7, ch. 2018-110.

1Note.—The trust fund expired, effective November 4, 1996, by operation of s. 19(f), Art. III of the State Constitution.

106.35 Distribution of funds.

(1) The division shall review each request for contributions from the 1Election Campaign Financing Trust Fund and certify whether the candidate is eligible for such contributions. Notice of the certification decision shall be provided to the candidate. An adverse decision may be appealed to the Florida Elections Commission. The division shall adopt rules providing a procedure for such appeals.

(2)(a) Each candidate who has been certified to receive contributions from the 1Election Campaign Financing Trust Fund shall be entitled to distribution of funds as follows:

1. For qualifying matching contributions making up all or any portion of the threshold amounts specified in s. 106.33(2), distribution shall be on a two-to-one basis.

2. For all other qualifying matching contributions, distribution shall be on a one-to-one basis.

(b) Qualifying matching contributions are those of \$250 or less from an individual, made after September 1 of the calendar year prior to the election. Any contribution received from an individual who is not a state resident at the time the contribution is made shall not be considered a qualifying matching contribution. For purposes of this paragraph, any person validly registered to vote in this state shall be considered a state resident. Aggregate contributions from an individual in excess of \$250 will be matched only up to \$250. A contribution from an individual, if made by check, must be drawn on the personal bank account of the individual making the contribution, as opposed to any form of business account, regardless of whether the business account is for a corporation, partnership, sole proprietorship, trust, or other form of business arrangement. For contributions made by check from a personal joint account, the match shall only be for the individual who actually signs the check.

(3)(a) Certification and distribution of funds shall be based on contributions to the candidate reported to the division for such purpose. The division shall review each report and verify the amount of funds to be distributed prior to authorizing the release of funds. The division may prescribe separate reporting forms for candidates for Governor and Cabinet officer.

(b) Notwithstanding the provisions of s. 106.11, a candidate who is eligible for a distribution of funds based upon qualifying matching contributions received and certified to the division on the report due on the 4th day prior to the election, may obligate funds not to exceed the amount which the campaign treasurer's report shows the candidate is eligible to receive from the 1Election Campaign Financing Trust Fund without the funds actually being on deposit in the campaign account.

(4) Distribution of funds shall be made beginning on the 32nd day prior to the primary and every 7 days thereafter.

(5) The division shall adopt rules providing for the weekly reports and certification and distribution of funds pursuant thereto required by this section. Such rules shall, at a minimum, provide specifications for electronically transmitted campaign treasurer's reports outlining communication parameters and protocol, data record formats, and provisions for ensuring security of data and transmission.

History.—s. 1, ch. 86-276; s. 25, ch. 89-256; s. 42, ch. 90-315; s. 22, ch. 91-107; s. 69, ch. 2001-40; s. 49, ch. 2007-30; s. 74, ch. 2011-40.

1Note.—The trust fund expired, effective November 4, 1996, by operation of s. 19(f), Art. III of the State Constitution.

106.353 Candidates voluntarily abiding by election campaign financing limits but not requesting public funds; irrevocable statement required; penalty.

(1) Not later than qualifying for office, each candidate for the office of Governor or member of the Cabinet who has not made a request to receive contributions from the 1Election Campaign Financing Trust Fund, but who wishes to voluntarily abide by the applicable expenditure limit set forth in s. 106.34 and the contribution limits on personal and party funds set forth in s. 106.33, shall file an irrevocable statement to that effect with the Secretary of State.

(2) Any candidate who files such a statement and subsequently exceeds such limits shall pay to the 1Election Campaign Financing Trust Fund an amount equal to the amount of the excess contributions or expenditures. Such penalty shall not be an allowable campaign expense and shall be paid from personal funds of the candidate. However, if a nonparticipating candidate exceeds the expenditure limit as described in s. 106.355, a candidate signing the statement pursuant to this section may exceed the applicable expenditure limit to the extent the nonparticipating candidate exceeded the limit without being subject to a penalty.

History.—s. 23, ch. 91-107.

1Note.—The trust fund expired, effective November 4, 1996, by operation of s. 19(f), Art. III of the State Constitution.

106.355 Nonparticipating candidate exceeding limits.

Whenever a candidate for the office of Governor or member of the Cabinet who has elected not to participate in election campaign financing under the provisions of ss. 106.30-106.36 exceeds the applicable expenditure limit provided in s. 106.34, all opposing candidates participating in such election campaign financing are, notwithstanding the provisions of s. 106.33 or any other provision requiring adherence to such limit, released from such expenditure limit to the extent the nonparticipating candidate exceeded the limit, are still eligible for matching contributions up to such limit, and shall not be required to reimburse any matching funds provided pursuant thereto. In addition, the Department of State shall, within 7 days after a request by a participating candidate, provide such candidate with funds from the 1Election Campaign Financing Trust Fund equal to the amount by which the nonparticipating candidate exceeded the expenditure limit, not to exceed twice the amount of the maximum expenditure limits specified in s. 106.34(1)(a) and (b), which funds shall not be considered matching funds.

History.—s. 24, ch. 91-107.

1Note.—The trust fund expired, effective November 4, 1996, by operation of s. 19(f), Art. III of the State Constitution.

106.36 Penalties; fines.

In addition to any other penalties which may be applicable under the election code, any candidate who receives contributions from the 1Election Campaign Financing Trust Fund and who exceeds the applicable expenditure limit, except as authorized in ss. 106.353 and 106.355, or falsely reports qualifying matching contributions and thereby receives contributions from the 1Election Campaign Financing Trust Fund to which the candidate was not entitled shall be fined an amount equal to three times the amount at issue, which shall be deposited in the 1Election Campaign Financing Trust Fund.

Such deceased, withdrawn, disqualified, or removed candidate shall be defined as and referred to as a "former candidate." Accordingly, votes cast for or ballots submitted in favor of any former candidate shall not be counted in the total number of votes and/or ballots. A ballot marked, annotated, or which in any way could be interpreted to constitute a vote in favor of a former candidate shall be treated as a nullity, as it relates to that specific contest for election. It is the express intent of the City of Palm Beach Gardens that votes cast and ballots submitted for a former candidate shall have no effect on the outcome or results of any city election. This provision shall be strictly construed by all courts having jurisdiction in the State of Florida.

Each signature shall be executed in ink or indelible pencil and shall be followed by the address of the person signing. Petitions shall contain or have attached thereto throughout their circulation the full text of the ordinance proposed or sought to be reconsidered.

(e)Affidavits attached to petitions. Each paper of a petition shall have attached to it, when filed, an affidavit executed by the circulator thereof stating: that the circulator personally circulated the paper; the number of signatures thereon; that all the signatures were affixed in the circulator's presence; that the circulator believes them to be the genuine signatures of the persons whose names they purport to be; and that each signer had an opportunity before signing to read the full text of the ordinance proposed or sought to be reconsidered.

Upon filing, the petition shall be considered withdrawn and no longer of any effect. If the city council is considering the ordinance at the time of withdrawal, it may, in its discretion, continue such consideration. If an election has been called prior to the petition withdrawal, the city clerk shall, upon receipt of the request, transmit a notice thereof to the city council and the Palm Beach County Supervisor of Elections, and the city council shall by resolution cancel the election.

The effective date of the ordinance shall be the date the election results are certified, or the date set forth in the ordinance, whichever is later.

(2) If two or more ordinances are approved at the same election, and in the opinion of the city attorney the two (2) or more ordinances are in conflict, in whole or in part, the election results shall be canvassed and certified, but the ordinance in conflict receiving the largest number of affirmative votes shall be effective to the extent of the conflict, and the conflicting provisions of any other ordinance shall be considered repealed by the ordinance receiving the largest number of affirmative votes.

(j) Repeals. If an ordinance sought to be repealed by referendum is submitted to an election, it shall be repealed if a majority of the electors voting in that election approve the repeal. (3)If a counting team is unable to determine a voter's intent in casting a ballot, the ballot shall be presented to the canvassing board to determine the voter's intent.

(b) A person using this petitioning process who wishes to have the State of Florida Election Assessment waived, must file an oath with the city clerk stating that he or she intends to qualify for the office sought and stating that

he or she is unable to pay the assessment for that office without imposing an undue burden on their personal resources or on resources otherwise available to him or her. A person using this petitioning process to waive the municipal assessment need not execute such oath.

(c)The notice of intent to qualify alternatively, and the oath if applicable, shall be filed at any time after the third Tuesday in September, but prior to noon on the 10th day preceding qualifying . The city clerk shall prescribe the form to be used in the notice of intent.

(d)Upon receipt of the notice of intent, and the oath if applicable, from a candidate, the city clerk shall provide the candidate with petition forms in sufficient numbers to facilitate the gathering of signatures pursuant to this section. Such forms shall be prescribed by the city clerk.

(e)After filing the notice of intent, and the oath, if applicable, the candidate may begin to seek signatures on petitions supporting their candidacy. Only signatures of electors who are registered to vote in the city shall be counted toward obtaining the minimum numbers as prescribed in this subsection. A candidate shall obtain the signatures of a number of qualified electors equal to at least one (1) percent of the total number of registered electors of the city as shown by the certified election results for the last preceding municipal election, which results are prepared by the Supervisor of Elections for Palm Beach County, and furnished to the city clerk.

(f)Each candidate shall submit the petitions for verification to the city clerk no later than noon of the 10th day preceding the first day of qualifying. The candidate shall provide a check made payable to the Palm Beach County Supervisor of Elections for the cost of verification of the electors' signatures. The city clerk shall cause the signatures to be verified as to their status as electors of the city. Upon receipt of verification from the Palm Beach County Supervisor of Elections, the city clerk shall notify each candidate of the status of their petition. If the required number of signatures has been obtained, the candidate is qualified.

(g)For any special election after the date of this ordinance, the city clerk shall establish such deadlines for alternatively qualifying as are necessary to comply with the deadlines established by the supervisor of elections.

(Ord. No. 9, 2007, § 2, 4-5-07; Ord. No. 8, 2015, § 4, 7-1-15; Ord. No. 6, 2018, § 2, 6-7-18)

Sec. 26-25. - Election assessment and filing fee.

(a)Each person seeking to qualify as a candidate to any office (except a person seeking to qualify by the petition process,) shall pay a qualifying fee, which shall consist of a filing fee and election assessment, to the officer with whom the person qualifies. The amount of the filing fee is three percent of the annual salary of the office. The amount of the election assessment is one percent of the annual salary of the office sought. The election assessment shall be transferred to the Elections Commission Trust Fund.

(b)A person who seeks to qualify as a candidate for any office and who meets the petition requirements of section 26-24. Alternative method of qualifying is not required to pay the filing fee. The one percent election assessment still must be paid.
